tiful site on the banks of the St. John. Its
position unites all the benefits of country air,
with every desirable facility for youthful
exercise and amusement; nothing is neglected
to promote the health and well-being of the pupils.
The course of study comprises English, French,
Composition, Geography, History, Arithmetic,
Algebra, Book-keeping, Penmanship, Instrumental
and Vocal Music, Penmanship, Plain and
fancy needle work.

The Farmer's Life.
The farmer's life is an ancient life,
For Adam once tilled the land;
When turned out of Eden, and sent to toil,
He gathered his bread from the fruitful soil,
By labor of his own hand.

The Farmer's Life is a toilsome life,
It passes in work away;
He braves the danger from the early grass,
And never once heeds how the hours may
And pass.

The farmer's life is a noble life,
He is lord of all the land;
He reigns like a king on his rural throne,
And the hills and the vale call his own,
Where he issues his command.

The farmer's life is a happy life,
He inhabits the wholesome air,
From the morning dew and the evening
breeze,
And the medicine finds for all disease—
And antidote sure is there.

The farmer's life is an easy life,
He lives on the fertile soil;
When heeds his eyes or his wide spread
field,
He knows very well it will always yield
Returns for his constant toil.

The farmer's life is a merry life,
No merrier man than he—
With the lark he rises at early dawn,
And goes to his work in the fresh cool morn,
As merry as man can be.

The farmer's life is a pleasant life,
Surrounded by fruits and flowers;
In rich blooming meadows and fields all day,
He passes, in labor, his time away,
Or rests in his cool green bowers.

The farmer's life is a useful life,
As pleasure to all it gives;
By him we are clothed, and by him we're
fed,
And to him we look for our daily bread—
For the public good he lives.

The farmer's life is a favorite life,
It is free from noise and strife;
And plenty and pleasure supply his cot,
There's nothing he wishes he has not,
Then give him THE FARMER'S LIFE

Select Cate.
Leap Year Proposals.
"Charlie, I do think it's a shame for a
good looking, lively young fellow like you
to insist upon remaining a bachelor. It's a
disgrace to you and to society in general, and
yourself and some pretty girl in particu-
lar, to get married."

Our Queen and Constitution.
WOODSTOCK, N. B., SATURDAY, JUNE 12, 1880.

