### Cemperance Column,

This column, by special arrangement is un der the control of the Executive of the Grand Lodge, 10 G T., of New Brunswick. notices in it may be regarded by the Lodges and Deputier as official.

OFFICIAL NOTICE .- All communications relating to Constitutional questions, most he addressed to James Watts, G. W. C. T., Woodstek, N. B.

All Remittances, Orders and Returns, must he addressed to A. W. D. Knapp, G. W. S, Sackville, Westmorland Co., N. B. A. W. D. KNAPP, G. W. Secretary.

WE find in a St John exchange the follow-

king the usual announcements from e yesterday morning, Rev. Dr. Macrae, of St. Stephen's (Presbyterian) Church, said that he had one to make but he would do it under protest. The matter was with reference to the holding of mass meetings in favor of the Canada Temperance Act. His first objection was that he did not think the pulpit a fit place to make such announce ments from, there being the proper advertis ing medium for that purpose. And secondly, while in full sympathy with the temper ance cause, be had no faith whatever in the mode of procedure proposed to be adopted -Similar restrictions had been in force in other places and they had proved atter failures, and he predicted that this would be the care. if the Act was adopted here.

As regards Dr. Macrae's first objection we KNITTING COTTONS need say little, respecting as we do any corscientious scruples entertained against making the pulpit an advertising medium. As () | ( 3 % ( ) ( W ) W! (S. regards the Dr.'s second objection, we must candidly say that, we think, while showing so much sensitiveness on the point of a minor | The above with his usual extensive and varied sacrilege, it would have been much more in stock of DRESS, STAPLE and FANCY GOODS, keeping with the position, the place and the day had he avoided expressing an opinion and a prediction which may do a very great amount of harm The fact that attempts in Woodstock, Feb. 9, 1881 the past to do good have proved utter failures is no reason why similar attempts should not now be made, or that such attempts should not be persisted in, aided by the teachings of the experience of failures. Opposed to Dr. Macrae's faith is that of a host of christian men and women, and a host of men and wo men who are not professed christians, who believe the Temperance Act may be made a very effective weapon.

The Dr. was speaking of a force now in operation in many districts, and we protest Just Received:—Hand Saws, Panel Saws, Oirthat there its operation does not warrant attacks upon the law itself. If it fails, it does so not from any material weakness in its own provision so much as from failure on the part of the people and authorities.

We think it particularly unfortunate that Dr. Macrae should have given utterance to the sentiments quoted just now. That St. John needs the influence of some powerful remedial agent to repress the evils of the liquor traffic and liquor indulgence is self-evident; that the efficiency of the law can better of the Best Manufacturers in Ireland, and be tested there than in smaller communities Cloths & Napkins is Veay Large, and the will be admitted, -that a very strong popu- Assortment of sizes Complete. cast in favor before it is adopted. There is nothing unfair about this, nor would the result be effected, we imagine, unless the temperance voters were as negligent | St. John, Feb 9, 1881 as they now are at elections.

On Friday evening of last week, the following were installed officers of Reform Club Lodge, No. 61, I.O.G.T., Woodstock :-Mrs. Jas. McWha, W.C.T.; Miss Maggie Boyer, W.V.T.

Alfred Boyer, F.S. Jas. Watts, T.; J. T. Fletcher, Chap.; Avery Holmes, M.; John Armstrong, I.G.; Tyler Atherton, O.G.; Miss Ina Shaw, A.S.; Mrs. W. Gibson, D.M.: John McCaffery, R.H.S.:

THE Lodge Deputies are not mindful of their duty, as regards sending a Quarterly Report to the G. W. C. T., as is desirable many of them fail to report at all, while others are very late in sending their reports in. We trust this gentle reminder will stir Deputies up to be more prompt in this respect in the future. We are glad to notice by the reports thus far received, for the past Quarter, that there has been a general incresase of membership. We make the fol- Bank of Nova Scotia.

lowing extracts: Secretary of Scarlet Banner, No. 66, Pisarinco, St. John, says :- "You need not expect our Lodge to increase much more, for we havn't got much more room. We have cept two, and they are about on their last LOWER PROVINCES.

Secretary Fred. J. Todd, of Golden Rule, No. 44, Fredericton, says: "Our Lodge has had more members, but at no time since its organization has it been doing as good a work as at present. We have good officers and good members."

A mass temperance meeting was held in the Methodist Church, Sackville, on sabbath evening, 30th ult., in the interests of the August 27, 1880 -- 28 " Canada Temperance Act." Speeches were made by some of the most prominent citizens of the community, and one and all appear fully determined to do all in their power towards the carrying out of the "Act." An-

Reform" No. 28, Sackville, writes :- "Our Dated this 3rd day of February, 1881.

G. W. VANWART, Lodge is in a very presperous and healthy condition, and additions are being made

nearly every meeting." The alleged obriety of beer drinking Germany has within recent years received such a contradiction in the shape of increasing drunkenness, that Bismark has just submitted to the federal council a bill devised by him for the repression of a habit which he describes as "a stational candal." The drunkenners issaid to be due, not to the lagerloving qualities of the Teuton, but to hard times and cheap living.
