Temperance Column,

This column, by special arrangement is under the control of the Executive of the Grand Lodge, I.O G.T., of New Brunswick. All notices in it may be regarded by the Lodges

and Deputies as official. OFFICIAL NOTICE. - All communications relating to Constitutional questions, must be addressed to James Watts, G. W. C. T.,

Goop citizens respect all laws. If they do not agree exactly in the principle of a law and cannot conscientiously speak publicly in its favor, nor in their inner life regard it, still so far as out vard observance goes, they do not set a lawless cample. So in regard to who claim to be patriotic and law supporting will not by word or act lend themselves to bringing the law into disrepute, or sanction Carriages, Waggons, Dry Goods by their countenance its violation in public,

If so much is correct as regards the duty of laymen, surely it may be properly demanded of all men in authority, more especially men who are clothed upon with the higher responsibilities in connection with the administration of public affairs, to "avoid the very appearance of evil," as regards any public disrespect to a violation of the law -We might not be surprised at some persons under special circumstances, forgetting for a time their duty as citizens, but one must be surprised, pained, indignant, if men such as we have referred to above over forget the gravity of their positions; ever set an example even remotely that suggests a violation of law for them by somebody else. It is not contrary to law to drink intoxicante; it is contrary to law to sell intoxicants, and he who induces another to buy for him, is a party direct, worally, to a violation of the

FRATERNAL MEETING .- By invitation from the members of True Reform Lodge, No. 28, Sackville, the brothers and sisters from Prize Banner Lodge, No. 47, Middle Sackville, and USE Dr. Chambers' Epizootic Powder, Price 50 Dorchester Lodge, No. 40, Dorchester, paid a fraternal visit on the evening of the 19th One box of Epizootic Powder, and one bottle inst., to the first named Lodge. After a very of Epizootic Liminent will cure the worst case of Epizootic or Influenza. lengthy literary programme, prepared by the brethren of True Reform Lodge for the occasion, had been exhausted, and the inner man Formerly Veterinary Surgeon to the Royal Stabregaled by the ample good things which the lady members had provided, the party broke up at a late hour, having passed one of the most pleasant evenings which True Reform has ever experienced. In our estimation, these fraternal meetings are the life of our Lodges, and we would strongly recommend that more of them be held than have been in the past.

THE Globe of Monday last, referring to a then proposed public meeting to consider the expediency of endeavoring to secure the adoption of the " Canada Temperance Act" in and for St. John, pertinently states the importance to the efficiency of the law, that public opinion shall be in harmony with it. The Globe fears least, the law being adopted Plush, Felt and Straw might not be enforced, its failure would prove injurious to the temperance cause. The fact is that, remembering the fact,

which no doubt the Globe will admit, a very large majority of the people are judged Also, Jets, Jet Flowers, Jetted Feathers, by their private professions friendly to the temperance movement, and to any measure that would tend to circumscribe the traffic and indulgence in strong drink; such a fear as that expressed, which is a just reflection on the persons referred to, should be a cal
Woodstock, Oct. 15, 1880 umny. Consistency of action, with profession would ensure for the law a perfect triumph, and yet that consistency can scarcely be Suffer no Longer

The adoption and successful working of the law in St. John would vastly assert its influence on other Counties. St. John is the centre of the trade, as she is the heart from which eminates an influence extending to and affecting the whole Province. Hence is to be earnestly desired that St. John shall declare for the Act, declare by an overwhelming majority, and then by the force of a public opinion give it effect.

ELECTION OF OFEICERS .- The following named Brothers and Sisters of True Reform Lodge, No. 28, I.O.G.T., Sackville, were elected as officers for the ensuing quarter on the evening of the 26th inst., viz .:-

Sister Annie B. Ford, W.C.T.;

"Sophia M. Silliker, W:V.T.;
Bro. John McMeekin, W. Sec.;
"Ezekiel McLeod, W.F. Sec.;
Sister Lottie Chapman, W. Treas.;
Bro. Arthur Black, W. Chap.;
"Joseph Fenton, W. Mar.;
Sister Maggie McIntoch, W.I.G.;
Bro. Johnson Barker, W.O.G.

