Communicated.

of that astute body of men known as the and the Government will be removed. County Council, and among other things notice the lengthy debates upon the resolution brought forward by Mr. Harmon, viz. : That a by-law be ordained prohibiting the was resuscitated under very encouraging by-roads and shores, of cattle of all kinds .--Now, sir, I was amused by the arguments brought to bear against the Resolution. The Lodge," Grafton, and the attendance was opposers seem to think they are there for the quite respectable, every Lodge in the County making of special laws for a few in the being represented. After the usual formula, County instead of for the general interests of the whole. Mr. Harmon showed the good which would result from the passing of such a law, in a very clear and concise manner .--He says, " Every intelligent person must wish to take care of his own cattle." This it but right, and what every one ought to do. I would ask the opposers to the resolution in what way would the passing of such a law conflict with the interests of the poor man .-For illustration, we will suppose two men of equal limited means are living side by side in some new back settlement ; both have the eame number of cattle; one man is industrious and makes a large clearing, extending beyond the fields of the other man; he protects his crops by building a good fence the other man is content to let his cattle
