Is a compound of the virtues of sarsaparil la, stillingia, mandrake, yellow dock, with the iodide of potash and iron, all powerful blood-making, blood-cleansing, and life-sustaining elements. It is the purest, safest, and most effectual alterative medicine known or available to the public. The sciences of medicine and chemistry have never produced so valuable a remedy, nor one so

potent to cure all diseases resulting from impure blood. It cures Scrofula and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotches, Boils, Tumors, Tetter, Humors, Salt Rheum, Scald-head, Ring-worm, Uters, Sores, Rheumatism, Mercurial Disease, Neuralgia, Female, Weak-Disease, Neuralgia, Female Weak-nesses and Irregularities, Jaundice,

By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood and cause derange-ment and decay. It stimulates and enlivens the vital functions, promotes energy and strength, restores and preserves health, and infuses new life and vigor throughout the whole system. No sufferer from any disease which arises from impurity of the blood need despair who will give AYER'S SARSAPARILLA a fair trial. It is folly to experiment with the numerous low-priced mixtures, of cheap materials and without medicinal virtues, offered as blood-purifiers, while disease becomes more firmly seated. AVER'S SARSAPARILLA is a nedicine of such concentrated curative

power, that it is by far the best, cheapest, and most reliable blood-purifier known. Physicians know its composition, and prescribe it. It has been widely used for fort years, and has won the unqualified confidence of millions whom it has benefited. Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass.