Local & Foreign Items.
A great strike is in progress at the Lead-
ville silver mines, Colorado.
Hay is reported to be selling at \$40 a ton
at St. John's, Newfoundland.
Nearly 30,000 copies of the Toronto Globe
were sold on the Monday following the death
of the Hon. George Brown.
At Tahoe City, Cal., 26 feet of snow fell
during April.
On the 1st day of June, the work of tak-
ing the 10th decennial census of the United
States began.
Mr. Gladstone's Cabinet is the fourteenth
which has existed in the reign of her present
Majesty.
There is between 12,000 and 15,000 Cana-
dians living in Chicago.
The new English Ministry promises a
landslide bill in 1881.
Winter weather is trying to the lungs; the
cold winds are apt to induce coughs, and
colds, and inflammatory diseases. Wilson's
Pulmonary Cherry Balsam cures these com-
plaints by allaying the congestion which pro-
duces them. It is both safe and certain.
Try it.
Dr. Wilson's Anti-Bilious and Preserving
Pills, used to do so to the direction of all
ways do good, and leave no ill effects be-
hind. They contain no mercury.
With the stormy, cold weather comes rheu-
matism, lumbago, and pains in the bones.
Dow's Stomach and Liver Pills have won
control over these disorders, as all who
have used it can testify.
The Mousouille famine is a terrible one.
"Their sufferings are indescribable," writes
the London Standard. "Finding no cereals,
some are eating crows. Most of the people
are dying." It is doubtful whether
even a relief ship sent to help Mousouille
would find like contrasting its arrival by
banqueting and balls.
A New York Judge in refusing alimony
in a divorce suit said, "it is not the province
of the Court to encourage marital disputes."
The wife, who had been in the suit for years,
acted as the basis of judicial interference.
The parties in this suit had been married a
year, and quarrelled about a child's rattle.
"Tendency," the new powder for whitening
the teeth, sweetening the breath, stimulating the
mouth—brightest, cozier toilet gem extant.
Ask your druggist for "Tealery."
Price 50c.
The third group of sun spots that have
appeared within a month are now visible
round the eastern limb of the sun. It will
be seen to watch with some interest the
disturbances manifest themselves within
the next week or ten days. The astronom-
ers, who, basing their calculations on the
laws of the sun, have predicted a hot term
for 1880, beginning before the spring ended,
have proved the worst weather prophets.
A RELIC—While the workmen engaged in
tearing down the old Parliament Building,
Fredericton, were engaged in removing the
foundation wall the corner stone laid eighty
years ago was brought to light. The slab is
about three feet square and a few inches
thick, and bears the following inscription:
"Hujus Province Prefectus et Pater, T. Carleton,
Ponit, X. Maii A. D. MDCCC, et
Regis, Opi. Georgis, R. L. No coins or
papers were found under the stone."
Consumption Cured.
An old physician, retired from practice
having had placed in his hands by an East
India missionary the formula of a simple
remedy, for the cure of Consumption, and per-
manent cure for Consumption, Bronchitis, Cat-
arrh, Asthma, and all Throat and Lung Af-
fections, also a positive and radical cure for
Nervous Debility and all Nervous Complaints
after having tested its wonderful curative
powers in thousands of cases, has felt it
his duty to make it known to his suffering
fellow men, and has prepared a small book
to relieve human suffering. I will send free
of charge to all who desire it, this receipt, in
English, French, and German, with full direc-
tions for preparing and using. Sent by mail
by addressing with stamp, naming this pub-
lisher, N. Y.
The prospect of the wheat crop in Britain
continues to be most encouraging. There
have been delightful rains, followed by gen-
eral warmth, and the result is that the fields
present a more promising appearance than
they have done for years past. In Russia
the prospect is very doubtful. The Govern-
ment is severely reproached regarding the rav-
ages of the locusts, and the losses to the
farmers this season from the destructive pests
are estimated at £4,000,000 to £5,000,000.
A Good Thing.
German Syrup is the special prescription of
Dr. A. Beecher, a celebrated German Physician,
and is acknowledged by the most forth-
right of Physicians in Medicine. It quickly cures
Cough, Colds and all Lung troubles of the sever-
est nature, running, however, the cause, and
restores the system to its normal state in a strong
and healthy condition. It is not an experimental
medicine, but has stood the test of years, giving
relief in every case. Beware of cheap imitations
of similar names, lately introduced. Beecher's
German Syrup was introduced in the United
States in 1875, and is now sold in every town
and village in the civilized world. Three doses
will relieve any ordinary cough. Price 75
cents. Sample bottle, 10 cents.
Thirty-six years ago a Connecticut deacon
violently objected because it was proposed
that a violin should be used in his church.
Twenty-three years ago he said that no one
but the devil could have suggested a melo-
dion. Nine years ago he said that he would
never go to that church again if the melo-
dion and the tenor were paid \$100 apiece by
the year. Last week he was in New York
visiting for a boy who would pump an or-
gan while his daughter, fresh from school,
played a hymn to the tune—"When Johnny
comes marching home."
Mothers! Mothers!
Are you disturbed at night and broken of your
rest by a sick child suffering and crying with
the excruciating pain of cutting teeth? Tell
me, at once, and get a bottle of WINDY'S
SWEETENED SYRUP. It will relieve the poor
little sufferer immediately—depend upon it;
there is no mistake about it. There is not a
mother on earth who has ever used it who will
not tell you at once that it will regulate the bowels,
and give rest to the mother, and relief and health
to the child, operating like magic. It is perfectly
safe to use in all cases, and pleasant to the
taste, and is the prescription of one of the oldest
and best female physicians and nurses in the
United States. Full directions for using will ac-
company each bottle. Beware of cheap imitations
of similar names. WINDY'S SWEETENED SYRUP
is sold by all Medicine Dealers. 25
cents a bottle. Beware of imitations—15-5.
Brown's Household Panacea
Is the most effective Pain Destroyer in the world.
It will surely quicken the blood whether taken
internally or applied externally, and thereby
more certainly relieve Pain, whether chronic or
acute, than any other pain alleviator, and it is
warranted without the slightest danger of any
kind.
It cures pain in the side, back or bowels, or
sprains, rheumatism, toothache, and all aches,
and is the Great Relief of Pain. "BROWN'S
HOUSEHOLD PANACEA" should be in every
family. A teaspoonful of the Panacea in a tumbler
of hot water (sweetened is preferred), taken
at bedtime, will break up a cold. 25 cents
a bottle.
Much Sickness.
Undoubtedly with children, attributed to other
causes, is occasioned by Worms. BROWN'S
VERMIFUGE COMBIS, or Worm Lozenges,
although effective in destroying worms, can do
so without any harm to the delicate child.
This valuable combination has been successfully
used by physicians, and found to be absolutely
safe in eradicating worms so harmful to children.
Twenty-five cents a box—15-5

