Communicated. FOR THE CARLETON SENTINEL.

A GLANCE AT ABERDEEN PARISH MR. EDITOR, - Many persons would have us believe that all improvement is foreign. Now while it is a pleasure to know that our This paper may be found on file at GEO. P. neighbors beyond are growing rich, it is just Rowell & Co.'s Newspaper Advertising Bureau as exhilirating to know that we are becoming richer. Perhaps your intelligent readers will not object to a few words from one who thinks this " Canada" is a great country, York, is also authorized to contract for adverand New Brunswick a good place for bonest industry. My first visit to the Parish of Aberdeen, was in the summer of 1868. In 1869 I was present at their agricultural ex- The Garleton Sentinel. hibition, and was then satisfied that prosperity was their destiny. I was disappointed at not being at their exhibition this fall, but from your report of it, Mr. Editor, proof is given that great improvement has taken place. A few weeks ago I had the pleasure of driving through this Parish. O, what a marvellous change in the reads! in many places instead of climbing over the summit of the hill they wind along the base; (in parts of vented us making some comments on a com-N. S., it is said, the Road Commissioner munication signed Jimy, which we think donations of clothing and provisions. blezed from the peak of one mountain to called for, because outsiders on reading that another) bridges built, bogs elevated, and now letter casually might form an unjust impresthe carriage rolls over as solid and smooth a road as need be desired. Then the farms sion as to the state of the market in Woodhave passed through a radical change; stumps stock for home productions. Then the conare gone, with a large part of the bordering clusion stated at the close of the communicaforest, and the land under the honorable labor tion is unfair, because for six months past of the husbandman brings forth an abundance of roots, grains and grasses No man need desire a better native soil than this from this County for the States, while many Parish possesses. Another marked change of those who had previously gone away have is in the buildings; the old yet comfortable returned, and there has within a year been log house is vacated and the family occupies a building of modern style; and on the mind a very marked improvement in prices for of a stranger the white paint makes a good many of the productions of the farm. and favorable impression regarding the char It is scarcely just to judge the market acter of the occupants. The settlers from the Woodstock by the stated experience of a first, secured good barns. What a change farmer in this instance. This is not the seahas the constant application of the last ten years produced! I saw also two fine grist son, after people have closed their cellars,
