article headed "The prizes in Agricultural following was passedshows," treated the subject in what we cononce wherein district societies fail, and in adopting the Almon amendments, and wherein the money now expended almost thereby seeking the destruction of the Canada uselessly might be used in a good and wise Temperance Act. direction. The Telegraph is now advancing in a line of opinion which the SENTINEL has for many years maintained.

We have over and over again pointed out that the operations of our local and provincial agricultural societies and councils, however good the ebject in theory, have not as a rule advanced the interests or fairly marked the progress of our agriculture. And, too, we have pointed out how prizes should be awarded, not for select quantities of certain products, but for crops at large, for farm manage. ment, &c., &c., and on the these points the

Telegraph now says :-The sums distributed in the form of prizes on the death of both parents, the orphans of are very large, and are given on a stereotyped a minister, entitled to benefits from the fund, event transpired at his residence on Tuesday The resolution was favorably received, and plan.
