TO THE ELECTORS OF THE
County of Carleton!

GENTLEMEN:

Having received a very large and influentially signed requisition, asking me to become a Candidate for the vacancy in the representation of this Electoral District in the House of Commons of Canada, I hereby accept the Candidature and accordingly solicit your votes at the coming election.

If chosen by you to fill this responsible office, I will give the present Government a fair and liberal support, approving as I do of its general policy as at present indicated.

In all things I will endeavor to promote the best intercsts of this County and Province as well as of the Dominion at large.

I remain,
Your obedient servant,
CHARLES P. CONNELL.
Woodstock, March 9, 1881—11

WANTED!
At Milmore's Market,

50 TONS of Old Scrap Iron;
50 tons RAGS of all kinds;
And all kinds of Old Copper, Lead, Brass, Pewter, Zinc, and Old Rubbers.

Respectfully yours,
J. C. MILMORE.
Woodstock, March 10, 1881—1i-11

NOTICE!

MESSRS. G. M. COSSITT & BRO.

HAVE notified us that owing to causes beyond their control at the time, because unknown to them, some of the teeth furnished with a few of their Rakes last year, were not properly tempered. If there are any such defective teeth on the 1880 Cossitt Rakes of any of the readers of this paper, they are requested to notify the agent from whom they bought it, of the number of such teeth, so that a duplicate lot may be provided for them

FREE OF CHARGE.

Word should be left before April 20th, as the car loads of stock leave the Factory in May, and extra parts for the season are sent down in them.

Returning thanks for the liberal patronage extended to the firm of G. M. Cossitt & Bro., through our Agents, during the past six years, we hope to merit and receive an increased support in 1881.

JOHNSTON & CO., Fredericton

Grant & Caldwell,

MANUFACTURERS OF
Carriages and Sleighs,
GRAFTON, N. B.

WE have received a very large stock of American Carriage Goods of the very best quality. Second Growth Hickory Rims, Spokes, Hubs, a fine lot of Steel Axles, and all other stock suitable for first-class work. We have employed the best workmen, and are building some of the finest Carriages ever offered in the County, embracing the following styles:

Two Seated Phaetons; Doctor's Phaeton; Matchless Canopy Top Phaeton; Side Bar Buggy; White Chapel Buggy; Dexter Queen Buggy; Improved Model Business Buggy; Brewster Side Bar Buggy; Bangor Buggy; Piano Box Buggy; Side Spring and Concord Waggons.

We also manufacture all kinds of CARRIAGE TOPS, viz.: Extension, Bellows, Canopy Tops, and Sunshade. Also, Agents for Miller's Shifting and Canadian Top.

We are also manufacturing a superior lot of Express, Team and Sloven Waggons, of all sizes.

Particular attention given to Painting and Trimming; and all kind of Repairing, such as is generally done in a first-class shop, promptly attended to.

We warrant our work to give satisfaction.

We will have fifty Waggons ready for the road by the first of May, which we will sell low for cash or approved paper.

One of the firm will always be at the Factory to wait on those favoring us with a call.

Country Produce taken in exchange for Goods, at highest market prices.

Respectfully yours,
GRANT & CALDWELL.

Temperance Column.

THIS column, by special arrangement is under the control of the Executive of the Grand Lodge, I.O.G.T., of New Brunswick. All notices in it may be regarded by the Lodges and Deputies as official.

OFFICIAL NOTICE.—All communications relating to Constitutional questions, must be addressed to James Watts, G. W. C. T., Woodstock, N. B.

All Remittances, Orders and Returns, must be addressed to A. W. D. Knapp, G. W. S., Sackville, Westmorland Co., N. B.

A. W. D. KNAPP,
G. W. Secretary.

In the Senate of Canada an amendment to the effect that ales, porter, lager beer and light wines be exempt from the operations of the Canada Temperance Act, is now under discussion. If the amendment should carry in both Houses, it will virtually kill the Act.

