SUBSTITUTES!

The public are cautioned against a custom which is growing quite common of late among a certain class of medicine dealers, and which is this: When asked for a bottle of Pain-Killer, they suddenly discover that they are "sold out." "but have another article just as good, if not better." which they will supply at the same price. The object of this deception is transparent. These abstitutes are made up to sell on the great reputation o he Pain-Killer; and being compounded of the viles and cheapest drugs, are bought by the dealer at about alf what he vays for the genuine Pain-Killer, which enables him therefore to realize a few cents more profi per bottle upon the imitation article than he can on the FOR CHOLERA MORBUS, CRAMPS,

MANHOOD

How Lost, How Restored! We have recently published a new edition of DR. CULVERWELL'S CELE-BRATED FSSAY on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impeiments to Marriage, etc., resulting from excesses.
Price, in a sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.
