IMPORTANT NOTICE. THE Singer Manufacturing Co. have established an Agency in Woodstock, where their world renowned Singer Sewing Machines, for Family and Manufacturing purposes, can be had at greatly reduced prices and on easy terms. Positive Proofs that the SINGER is Superior to all other Sewing Machines.

1. It has taken the first prize over all other machines more than 200 times. 2. Companies have sprung up in nearly every part of the world, for making an "Imitation Singer Machine." Why are not similar companies formed for making imitations of other Sewing Machines? The public will draw its own inference. Gold is continually counterfeited;

inference. Gold is continually counterfeited;
Brass and Tin never.

3. After the Chieago fire, the Relief Committee undertook to furnish Sewing Machines to the needy women of that city. Applicants were permitted to choose from six different kinds of machines. 2944 applicants were furnished with machines. 2427 chose Singer Machines and 517 distributed their choice among the five other kinds of machines! These girls were to earn their living on these machines. Why did they choose Singers? Our experience was the same after the late great fire in the City of Saint John.

4. Over two millions of Singer Machines have been sold during the past nine years.

5. The year 1878 was a year of unexampled depression in business, yet we sold more machines than in either of the 25 years we have been in

6. Three quarters of all the Sewing Machines sold in 1878 throughout the world were Singers.

We have Branch Offices in every part of the known world. Our principal office is at 34 Union Square, New York.

CAUTION.—A large number of people having, from time to time, been betrayed into buying imitations of our Machines, from parties representing same as Genuine Singers, we hereby respectfully notify the public, that our Machines can be obtained only through our regularly appointed Agents coming from the above address. As a further preventive against such deception we would also beg to intimate that all our Machines have our trade mark on the arm and any Machine without the trade mark is not genuine.