In the debate in the Commons, in a proposed amendment to the Scott Act—

Sir S. L. Tilley said he was opposed to the bill because it was a virtual repeal of the Scott Act. The framers of the Scott Act used every precaution in drawing up that measure. They provided that before the Government could issue a proclamation for an election 25 per cent. of the electors should say that they were in favor of a vote being taken upon the question. That was a great precaution against a snap judgement being obtained. Notwithstanding the interest that might be felt in this matter he felt that there would not be one case in twenty where the Act would be carried by a majority. However strong the feeling might be upon the subject it would be a difficult matter to get all those in favor of the law to the polls for the purpose of recording their votes. He felt bound himself to record his vote against any proposition which would practically repeal the Scott Act, until that law had proved to be inoperative for the objects they had in view.

The St. John *News* of Wednesday, says:—

SCOTT ACT PETITIONS.—The Temperance Executive Committee are putting forth every effort to obtain the required number of signatures to have the petitions forwarded to Ottawa. The committee to circulate petitions on the East Side is composed of Messrs. Thomas Gilmore, William Lewis, J. S. Flagler, John Hammond and Calvin Powers. Queens and Sidney Wards have been pretty well convassed already, and more than the necessary amount of names obtained. The committee, however, do not intend to confine themselves to the lowest limit but to obtain all the signatures practicable. Canvassing of Kings Ward has just been commenced, and work will be begun of Prince and Dukes Wards to-day or to-morrow. Operations will commence at Carleton in a few days.

About eight years ago the liquor bill of the English people amounted to £108,000,000 sterling. You can form no conception of this amount of money. This £108,000,000 sterling if collected as sovereigns, and placed edgeways (forty-one to a yard) would form a belt of gold 1500 miles in length; or if placed one upon anther (fifteen to an inch) would from 116 columns, each a mile in height. And at the same time all the great religious and benevolent institutions had to subsist and struggle under their heroic tasks on a pecuniary allowance of £2,000,000 sterling. Just think of that ye patriots! 108,000,000 for rum, 2,000,000 for charity and religion, and this a professed christian nation.

But do not suppose we are at all singular in this respect. We, unfortunately, are no worse than our neighbors. The consumption of beer in the United States (to say nothing of any other kind of liquor) as shown by the Internal Revenue returns, is largely on the increase. During the last year taxes were paid on 13,347,000 barrels of malt liquor. Each barrel contains 31 gallons, the consumption, was, therefore, 414,000,000 gallons, or over 8 gallons for every man, woman and child in the country. This at retail prices would amount to $7.50 per capita, or an aggregate of $375,000,000. The total amount of the annual expenses of the public schools in the United States is $80,529,000, so that beer drinking costs that country, four and three-fourths times as much as its public education.—*Rev. W. W. Percival.*

"Prohibition is the coming issue. It is growing as surely and as steadily as the abolition movement of the other days." Thus speaks a Chicago newspaper in commenting upon the resolution to submit a prohibition amendment to the constitution to a vote of the people, which was passed by the House of Representatives of the Arkansas Legislature on the 27th ult. by a vote of sixty-six to seventeen. A powerful feeling seems to have sprung in these border States, that something must be done to curb this gigantic influence for evil, which, like a maelstrom, is sweeping so much that is good and useful into its capacious maw. Even now South the movement against Rum is gaining strength, "the most stringent bill regulating the classifying of the sale of liquor ever known in the State" having passed the Lower House of the North Carolina Legislature on Tuesday. Petitions in large numbers are being presented in the United States Senate, praying that an amendment to the constitution may be passed, giving Congress the power to limit, restrain or prohibit the sale of intoxicating liquors. It is claimed that the sale of liquor by the wholesale houses in Chicago, within the past six months, has fallen off wonderfully, and that the retailers are not doing half the business that they did a year and a half ago, and that many of them are shutting up shop. This is good news.—Texas, Arkansas, North Carolina, Illinois, waking up to this momentous question, augurs no peaceful lives hereafter for the rumseller, and were they wise men they would lose no time in withdrawing their capital from the mischievous business, and investing it in some more reputable and eventually more profitable business, both as regards this world and the next. That Rum has "seen its day" is evident, and he who runs may read.

