FOR THE CARLETON SENTINEL. MESSRS. EDITORS, - In your issue of the 16th, Elector seems to be very much satisfied

should rouse up and claim its rights. The Grit predictions are scattered to the winds, N P. has had its day in Carleton Co., at they boldly declaring the tax of 50 cents per next general election the same result will be the poor man's burden in procuring bread obtained in the other counties of our province. for his suffering family. Now, sir, allow me I would ask Elector is not the working class for a few moments to consider this 20 per ct. kept down, aye, ground to the very dust by statement in my former letter, to which Mr. this much talked of N. P.? Is not the poor Irvine's apologist takes issue, and for the inman outrageously taxed for the very common formation of your many readers I here prenecessaries of life? Every nail driven, every sent a statement of prices obtained for the gallon of oil burned, (for the Canadian oil is products of the soil, in this County, the lowbought, every pain of glass used, every yard est price under the N. P. tariff of '81:of cotton needed, in fact on every article used by the working class, an enormous tax is levied. If the tax collector came to our houses and collected directly and annually the amount paid in duties on our common necessaries of life, what a "hue and cry" family, from fifteen to twenty dollars annu- and can sell to realize cash, and if my friend

Oc. should rote sgainst the present Government, which benefits them in no way, and, instead of promoting the general welfare, taxes every tiller of the soil with every article needed to carry on the farm bensies. I would ask Elector are not the factories of the neighboring Republic supplying our market with many of the manufactured armicles required? and in many cases understelling our home industries? Our facilities are in going into the forest that her would there such that we cannot compete with the Americans; our capital is locked up in the hands riceas; our capital is locked up in the hands 80 per cent. more for the common necessaries

Liberal ticket, his family connections, &c. &c., I agree with. I think a majority of our were but one branch there would be much same time I do not think Carleton Co. could have selected a more capable and determined ming. The course of instruction is as true a although he has taken sides with the minor- mariner. In it is laid down a certain amount doubt, secure the passage of bills through plaster being distributed as evenly on the ity against the present Government, yet, by of work to be gone through with in a year, that body knowing that they will be thrown careful, honest and determined work he will but Teachers can teach as much more as they out up stairs. Such local pressure would be find his party will receive such a reinforce- like. The beneficial results of our course of people that the much talked of N. P. will pass into oblivion, giving way to another tarpass into oblivion and the common of the common get for political marksmen.

WAYMAN A. SMYTH. East Florenceville, April 21, 1881.

FOR THE CARLETON SENTINEL.

P. O. B.'S. "PROGRESS." MR. EDITOR,-There is a gent from Madawaska has answered my challenge in a sneerwisely in shortening his tail, (figuratively "truth" before he endorses it. Is it true that the people or constituency stand in the in the profession of teaching, and can tell the of the former has a right to offer his advice and that style of teaching called cramming misled by those whose opinions are not worth which is only pouring information into pupils and suggestions to the latter, for the good of the concern. His sneer therefore, on this brains, without exercising their faculties in topic, is entirely out of place. When a man the least. Hoping to hear other Teachers exmortgages his farm he calls that "progress." press themselves on this subject. Here, in Carleton Co., we consider it is a much greater sign of progress when he lifts the mortgage. Try again P. O. B.'S, but don't get confused ideas of your antagonist's meaning, for loose kind of writing is sadly to your disadvantage in controversy.

near Paris, Ontario, recently sold a grade When you mistake a reckoning for a railway &c., it looks bad for your comprehension steer, 2 years old, that tipped the scales at 1300 lbs, and netted the handsome sum of of the subject altogether. I like progress much better than you seem to imagine, but I \$71.00. Mr. White has among his herd a have yet to learn that getting "head over grade cow, (Bowpart Eclipse) that makes, ears in debt" is a sign of progress. And do when at her best, fourteen pounds of butter give us your full surname as usual, if it is per week. It will be remembered by many of the readers of the SENTINEL, that Mr. W only for the happy sound of it. POB! and his bride, Miss Lavina Todd, formerly of "Phœbus what a name Simonds, visited Carleton in the summer of

To fill the sounding trunk of future fame," I am, Mr. Editor, in reply to P. O. P. Yours truly, N. B. C.

Woodstock, April 22, 1881. FOR THE CARLETON SENTINEL.

MESSRS. EDITORS,-In my communication of the 16th inst., I asked some questions and swered at the leisure of any who felt an interest in the same. Instead of taking time for research and mature consideration, a Conservative who styles himself a supporter of Mr. Irvine, at the earliest possible moment has come to Mr. Irvine's rescue. In politics, as in every other avocation, when we attempt to instruct and set ourselves up as leaders of the people we should be careful not to be sight and hearing lest the leaders fell into the vides that "every male person in the Prosight and hearing lest the leaders fall into the ditch while these who are following will pass over their prostrate forms and leave them to over the leaves of the Number is devoted to "Musicians in New York," by Frederick Nast, foundation for a new residence on the lot file house and line?

Mr. Lindsay, for instance, contend that he as with foundation for a new residence on the lot file house and line?

of duties in reference to wool, "Wool, class | means of taxing the Chinese,

one, viz : Leicester, Cotswold, Lincolnshire, South Down, combing wools or wools known as Lustie wools and other like combing wools, such as are grown in Canada, 3 cts. per lb. duty." I may further state that there panied by the money to ensure insertion. is a class of wool called hair of the alpacea with the result of the late political struggle goat, and other like animals, admitted duty in Carleton Co. He sees positively that the free Now, if it is to the latter that a Conpeople are beginning to awaken from their servative refers and calls it fine wool, he will lethargy and assert their rights independently, find but few to agree with him, while many will reasonably conclude that Mr. Irvine's tyranny and aggressive administration long not assume the right to defend Sir S.
