MR. EDITOR,-I see by the SENTINEL of vanied by the money to ensure insertion. the 23rd, Mr. Jack says the interest of the Short notices not exceeding 6 lines, 50 cents settlers and millowners don't clash in this first insertion: 15 cents each subsequent insertion. upper County, it being nearly all farming This paper may be found on file at GEO. P. lands and not timber and spruce lands. It ROWELL & Co.'s Newspaper Advertising Bureau is well known Mr. Jack is perfectly correct (10 Spruce Street), where advertising contracts as regards our land being more for farming may be made for it in New York.

than lumbering, but I must beg to differ MR J. H. BATES, Newspaper Advertising Agent, 41 Park Row, (Times Building), New with him regarding the no clash, and think York, is also authorized to contract for adverhe takes a wrong view of the matter for once. tisements in the SENTINEL, at our best rates. and it's so seldom he gives a person a chance

to contradict him, I shall venture to embrace the opportunity, and give my reasons, brief The Garleton Sentincl as possible. The best of our farming lands are a mixture of soft and hardwood ; and to SATURDAY, NOVEMBER 6, 1880.

show your readers that the settlers' interests and lumbermen's do clash, the readers must change places a few minutes with the settlers.

and I will endeavor to show them truth for authority, not authority for truth. Our

Crown Land Regulations for disposing of THE English delegates have sailed for their timber lands say we must pay eight dollars per square mile for a license to cut and carry homes. They carry with them at least a away lumber, not to interfere with lots of pleasant recollection of our people, who cerland improved, or partly paid for, nor with tainly have not shown any want of that ceived at this office before the date of appli- spirit which prompts to show a proper apcation for license. Now we have only to preciation of what is due in the way look into the Royal Gazette and see, at most courtesy to strangers visiting us.

every sale of tumber lands, more or less of Under ordinary circumstances our people those forbidden lots (above named in Regulaare hospitable, but in this instance there tions) sold directly contrary to those said Regulations And if I am not mistaken, in the were reasons why that hospitality should be Scotch Colony the lumber was stripped by marked. It was good policy to let the stranour Government off of their lots after they gers see our country and its people at their were located and settled thereon ; if it was best.

### so they are the parties to tell it, and their

We hope that these delegates have seen truth will speak louder than my authority. But I can vouch for what comes under my very much to give them a better opinion own observation. There is land to be sold the country than they entertained before on the 4th of November next, at Crown Land coming here, although they had probably log buildings, and more barefooted children read some of the many publications issued running about than the crop in the barn since M. H. Perley's hand book was printed, looks like feeding through the winter, owing giving a detailed presentation of New Bruns-

to the early frost; this is in the Tachie sur-vey. Those settled in this fine tract of land will be deprived of their lumber through the touching incident :--influence of money. The mill-owner uses to works as special advertisements, highly colmonopolize our settling lots and wilderness ored, and desire additional proof of their two sisters, the younger of whom was enlands, now about completely all locked up correctness. We should hope that Messrs. throughout the country for three years to sheldon and Sparrow will have found things come, if those monopolists see fit to keep

ARCHIBALD Forbes, the world renowned war correspondent, appears, by the press, have afforded the citizens of St John mense pleasure by his lectures in that city.

It was not so much on account of anything witness of the incidents. Mr. Forbes on our own Royal Family is thus reported : largely in country produce.

Nothing in the whole lecture was finer Master Alfred Connell met with what might than the pictures drawn of the Royal Family have proved a much more serious accident, on taming the Bheels and Kolees ; the first wars in of the upper parts of the carriage, however, Mr. W.