be seen to watch with some interest the
disturbances manifest themselves within
the next week or ten days. The astronom-
ers, who, basing their calculations on the
laws of the sun, have predicted a hot term
for 1880, beginning before the spring ended,
have proved the worst weather prophets.
A RELIC—While the workmen engaged in
tearing down the old Parliament Building,
Fredericton, were engaged in removing the
foundation wall the corner stone laid eighty
years ago was brought to light. The slab is
about three feet square and a few inches
thick, and bears the following inscription:
"Hujus Province Prefectus et Pater, T. Carleton,
Ponit, X. Maii A. D. MDCCC, et
Regis, Opi. Georgis, R. L. No coins or
papers were found under the stone."
Consumption Cured.
An old physician, retired from practice
having had placed in his hands by an East
India missionary the formula of a simple
remedy, for the cure of Consumption, and per-
manent cure for Consumption, Bronchitis, Cat-
arrh, Asthma, and all Throat and Lung Af-
fections, also a positive and radical cure for
Nervous Debility and all Nervous Complaints
after having tested its wonderful curative
powers in thousands of cases, has felt it
his duty to make it known to his suffering
fellow men, and has prepared a small book
to relieve human suffering. I will send free
of charge to all who desire it, this receipt, in
English, French, and German, with full direc-
tions for preparing and using. Sent by mail
by addressing with stamp, naming this pub-
lisher, N. Y.
The prospect of the wheat crop in Britain
continues to be most encouraging. There
have been delightful rains, followed by gen-
eral warmth, and the result is that the fields
present a more promising appearance than
they have done for years past. In Russia
the prospect is very doubtful. The Govern-
ment is severely reproached regarding the rav-
ages of the locusts, and the losses to the
farmers this season from the destructive pests
are estimated at £4,000,000 to £5,000,000.
A Good Thing.
German Syrup is the special prescription of
Dr. A. Beecher, a celebrated German Physician,
and is acknowledged by the most forth-
right of Physicians in Medicine. It quickly cures
Cough, Colds and all Lung troubles of the sever-
est nature, running, however, the cause, and
restores the system to its normal state in a strong
and healthy condition. It is not an experimental
medicine, but has stood the test of years, giving
relief in every case. Beware of cheap imitations
of similar names, lately introduced. Beecher's
German Syrup was introduced in the United
States in 1875, and is now sold in every town
and village in the civilized world. Three doses
will relieve any ordinary cough. Price 75
cents. Sample bottle, 10 cents.
Thirty-six years ago a Connecticut deacon
violently objected because it was proposed
that a violin should be used in his church.
Twenty-three years ago he said that no one
but the devil could have suggested a melo-
dion. Nine years ago he said that he would
never go to that church again if the melo-
dion and the tenor were paid \$100 apiece by
the year. Last week he was in New York
visiting for a boy who would pump an or-
gan while his daughter, fresh from school,
played a hymn to the tune—"When Johnny
comes marching home."
Mothers! Mothers!
Are you disturbed at night and broken of your
rest by a sick child suffering and crying with
the excruciating pain of cutting teeth? Tell
me, at once, and get a bottle of WINDY'S
SWEETENED SYRUP. It will relieve the poor
little sufferer immediately—depend upon it;
there is no mistake about it. There is not a
mother on earth who has ever used it
