

TERMS OF THE SENTINEL.

Subscription \$1.00 a year in advance; \$1.50 if not paid in advance. Single copies 5 cents. Advertisements to be made on separate insertion. Short notices not exceeding 6 lines, 50 cents first insertion; 10 cents each subsequent insertion. This paper may be found on file at GEO. P. ROWELL & CO'S Newspaper Advertising Bureau (10 Spruce Street), where advertising contracts may be made for in New York.

The Carleton Sentinel.

SEATTLE, AUGUST 19, 1882.

SENTINEL Office, in Brick Building, directly opposite Post Office, up stairs.

The recently decided upon changes in the management of the two railways which join in this town, is one that involves very important advantages, in the very nature of things, to Woodstock. The completion of the N. B. railway to Riviere du Loup, in respect, should approach, from the list of possibilities, and may be regarded as something that will very speedily be accomplished.

With that completion and an immense western trade finding its way to an Atlantic port at St. John, all passing through it, Woodstock must, of course, be benefited immensely.

This town will be a centre and head quarters for the general management of the whole line. Already the removal of the general offices from Gibson here has been decided upon, and has virtually been made, and henceforth we shall recognize the general Secretary Treasurer and his staff as citizens.

Very important additions to the local establishment in the way of depot and office accommodations will be required.

Among the probabilities of the present is the erection of a new and spacious depot on the creek.

Then comes the question of work shops. In one of three places shops will be erected. Of these three localities the Town of Woodstock is one. In the other two places the management now have either by possession or by offer of gift all the facilities in the way of land required.

In Woodstock they are not so fortunately placed. The advantages of these three localities being, in other respects, about equal, each possessing certain distinct advantages, preference, it would seem, that a comparatively small matter may turn the decision and fix the site. This being so, and we have stated the simple facts, we, as citizens, equally interested in the future advancement of the Town with our fellow rate-payers, once more, as we have rather persistently done previously, suggest that the people of the Town through the Council may do something which shall, while showing that they have an active sympathy with an enterprise that must under ordinary circumstances greatly help the place, have at the same time a disposition to aid in securing for the company such advantages in the way of land as they require and thus may happily be instrumental in securing the establishment of the works and the large body of employees associated therewith in this Town.

The Seventh Annual Session of the Carleton County Sabbath School Convention met in the Main Street Baptist Church, Woodstock, on Tuesday the 29th inst.; a meeting of the Executive will be held in the Church named the evening previous to the Convention, to prepare the work for the following day, to which all members of the Convention are cordially invited.

Beside the ordinary routine work the following sessions will be introduced and discussed during the sessions of the Convention:— "The best method of preparing the Sabbath School lesson"—opened by Rev. S. J. Parsons;— "Reviews, their object and how best to conduct them"—opened by Rev. M. B. Bainton;— "Discouragements in Sabbath School work and their cure"—opened by Rev. S. J. Parsons;— "The introduction of each question it will be open, for general discussion.

There never was a period when the Christian work was more exercised over the importance of Sabbath School work than at the present, and we are glad to know that a rule, the good people of the County of Carleton are keeping pace with this Christian spirit, and are more actively engaged than ever in the promotion of the work.

On the morning of the 31st, the Convention has aided materially in strengthening, encouraging and developing a desire and love for the work of Sabbath Schools in Carleton, and has by the results attending its operation won for itself a claim upon the support of the public. We hope that every Sabbath School in the County will be represented at the coming Convention and that the session may prove the most profitable yet.

On behalf of the Society, whose officers and laborers may thus be helped, we would ask that schools who have not already done so will forward him their reports at once. His address is—S. J. Parsons, Benton.

FREDERICKSON is really going to introduce water works, and while making this statement, it is fitting to say that we are glad our County is moving in the direction of providing Woodstock with water supply. The Town is being rapidly rebuilt on the burned district, and the new edifices are of a character to make the place one of the handsomest in New Brunswick. Additional grounds are thus afforded why, for protection from fire and for domestic and sanitary purposes the modern appliances for free, full and convenient supply of good water should be introduced.

We are pleased that the enquiry started some time ago as to the cost of water works is about being proceeded with, and trust that we shall soon know that all the desirable information has been obtained, and that the matter will presently be ripe for a satisfactory conclusion.

At the session of the Grand Lodge, I. O. O. F., held at Moncton, last week, the following officers were elected for the current term:—John Richards, Frederick, G. M.; J. R. McDonald, Halifax, D. G. M.; T. R. Callbeck, Charlottetown, G. W.; J. C. P. Fraze, Halifax, G. Sec.; Wm. Williams, Halifax, G. Treas.; Andrew Cushing, St. John, G. Rep.; Geo. H. Simmons, Fredericton, G. Mar.; A. S. McDonald, Halifax, G. Wm. Kinney, St. John, G. C. W.; S. M. Bentley, Sheffield Mills, N. S.; G. H.; W. B. Bannister, Halifax, G. Chap.