Sunday observance in the West has become so indifferent that efforts are being made in Chicago, Cincinnati, and St. Louis to make it more in harmony with the accepted notions of what it ought to be. To this end St. Louis reformers are struggling to suppress the vicious Sunday amusements in that city, and the energies of similarly well-disposed people are directed towards the enforcement of the liquor laws in Chicago and Cincinnati. The working man's Sunday in those cities is anything but a day of rest, and a day of rest is essetial to the prosperity of a community. Putting aside the higher claims for Sunday observance the economical demands of life render it not only desirable but imperative in following out life's proper work.—*S. A. Journal,*

In a late sermon on "religious doubts," Mr. Beecher related the following incident: During a revival which took place in Boston, at an enquiry meeting of more than four hundred people, my father, in conducting the conversation, was assisted by a great many present, among whom was a student from Andover; and my father heard this young theologue, who was talking with a young woman who professed that she believed, and whom he desired to test, which was all right enough, propound to her, finally the old Hopkinson question: "Do you think, madam, that you would be willing to be dammed for the glory of God?" She was somewhat startled; and my father, who was in the seat behind them, in his prompt and brusque way, said, "What are you asking that woman?" He, with a meek consciousness of rectitude, said, "I was asking her, Doctor, whether she would be willing to be dammed for the glory of God." Said my father, "Would you sir?" "I hope so, sir." "Then you ought to be dammed!"

Instead of calling the months by ridiculous old names, derived from the Latin, *Puck* would describe them by names which would suggest the most prominent qualities of the months. For example: January would be Slushuary; February would be Slopuary; March would be Winduary; April would be Rainuary; May would be Buduary; June would be Warmuary; July would be Roastuary; August would be Brolluary; September would be Chilluary; October would be Colduary; November would be Frostuary; December would be Snowtuary.

It is impossible to make people understand their ignorance, for it requires knowledge to perceive it; and therefore he that can perceive it hath it not,

Woodstock, January 21, 1881

NEW FACTS IN THE THEORY OF LIFE.
A CHEMICAL TRIUMPH.
WHAT IT IS.

We live in an age of progress and discovery. Theories have become Facts. One discovery only culminates in another. The man of Science gives us the result of his researches for our general good. Scientists who were looked upon as mad by our fathers, are now recognized as benefactors to the human race. Even in our own day, among justly celebrated physicians, there is evinced a want of appreciation in their practice of the great part which the NERVOUS or MAGNETIC FORCE plays in the daily nutrition and growth of our bodies, but more especially in the influence of Nervous Force over disease and its cure. It is not so in France.

In the Great Medical Schools in Paris, from which this Magnetic Oil emanated,

THESE Medical Science is cultivated in investigating new facts and drawing useful deductions therefrom. One result is

THE DISCOVERY OF THIS PREPARATION.

Throughout France it has a standard reputation. It is only new on this side of the Atlantic. From a knowledge of its virtues we claim for it a large share of the confidence of the public. We do it from knowing that what it promises to do, it does effectually. It knows no failure,—is the most speedy, safe and certain in its cures. The smallest particle of it is worth more than a dozen bottles of oils, which contain no Magnetism, —for, without Magnetism Death, for MAGNETISM is LIFE. It is composed of powerful vegetable oils, all combining MAGNETIC FORCE. It contains more than all the virtues of the best preparations which have ever been invented, because it possesses the invaluable addition of the Magnetic Power, which is wonderfully developed by its use. There never existed a remedy so striking and immediate in its effects, so simple and safe to use. Were a universal remedy possible, *THE FRENCH MAGNETIC OIL* is the only one that could lay claim to the name.

☞ Next month we shall tell you more about it.

FREE TRADE!!

Every Farmer in New Brunswick, as in all our Provinces, are paying at least 50 per cent. more than actual cost for all their merchandise, and why? Because they don't come together and all agree on the one point that interests their Pocket Book more than all other politics combined. Being loyal to one's country is well enough, but be loyal to yourself and your family first. FREE TRADE is what every man, woman and child wants, to make Canada one of the most prosperous places in the world. It will badly affect a *few*, but benefit *many*.

When we open our Store in Houlton, we don't care how many Goods the people smuggle, and will invite every Farmer between St. John and Grand Falls to come to Houlton and buy all their Goods, until the little Flag bearing the mark FREE TRADE is heeded, and every farmer can feel happy. We can fill orders of any size, for any kind of merchandise, at very low prices.
