J E GREATEST PAIN EXPELL EVER DISCOVERED.

St. John, September 8, 1880.

Third:—It is a great Nervine Tonic. Possessing, as it does, the wondrous and infallible virtues of MAGNETIC INFLUENCE, it will therefore be found of surpassing value in all Nervous Diseases, such as Tic-Doloureux, Neuralgia, and all those complaint which arise from derangement of the Nervous System. By its constant supply of Magnetism, it subdues those complaints, equalizes the Magnetic Current, balances the circulation, removes an spasmodic affections, and allays an Nervous Irritation. It is without a rival as a remedy, as it immediately supplies Magnetic Force to every part of the feeble and prostrate body. It is used with the most astonishing success from the start. As

soon as its use is begun all aches and pains must disappear as rapidly as water quenches flame.

It is so penetrating that you get the benefit of every drop as soon as applied, so great is its power. It does not stay on the surface like a grease spot, but is absorbed by the powers and carried at once to the seat of disease, expelling the pain instability. It is the Greatest Pain Expeller ever used. It is clean, safe and delicious to use, and if you use it will give perfect relief in all cases.

It is the cheapest and most valuable remedy ever given to the world. Its worth is inesti-mable, and its price almost nothing. Use it and it will prove itself worth one hundred times its

GLOBE TOBACCO CO.,

DETROIT, MICH., and WINDSOR, ONT. IMPORTANT NOTICE.

THE Singer Manufacturing Co. bave established an Agency in Woodstock, where their Positive Proofs that the SINGER is Superior to all other Sewing Machines.

1. It has taken the first prize over all other machines more than 200 times.

Consumption and a premature Grave. Full particulars in our pamphlet, which we desire to send free by mail to every one. The Specific Medicine is sold by all druggists at \$1 per package, or six packages for \$5, or will be sent free by addressing, part of the world, for making an "Imitation Singer Machine." Why are not similar companies formed for making imitations of other Sewing Machines? The public will draw its own inference. Gold is continually counterfeited;

Brass and Tin never.

3. After the Chicago fire, the Relief Committee undertook to furnish Sewing Machines to the needy women of that city. Applicants were permitted to choose were six different kinds of machines. 2944 applicants were furnished with machines. 2427 chose Singer Machines and 517 distributed their choice among the five other kinds of machines! These girls were to earn their living on these machines. Why did they choose Singers? Our experience was the same after the late great fire in the City of Saint John.

4. Over two millions of Singer Machines have

been sold during the past nine years.

5. The year 1878 was a year of unexampled depression in business, yet we sold more machines than in either of the 25 years we have been in 6. Three-quarters of all the Sewing Machines sold in 1878 throughout the world were Singers. Remember these are not our claims, they are facts shewing what other people think of the For Durability and simplicity the Singer excels

all other Machines. We have Branch Offices in every part of the known world. Our principal office is at 34 Union Square, New York. CAUTION.—A large number of people having, from time to time, been betrayed into buying imitations of our Machines, from parties representing same as Genuine Singers, we hereby respectfully notify the public, that our Machines can be obtained only through our regularly appointed Agents coming from the above address. As a further preventive against such deception we would also beg to intimate that all our Machines have our trade mark on the arm and any Machine without the trade mark is not genuine.
