Miscellaneous.

HOW IT HAPPENED.—There was a railroad excursion from Jackson County yesterday, and among the crowd was a man who called at the office of the Chief of Police to make a statement. When the Chief was ready to hear the details the man began:—

'I was just coming out of the depot when I met a fellow with a squint in his left eye. Got that down?'

'Yes.'

'Well, he held out his hand and said, 'How do you do, Judge Perkins?' I kinder held out my hand and said I was purty, well, thank you. I'm no more Judge Perkins than you are, but I thought I'd draw the fellow out a little. Got that down?'

'Yes.,

Well, we shook hands and walked for the corner, and he asked me if I ever absorbed. I said I did, and we went over to a saloon and surrounded some beer. Are you following?'

'Yes.'

'My friend said his name was Collins, and that he was in the mule business. Then we absorved some more.'

'Yes.'

'He asked me if I didn't remember of loaning him $2 in Toledo in 1866, and hang my buttons if I wasn't fool enough to remember! I wasn't in Toledo in '66 or anywhere near it, but I saw a purty good chance to make $2. Hang me if I didn't think I'd found one Detroiter good enough to fly right to heaven! Then we absorbed some more.'

'Yes.'

'Well, the chap wanted to pay me back the $2, and I also wanted to get hold of it. He hands me out this $20 bill for me to change, and I gave him back $14, and was to hand him $4 more at the depot to-night. Then we absorbed some more.'

'It's a counterfeit bill.'

'You bet! and I'm a gone-up man! Farewell old Jackson County.'

'What do you mean?

'I mean that $7 of that $14 was to buy school books, and the other $7 was to buy porous plasters and a new dress for a school teacher out there. I have been done for and laid low. Do I return to face the music? I do not. Do I jump into the river and sleep in the arms of death? I do, and don't you forget it. I want a chew of tabacco, a few instructions as to the best place to jump, and I'll trouble earth no more.,

But he didn't jump. He had 22 cents, and this sum was enough to get drunk on. He was picked off the walk in the evening and taken to the station, and when asked his name he replied:—

'No use, old f'ller—no use. If I lent you two dozzars in Chicago in 1877 you can't pay it back nohow—won't have it—won't take.'

SUBSTITUTES!

☞ The public are cautioned against a custom which is growing quite common of late among a certain class of medicine dealers, and which is this: When asked for a bottle of **Pain-Killer,** they suddenly discover that they are "sold out," "but have another article just as good, if not better," which they will supply at the same price. The object of this deception is transparent. These substitutes are made up to sell on the great reputation of the **Pain-Killer;** and being compounded of the vilest and cheapest drugs, are bought by the dealer at about half what he pays for the genuine **Pain-Killer,** which enables him therefore to realize a few cents more profit per bottle upon the imitation article than he can on the genuine.

FOR CHOLERA MORBUS, CRAMPS, AND ALL
SUMMER OR BOWEL COMPLAINTS
PERRY DAVIS' PAIN-KILLER
IS UNEQUALLED.
IT CURES ALMOST INSTANTLY.

The PAIN KILLER is put up in 2 oz. and 4 oz. bottles retailing at 25 and 50 cents respectively—three bottles are therefore cheapest.

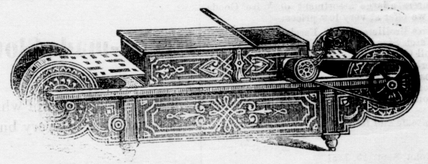
Mechanical Orguinette!



AN AUTOMATIC REED ORGAN!

"THE ORGUINETTE may now be called a celebrated instrument. In tone it is akin to the Cabinet Organ, but the organ must be manipulated by an artist in order to produce music; the ORGUINETTE is on the other hand entirely mechanical in its action, and at trifling expense it can be made to furnish an unlimited supply of all kinds of music."—*Toronto Globe.*

"THE ORGUINETTE is indeed a musical wonder. It is a minature reed organ, with as strong and melodious a tone as the Cabinet Size. It surpasses the Cabinet Organ, for the reason that the ignoramus in music can play it as well as the most accomplished professor. THE ORGUINETTE is strong and accurate in its mechanism, and consequently not liable to get out of order."—*Montreal Gazette.*

"THE ORGUINETTE is the most perfect automatic musical instrument yet invented; its repertoire is unlimited, the tone is remarkably good."—*Montreal Star.*

NEW FACTS IN THE THEORY OF LIFE.

A CHEMICAL TRIUMPH.

WHAT IT IS.

We live in an age of progress and discovery. Theories have become Facts. One discovery only culminates in another. The man of Science gives us the result of his researches for our general good. Scientists who were looked upon as mad by our fathers, are now recognized as benefactors to the human race. Even in our own day, among justly celebrated physicians, there is evinced a want of appreciation in their practice of the great part which the NERVOUS or MAGNETIC FORCE plays in the daily nutrition and growth of our bodies, but more especially in the influence of Nervous Force over disease and its cure. It is not so in France.

In the Great Medical Schools in Paris, from which this Magnetic Oil emanated,

PURE Medical Science is cultivated in investigating new facts and drawing useful deductions therefrom. The result is

THE DISCOVERY OF THIS PREPARATION, now Throughout France it has a standard reputation. It is only now on this side of the Atlantic. From a knowledge of its virtues we claim for it a large share of the confidence of the public. We do it from knowing that what it promises to do, it does effectually. It knows no failure,—is the most speedy, safe and certain in its cures. The smallest particle of it is worth more than a dozen bottles of oils, which contain no Magnetism, —for, without Magnetism Death, for MAGNETISM is LIFE. It is composed of powerful vegetable oils, all combining MAGNETIC FORCE. It contains more than all the virtues of the best preparations which have ever been invented, because it possesses the invaluable addition of the Magnetic Power, which is wonderfully developed by its use. There never existed a remedy so strictly remedial in its effects, so simple and safe to use. Here was a universal remedy possible. *THE FRENCH MAGNETIC OIL* is the only one that could lay claim to the name.

☞ Next month we shall tell you more about it.

will be sold low, at the Mill, or delivered in Woodstock by water. Other kinds of SAWED LUMBER always on hand.

I will Exchange for Logs, one new Light Driving Waggon, Flour, Pork, Fish, Molasses, Tea, Tobacco, and Cash, if I have it.

Parties up river that are afraid of running against the piers of the bridge had better give me a call.

G. F. SMITH.

Victoria Corner, June 1, 1881.

P. S.—You had better bring those logs that I paid you for more than a year ago, before the water gets too low. I think all notes or accounts one year or more past due should be settled.