The following were appointed D. G. Masters: H. J. McKenney, Pictou; J. W. Forbes, Springfield; D. G. Whiston, Antigonish; James Chubb, St. John; James H. McDonald, Oxford; N. S.; Charles A. Sampson, Fredericton; Thomas R. Caldwell, Charlottetown; W. C. McKinnon, St. John; W. H. Westphalen, Antigonish; Jessie P. Smith, Windsor; J. H. Gourlie, Summerside; Thos. Glendonson, Moncton; A. J. McKay, Hopedale; C. G. Beer, Sackville; L. Stewart, Chatham.

The report of the Grand Secretary showed an increase of Lodge, during the year, from 35 to 40, an increase of membership from 2218 to 2454; an expenditure, for the relief of members, of \$1870.96, for "widowed families," \$472.25, for burying the dead, \$452.09, for education of orphans and special relief \$200.15,—a total relief expenditure of \$3097.41. The total receipts for the year were \$15,051.72. The various Lodges report a Widows' and Orphans' Fund of \$12,427.08, of which \$7,569.03 is invested.

The next session of the Grand Lodge will be held at Charlottetown, P. E. I.

The annual competition of the Carleton Co. Rifle Association came off at the shooting range, Woodstock, on Tuesday last.

This was the usual number of competitors present, and the day all that the most fastidious could wish. Below is a list of the names of the successful competitors, with the value of prizes and number of points obtained.

All competitors—rings 200, 300, 500, and 600 yards; 5 rounds at each distance.

1st prize \$100	Levi McLeod	73 points
2nd "	Geo. H. Ferguson	67 "
3rd "	W. W. F. Watson	63 "
4th "	G. B. Crandall	57 "
5th "	W. O. Carr	53 "
6th "	A. P. Appley	57 "
7th "	J. J. Martin	57 "
8th "	J. C. Col. Kitchin	47 "
9th "	4.09 Fert. Raymond	57 "
10th "	3.00 H. V. Dalling	46 "
11th "	3.00 W. S. Sayer	55 "
12th "	3.00 Aubrey Bourne	54 "
13th "	3.00 Serg. Bourne	53 "
14th "	2.00 Lieut. Kirkpatrick	52 "
15th "	2.00 J. C. Col. Kitchin	47 "
16th "	2.00 R. Kirkpatrick	50 "
17th "	2.00 Lieut. Ferguson	48 "
18th "	1.00 D. W. Jackson	49 "
19th "	1.00 Capt. Dobbie	48 "
20th "	1.00 J. A. Kerr	48 "
21st "	1.00 J. A. Kerr	48 "
22nd "	1.00 J. A. Kerr	48 "
23rd "	1.00 J. A. Kerr	48 "
24th "	1.00 J. A. Kerr	48 "

In addition to the above prizes, Col. Kemp gave a very nice field glass to be competed for on the following conditions, viz: To the individual making the highest score who had never won a first prize either in the above or in any previous competition. John Ferguson was the winner with 70 points.

CONGRATULATE MATHS, range 400 yards; 5 rounds.

1st prize \$25 Thos. Murphy | 17 points || 2nd " | 1.00 Geo. Johnson | 16 " |
3rd "	1.00 Wm. King	15 "
4th "	1.00 W. King	14 "
5th "	1.00 P. Cookson	12 "
6th "	1.00 J. A. Kerr	12 "
7th "	1.00 J. A. Kerr	12 "
8th "	0.50 C. W. London	10 "

The shooting on the whole was not quite up to the average, notwithstanding the day was most propitious, still the council have every reason to congratulate itself on the fact that it was so well attended, as satisfactory as any previous meeting. The marking in the butt was excellent.

