SUBSTITUTES!

The public are cautioned against a custom which s growing quite common of late among a certain class of medicine dealers, and which is this: When asked for bottle of Pain-Killer, they suddenly discover that they are "sold out." "but have another article just as good, if not better." which they will supply at the same rice. The object of this deception is transparent. These ibstitutes are made up to sell on the great reputation of e Pain-Filler: and being compounded of the viles and cheapest drugs, are bought by the dealer at about alf what he tays for the genuine Pain-Killer, which enables him ther fore to redire a few cents more profit per bottle up on the initation article than he can on the
