ENFORCING THE CANADA TEMPERANCE ACT.-A Sussex despatch to the Globe says the decision of the Supreme Court on the Temperance Act is causing quite a stir there. Mr. Arthur McLean, of the Depot II us and Mr. Geo. Cougle, have closed their places and put the shutters on the windows of their shops. It is understood that complaints have been laid before G. H. Wallace, Esq., the Stipendiary Magistrate, against James Byrne and John Whalen, who have continued to sell liquor.

the human race. Even in our own day, among justly celebrated physicians, there is evinced a want of appreciation in their practice of the great part which the NERVOUS or MAGNETIC FORCE plays in the daily nutrition and growth of our bodies, but more especially in the influence of Nervous Force over disease and its cure. It is not so in France. In the Great Medical Schools in Paris, from which this Magnetic Oil emanated, gating new facts and drawing useful deductions

therefrom. One result is THE DISCOVERY OF THIS PREPARATION, Throughout France it has a standard reputation. It is only new on this side of the Atlantic. From a knowledge of its virtues we claim for it a large share of the confidence of the public. We do it from knowing that what it promises to do, it does effectually. It knows no failure,—is the most effectually. from knowing that what it promises so the most effectually. It knows no failure,—is the most speedy, safe and certain in its cures. The small est particle of it is worth more than a dozen bottles of oils, which contain no Magnetism,—for, without Magnetism Beath, for Magnetism,—for, without Magnetism Beath, for Magnetism is Life. It is composed of powerful vegetable oils, all combining MAGNETIC FORCE. It contains more than all the virtues of the best preparations which have ever been invented, because it possesses the invaluable addition of the Magnetic Power, which is wonderfully developed by its use. There hever existed a remedy so striking and immediate in its effects, so simple and safe to use. Were a universal remedy possible, THE FRENCH MAGNETIC OIL is the only one that could lay claim to the name.
