of a new route to Europe by way of the Canadian North-West. The proposition seems to be assuming a definite and practical shape, and a bill has been already introduced into the Dominion Parliament for the incorporation of a company for the navigation of Lake Winnipeg and Hudson's Bay, and the construction of a connecting link of railway. The company in question proposes to construct a road from the head of Lake Winnipeg to Fort Nelson, in Hudson's Bay, a distance of about 200 miles. This railway will connect by oc-an steamers with Europe on the a shand, and with Winnipeg, three or four Landred miles distant from its interior terminus, on the other, by an uninterrupted water communication. This seems to furnish a very practicable and important route. which if opened up may result in great ad-The bill is opposed by the H n. D. A. Smith and others, in the interests of the Hudson's Bay Company, ostensibly on the ground that the navigation of Hudson's Bay is impracticab It is replied, however, that the company do not ask assistance from the Government, and that they should not be hindered in their probably well-meant of rts to open well as he had ever been in his life, I am up the country. The Hon. Mr. Blake, who took part in the discussion, suggested that three dozen by steamer.

A GREEK H RR R IN RUSSIA. - A terrible story reaches the Petersburg Herald from Samara. Some few days ago the wife of a skilled artisan named Schmid, of that town, for a long time. We consulted phy-icians of given. was brought to bed of a child while her husband, who had become a confirmed sot, and fit. She has taken three bottles of the Great spent all his wages for many previous weeks in liquor, was away from his home upon a drunken frolic. Two days after her confined Rev. John Scott, says: M. Silently she rose from her sordid pallet, wan and emaciated, a mere spectre of a woman, crept across the room to the dresser, took thence a large dish, which she carried back to the bed, and placing her baby's corpse upon the dish set it down on the table before her husband with the simple but awful words, "There is nothing else to eat in the honer!" Schmid est graing with a glassy house!" Schmid sat gazing with a glassy stare at his dead child for some time. Presently a neighbor came in and spoke to him, but he uttered no word and made no sign. Upon closer examination he was found to have entirely lost his reason, and he was conveved to the Samara madhouse, where he

still remains a hopeless lunatic. The following is the statement of amounts paid to members of the Legislature for expenses attending the Vice Regal reception, as laid before the House:—

Rvan forty dollars, Johnson thirty, Covert five, Marshall ten, Ritchie ten, Hill fifteen, Cottrell fifteen, Lynett twenty, Dr. Lewis twenty, Turner twenty, Gillespie twenty-five McManus thirty, Beveradge fifteen, White twelve, Leighton ten, Stevenson fifteen.

Legislative Council:—Kelly twenty-five,

Hanington twenty, Lewistwenty, McInerney twenty, Beveridge fifteen, Hibbard twenty, Harrison five, Lindsay ten, Ryan twenty, Ribinson fifteen. Total \$472. The statement of the amounts returned is as follows :-Hon. Mr. Robinson fifteen, McManus

thirty, Gillespie twenty-five, Lighton ten, Wnite twelve, Cottrell fifteen, Ritchie ten, Harrison five, Lindsay ten. Total \$132. But the Sun says appropos of the above: It ought to be explained that those members of the Legislature whom the Provincial Government's returns represent as having accepted the Government's bounty as a reward for having attended the Vice Regain party in Fredericton, and afterwards return-

ed the several sums, really never did accept the money from the Government. The nine gentlemen who are represented by the Gov-ernment as having refunded, merely returned the Government checks on the latter being forwarded to them. Their names ought not to have appeared in the accounts at all.

It appears that \$472 was sent to the M. P. Ps. and M. L. Cs., and \$152 returned. ONE WAY TO FCONOMIZE. Many a poor man. if required to account for style of GARDEN BRCS. for the purpose of carry-the manner in which he has expended his in- ing on a Drug Business in the Town of Woodstock.

come, would find bills of his family physician for medical services' among the leading items. In seven cases out of ten, acute diseases are the result of some neglected chronic disease. Thus, fevers invariably result from diseased conditions of the blood and liver, and a timely use of alterative, or blood-purifying, and cathartic remedies would have averted the prostrating illness, that often leaves the system irreparably injured. Dr. Pierce's Golden Medical Discovery and Pleasant Purgative Pellets are the best alterative and cathartic medicines yet compounded. Full dirctions are given for administering them, altogether with an accurate description of the symptoms demanding their use. They will not cure all human ills (as some medicines are advertised to do), but they will cure the diseases for which they are compounded and recommended.