You will see that True Reform, firmly believing in "Woman's rights," has chosen for its Chief Executive Officer-a Lady.

ENGLISH CHILD DRUNKARDS .- Too often the Hours-9 A. M. TO 3 P. M. SATURDAY, 9 A. very young drink themselves: some because they inherit an appetite for strong drink; others because they have been early taught to overcome their natural repugnance to it. It is an awful fact that there are children born every year into this country with so strong a craving for alcohol that if they take it at all they will drink it to excess; a still more awful fact that there are amongst us a large number of child drunkards. Quite recently, little children of three and five years of age, have killed themselves with drinking. "I have never," said a little boy of seven to a friend of mine, who asked him to join a Band

friend of mine, who asked him to join a Band of Hope, "I have never been drunk but twice in my life!" "Hold up your hands," I said some months ago, when eddressing a large audience in a back alley in one of our Back Country towns, "all boys" (there were about a hundred there between the ages of eight and twelve) "who have never tasted strong drink." Two hands were held up. They were held up, I afterwards discovered, by mistake. "And now, hold up yours," I cried, "all boys who have been drunk." A great many were immediately raised. The crowd was convulsed with laughter. Need I say that I was shocked and pained? For it is the spirit of which this laughter was the expression, it is the levity with which it showed that an abominable sin is regarded, the utter want of self-respect which it betokened, not merely in the individual, but in the community, which baffles all our efforts to suppress intemperance in England. Drunkenness is an inconvenience, an expense, a blot npon civilization, the source of many evils, but a necessity, thoroughly English, and a very proper subject for amusement. My friends, we have not so learned Christ. Drunkenness must be to us, if we in any sense are His a sin a termble offence both Drunkenness must be to us, if we in any sense are His, a sin a terrible offence both against God and Man. It must be agony to us to know that the monster is being more of the fact FALL AND WINTER GOODS of all the fact of t us to know that the monster is being gorged in this country with the blood of the lambs

TEPERANCE has received a new impetus in the moral support given it by General Roberts of Candahar celebrity. At the South Metropolitan Temperance Hall, Black-friars, London, a demonstration was held on the 14th ult. by the Good Templars. At that meeting Mr. Joseph Malins, R. W. G. T. and a relative we believe of the late Vice Chanceel Maline, in advocating the cause of good Templarism, said that alcoholic drink was not necessary in cold, neither 2 was it necessary in heat, as was proved by the fact that the British soldiers in Afghanistan had a Good Templar Lodge attached to each regiment, and that further the eminent General Roberts, who led them to victory was himself a staunch Good Templar. As nothing succeeds like success, it is strange if the Indian General's recent victories will not only add to British prestige, but also help considerably the temperance cause by the force of his example.

THE GREATEST PAIN EXPELLER 1880! EVER DISCOVERED. WHAT IT IS USED FOR.

Pain cannot exist where the French MAGNETIC OIL is used. AGNETIC INFLUENCE, it will there piseases, such as Tic-Doloureux, Neuralgia, and all those complaints which arise from derangement of the Nervous System. By its constant supply of MacNeurs, it subdues those complaints, equalizes the Magnetic Current,

complaints, equalizes the Magnetic Current, balances the circulation, removes an spasmodic affections, and allays an Nervous Irritation.

It is without a rival as a remedy, as it immediately supplies Magnetic Force to every part of the feeble and prostrate body. It is used with the most astonishing success from the start. As soon as its use is begun an aches and pains must disappear as rapidly as water quenches flame.

It is so penetrating that you get the benefit of every drop as soon as applied, so great is its power. It does not stay on the surface like a grease spot, but is absorbed by the powers and carried at once to the seat of disease, expelling the pain instabily. It is the Greatest Pain Expeller ever used.

It is clean, safe and delicious to use, and if you use it will give perfect relief in all cases.

It is the cheapest and most valuable remedy ever given to the world. Its worth is inestimable, and its price almost nothing. Use it and it will prove itself worth one hundred times its J.
