SATURDAY, JUNE 5, 1880. SENTINEL Office, in Brick Building directly opposite Post Office, up stairs.

On Saturday evening last, one of the most tragic events that has occurred in this Province took place at " Newlands," about two miles from the city of St. John. "Newlands" is the name of the Drury homestead farm, where resided Ward C. Drury, his wife and family, and, as well, his two brothers, John, a deaf mute, aged 72 years, and Edward, aged 67 years. Mr. W. C. Drury the Quebec difficulty, has removed serious is and has for some time been Registrar for cause of irritation, and immensely increased vincial Government by John Glazier and St. John, in which office John, who, although by its union with the others, may not this be deaf and dumb, was very intelligent, assisted the readiest way to solve the Irish question him. The Drury property had been willed by the granting of such a measure of Home \$15,400, in full of all claims for principal by the late Lt. Col. Drury to Ward C. Drury, Rule as will meet the wishes of all reasonable and interest. The claim was for \$40,000. the youngest of the brothers, with whose men in the Emerald Isle? What would be maintenance he was charged—this owing to the new condition of affairs, for in such an maintenance he was charged—this owing to the new condition of affairs, for in such an the physical disability of the elder brothers, of whom John, as stated, was a deaf mute, and Edward hard of hearing. The family was asleep in an arm chair.

The session was one of the supposed, gone immediately from the tea supposed and the ordained its burial under the church allows for the possible for the dead Bishop's have their share of the Halifax award, and take no other. Sold by all mediant to the supposed from the tea supposed from the tea country. They have their share of the find all the country in on the right side, passing round under the realization. Less improbable things have integument without penetrating, and lodged occured than that, charmed by the beautiful just under the skin, near the spine. John benefits and blessings enjoyed by their more

of the evening, as witnessed by the first arrivals, was a wild one in itself and impressed British Empire at the beginning of 1880, are all with additional terror through the tragedy given as follows :that there had been enacted in what was but a few hours before a happy and pleasant home. The buildings were burning fiercely Indian Possessions, &c 1,558,254 241,000,000 and cast a lurid glare all around, on the Other Eastern Possessions, field in front and on the banks and dark Australasia, evergreen shrubbery in the rear and at the North America, sides. It lighted up each object brightly.
