VEGETINE J. Bentley, M D., says, It has done more good than all medical treatment, NEWMARKET, ONT., Feb. 9, 1880 R. STEVENS, Boston, Mass. : Sir-I have sold during the past year a considerable quantity of your Vegetine, and I believe, in all cases it has given satisfaction. In one case, a delicate young lady of about 17 years was much benefitted by its use. Her parents informed me that it had done her more good than all the medical treatment to which she had

His head and face were swollen so that he was blind, and one of his lips was badly swollen and discolored, and broke out in several places and discharged. His physician said there was no remedy that could cure him, as he was such an old man. To gratify a son-in-law, he was persuaded to take your Vegetine Seven bottles cured him, and he is now a healthy old

THE St. John Globe prints the following concise recapitulation of a number of earthquakes that have proved destructive. It is suggested by the recent terribly disastrous earthquake at Chio, and will therefore be read with additional interest :-

The distress caused by the earthquake at Chio is almost inconceivable. Out of a popu-

lation of about seventy thousand persons between six and seven thousand were killed and over fifteen thousand were wounded. A prosperous and comparatively comfortable people are suddenly brought face to face with famine, with the danger of pestilence, with a tenth of their number dead, a quarter of the survivors without houses to shelter them, and, indeed, without any resources, but these that charity may provide. The effects of such a calamity would appal the stoutest hearts if they could be thoroughly realized. And it is impossible for one who has not wittessed to realize the horror of such a cene. Nothing strikes so much terror into 'Who's there?, said a voice as she knocked.
