world renowned Singer Sewing Machines, for Family and Manufacturing purposes, can be had at greatly reduced prices and on easy terms. Positive Proofs that the SINGER is Superior to all other Sewing Machines. DOMINION HALL "She began at 9 in the morning, and at 101 1. It has taken the first prize over all other machines more than 200 times. 2. Companies have sprung up in nearly every part of the world, for making an "Imitation Singer Machine." Why are not similar companies formed for making imitations of other Sewing Machines? The put lie will draw its own inference. Gold is continually counterfeited; Brass and Tin never. 3. After the Chicago fire, the Relief Committee undertook to furnish ewing Machines to the needy women of that city. Applicants were permitted to choose fr m six different kinds of machines 2944 app ionals were turnished with

machines 2427 chose Singer Machines and 517 distributed their choice among the five other kinds of machines! These girls were to earn their living on these machines. " by did they choose lugers? Our experience was the same after the late great fire in the City of Saint John 4 Over two millions of Singer Machines have been sold during the past once years. 5. The year 1878 was a year of unexampled depression in business, yet we sold more machines than in either of the 25 years we have been in 6. Three quarters of all the Sewing Machines

sold in 1878 through ut the world were Singers. Remember these are not our claims, they are facts shewing what other people think of the Singer.
For Durability and simplicity the Singer excel all other Machines. We have Branch Offices in every part of the known world. Our principal office is at 34 Union Square, New York. ing, from time to time, been betrayed into buy-

ing imitations of our Machines, from parties re presenting same as Genuine Singers, we hereby respectfully notify the public that our Machines can be obtained only through our regularly appointed Agents coming from the above address. As a further preventive against such deception we would also beg to intimate that all our Machines have our trade mark on the arm and any Machine without the trade mark is not genuine.

Miscellaneous.

WE'VE GOT A RESPECT FOR THE CHURCH. An old gentleman from the East, of a clerical aspect, took the stage from Denver south in ante-railroad days. The journey was not altogether a safe one, and be was not reassured by the sight of a number of rifles deposited in the coach, and nervously asked for what they were. "Perhaps you'll find out before you get

to the Divide," was the cheering reply." Among the passengers was a particularly (it seemed to him) fierce-looking man, girded with a belt full of revolvers and cartridges, and clearly a road agent or assasin. Some miles out the person, taking out a large flask, asked : "Stranger, do you irri-"If you mean drink, sir, I do not."

"Do you object, stranger, to our irrigat-"No, sir." And they drank accordingly.
After a further distance had been traversed, the supposed brigand again asked, Also a full line of Locks, Knobs, "Stranger, do you fumigate?" "If you mean smoke sir. I do not." "Do you object, stranger, to our fumigat-

> "No, sir." And they proceeded to smoke At the dining place, when our friend came to tender his money, the proprietor said, "Your bill's paid." " Who paid it?"

The above will be sold low for cash.

"That man," pointing to the supposed highwayman, who, on being asked if he had made a mistake, replied: "Not at all. You see, when we saw that you didn't irrigate and didn't fumigate, we knew that you was a parson. And your bills are all right W. F. Dibblee & Son. as long as you travel with the church—you bet!" It was no highwayman, but a respectable resident of Denver. A woman at Carson, Nevada, is said to

have undertaken to refrain from speaking for forty days. The report runs as follows: her pulse was so feeble from exhaustion that the physician feared she would die by noon. At 11 o'clock her heart beat but twenty-six a minute, and her respirations were hardly noticeable. Her friends here urged her to discontinue her terrible task, and told her some gossip about a neighbor. On hearing it she immediately rushed from the hous and going across the street, met a lady friend, and talked to 61 last night, and is now fully restored."

Notwithstanding the recent defeat of the bill advocated by the Prince of Wales and his brothers to legalize the marriage of a man with his deceased wife's sister, it is pointed out by the Christian Messenger that Sir Alexander Galt, who represents the Dominion of Canada in England, and who married his sister-in law, is nevertheless received in the best society of the English capital. How long can the Bench of Bishhops fight against a public opinion which takes no notice of a breach of English law when it is committed away from England?

story: "A new Jersey farmer heard a strange noise among his hens one night seventeen years ago, and fired a shot-gun from his bedroom window. The other day he received CAUTION.—A large number of people havhaving his legs filled with birdshot had made an honest man of him, and now, as he was about to die, he desired to reward the shooter." Several Jersey farmers have since intimated their readiness to accommodate bank cashiers and others with birdshot upon reason-

Messrs. Scott & Bowne:

About the 25th of last April I got a bottle of your Emulsion, and at that time I was so prostrated that no one who saw me thought I could live but a few days at most. I could retain nothing on my stomach and was literally starving. I commenced the use of the Emulsion in small doses; it was the first thing that would stay on my stomach; I continued its use. gradually increasing the dose; and from that hour I commenced mending, and now am able to ride and walk and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.
