WHILE Garfield will have a majority of some 34 votes in the Electoral College, his whole vete therein being 219, while Hancock has but 150, still the curious fact is illustrated that the President is not elected by a mavote-we mean, of course, the popular vote. While the Republicans threw in twenty States the Democrats had a majority of 506,-000, giving Hancock a popular majority of 26,000 votes. But Tilden at the previous election had a majority of 250,000 votes.
