coat of varnish to his brighter scholars, and rub up the rusty ones. I think he will agree with me in saying, the time is too short to pass judgement on the examination. And yet, this is the average time given by our Inspectors to the schools. How often do we hear of discord and party contention throughout the country, relative to school matters, equalling political excitement; and this feeling is increasing from year to year. Now, I would inform Mr. Sherwood that the per centage of pupils in the Province, during the year 1880, was only 58 81, being far below the required percentage for the Ranking of a school, the result of which is a pecuniary loss to the teacher and that in many, instances, through no fault of his. The present School Law has been in force for several years, long St. John, Fredericton, Woodstock and many the SENTINEL.
