

Temperance Column.

This column, by special arrangement is under the control of the Executive of the Grand Lodge, I.O.G.T., of New Brunswick. All notices in it may be regarded by the Lodges and Deputies as official.

OFFICIAL STATEMENT.—All communications relating to Constitutional questions, must be addressed to James Watts, G. W. C. T., Woodstock, N. B.

All Remittances, Orders and Returns, must be addressed to A. W. D. Knapp, G. W. S., Sackville, Westmorland Co., N. B.

A. W. D. KNAPP, G. W. Secretary.

GRAND LODGE OF MISSISSIPPI, I.O.G.T.—The G. W. Sec. wishes to acknowledge the receipt from Bro. W. D. Crandall, G. W. Sec. of Missouri, of the Good Templar, the official organ of the Grand Lodge of Missouri.

Summary of proceedings of the Grand Lodge of Missouri, which opened at Columbia, Mo., on the 19th October.—The Grand Lodge Degree was conferred upon those entitled to receive it by our worthy Brother Col. J. J. Hickman, R. W. G. C. T. Much important business was transacted, and many resolutions brought about which may materially change the working of our Order in the future.

Among the latter was a motion of Bro. R. E. Scott, which was carried, and read as follows: "That our delegates to the R. W. G. Lodge are hereby instructed to vote first, last and all the time against the abolition of the ceremony of re-obligation." The number of Lodges last year was 419, with a membership of 24,642. This year the number was 510, with a membership of 27,902, making a gain in the year of 91 Lodges and 3,260 members.

The sum of \$200 was voted towards benevolent work for the ensuing year. Public meetings were held every evening and large audiences attended. The recommendation of the R. W. G. L. that the ministerial brethren be requested to preach temperance sermons on 3rd Sunday in December, was adopted; and Subordinate Lodges were requested to select pastors to perform the same duty. The session was one of the most enthusiastic ever held in Missouri.

The Winter Campaign in connection with our Lodges and with the other several temperance organizations has, so far as we can judge, been begun with spirit. We confess our direct information from distant sections of the Province is more meagre than it should be for this column.

We observe that the friends of temperance appear to entertain or, at all events, to show a more lively appreciation of the importance of work just now in view of the present, to some extent experimental, operation of the Canada Temperance Act. It is with pleasure we hail the revival in some of the churches of Sabbath evening Gospel Temperance meetings. Such efforts in connection with churches and their Sunday schools result in innumerable good to the cause, while at the same time they return in satisfactory effect to the churches themselves.

The intelligence from St. John is cheering as to the prospects regarding the temperance Act there. We all wait anxiously for a successful effort of the friends in that city to add a crowning triumph to the movement; it looks now as if we would not wait in vain.

MODERATE DRINKING.—There is a class of people who argue that the best way to abolish drunkenness, is not to advocate total abstinence, but to advocate the temperate use of intoxicating drinks. This class may again be divided into two parties, those who are really disinterested in arguing in this line, and this is a very rare party indeed, can indeed be counted in units, and the very large party who are interested. If the first will only follow up their convictions closely, and will resist the recognized and open drunkard, they will soon get more light. There is one thing, though, that they should avoid, that is, if they are temperate abstainers, as no doubt, a few of them are; they should not attempt to set the example of using liquor temperately. The result of such an attempt is a party which, in Toronto, Miss., one of the few Canadian journals which support the cause of the liquor sellers and advocates the temperate use of alcoholic drink. Here is the despatch: "Miss Desjarv was sent to jail at Williamsburg as a habitual drunkard." The prisoner was formerly active in her efforts to reform unfortunates, and acquired "a taste for liquor in attempting to show the latter how it could be used without being abused." There are rumormongers who profess to admire a man who "can take a glass or leave it alone." But the admiration is always expressed when the party indulges, when a man leaves it alone the rumormonger may respect him, but it may be taken for granted that he does not particularly admire him. However, no man or woman can be sure of being able to drink moderately, and therefore it is better to run no risk, even for such an admirable purpose as that of winning a rumormonger's opinion.

NOTICE.—It is hereby given that application will be made to the Parliament of Canada, at its next session, by the New Brunswick Railway Company, for an Act to amend the Acts relating to the Company, to authorize the extension of the Railway to the River St. Lawrence, in the Province of Quebec, to define the powers of the Directors; and to amend the Acts of the Legislature of the Province of New Brunswick, and for other purposes.

THE TEMPERANCE PEOPLE.—When legislators learn that there is no all-pervading political institution existing under the designation, "The Temperance People," who may be looked to to fulfil the functions of Government in all matters in which strong drink is involved. There is no such body. Its imaginary existence has been the base of all temperance legislation. Laws have not been made self-acting. They have been constructed so as to be an instrument in the hands of "The Temperance People," who are supposed to be the informers and the complainers, and to do general police duty. This error is found even in the Scotch law, and is the principal defect of the Hon. Mr. Mowat's just made the same mistake in replying to a Yorkville delegation, urging a provincial temperance act. This is the error the Government had started in institution of this sort at Hamilton, but "The Temperance People" had been too busy with restrictive legislation to take any interest in it, and it had to be changed into a lunatic asylum. Now ye should like to see what "The Temperance People," that is the body which is supposed to be the informers and the complainers, and to do general police duty, none but a Good Samaritan institution none but a Good Samaritan institution, would take the action of a Knapton House, she danced in one of the most prominent in the Queen City. She is lying to-day," says the Toronto Herald, "her nakedness betrayed by cordwood, her nakedness betrayed by the poorest of cotton rags."