When the Association firing was completed, a Seratch Match was made up; six prizes, \$400; 5 shots each. The following is the list:

1st prize \$25	Levi McLeod	23 points	1st prize \$10	Levi McLeod	23 points
2nd "	1.00 Wm. King	20 "	2nd "	1.00 Wm. King	20 "
3rd "	1.00 Wm. King	20 "	3rd "	1.00 Wm. King	20 "
4th "	1.00 Wm. King	20 "	4th "	1.00 Wm. King	20 "
5th "	1.00 Wm. King	20 "	5th "	1.00 Wm. King	20 "
6th "	1.00 Wm. King	20 "	6th "	1.00 Wm. King	20 "
7th "	1.00 Wm. King	20 "	7th "	1.00 Wm. King	20 "
8th "	1.00 Wm. King	20 "	8th "	1.00 Wm. King	20 "
9th "	1.00 Wm. King	20 "	9th "	1.00 Wm. King	20 "
10th "	1.00 Wm. King	20 "	10th "	1.00 Wm. King	20 "

SAD ACCIDENT AT BRISTOL.—On Tuesday last a man by the name of Hayward, a native of England, while at work in Mr. Nathan's Steam Mill, in attempting to reach across the planer, the teeth of the machine caught his shirt sleeve, which was hanging loosely about his arm, drawing his arm into the planer and severing it near the elbow, in a moment.

Fortunately, Dr. Atkinson was at home, and was on the spot in a few minutes. The bone above the joint was shattered; the arm was therefore amputated some distance above the joint. Mr. Hayward is doing (seven days since accident) remarkably well.

FROM THE UPPER AROOSTOOK, and all along the line of railway in New Brunswick, raspberries and blue berries are being exported to Boston in unusually large quantities.

A new system of having the berries packaged for transport has been adopted; the cones are sent down half barrels made with a four inch long hole, and into these the berries are passed through a tunnel, an expedient and safe way for their carriage.

An establishment for canning berries has been started at Vancouver, where quite a large business is being done. This is not a very expensive operation, not much machinery being required, and it is thought that this Province, where wild berries are so abundant, now has an enterprising enterprise.

THE TOWN COUNCIL held a session on Monday evening. The business transacted was as follows:

On the motion of John McCormack and a large number of citizens, asking that no restriction be placed on cows running at large during the summer months was read, and on motion, received and laid on the table.

The chairman of the Water Works committee reported that a Civil Engineer had been in Woodstock, after a cursory glance over the locality had here to make a preliminary report for water works here for \$300, or for \$25 per acre and expenses.

On motion, Coun. Lynch, seconded by Coun. McLeod, moved that the following be adopted: Resolved, That Mr. Crafts, of E. Boston, be employed to make a survey of the Town and vicinity, and to make a preliminary report on a system of water works erected in the Town, with plans and specifications.

The last issue of the Royal Gazette contains the following appointments:— For the County of Victoria—Daniel W. Hopkins, Samuel A. Cameron, George W. Murphy, George B. Ryan, Walter Armstrong, Thomas D. Ryan, Leonard Wilson, James Higgins, Martin Stafford, Junior, Walter Armstrong, James P. Kelley, James Burgess, Malcolm Campbell, John F. B. Larlee, Wm. Paul, Alexander Ogilvie, John O. Brown, Martin M. Watson, Martin G. Hattie, and Neil McKillop, to be Justices of the Peace.

The Fall Meeting on the Woodstock Park, from present appearances, promises to be a grand affair. The Ladies' Jockey Club, under the immediate patronage of Mrs. J. B. Larlee, the sporting public may have a treat worthy of their patronage. The Regatta, to be held in the forenoon, will draw a large number of competitors. Full particulars will be found in the following columns.

The Town School re-open on Monday. The Principal of the Grammar School informs us that he has reformed his stock of chemicals, apparatus, &c., and will be ready to receive pupils on Monday. He has also prepared to attend the Normal School, and will give full particulars in regard to the course of instruction and the method of showing the variation of the needle.

Green corn has appeared in market. A number of our citizens went down on Tuesday to attend the military review and races at Calais, on Wednesday and Thursday. The following horses went down to attend the races: Boley's Yellow Bright; Bob's Lady Bright; Bright Star; Chase's Black Beauty.

His Lordship Bishop, Borneo, Father Barry, and other members of the R. C. Church, visited Grand Falls this week. On Tuesday his Lordship visited the Falls, and on Wednesday attended to a large number of applicants, and on the same day he laid the corner stone of a new R. C. Church, the foundation of which was laid in the presence of a great concourse of people, while it was a source of a great amount of employment, adding very materially to the prosperity of the place for the year.

THE CROSS.—The Grand Truck crop reports gathered from 1200 sheep on Ontario and Quebec show that the fall wheat will be one of the best crops on record, and red spring wheat promises rather more than an average yield. Barley is raising over than usual. Potatoes and oats will give heavy crops, and roots are promising well.

We notice that in the above reports potatoes are represented as being in some districts very good and in others very poor; fruit is not promising, apples being considered a failure.

Lewis H. REEDER, the oldest printer and editor of the State of New York died recently. On his tomb stone are inscribed these words, chosen by himself: "I was a printer, and I printed the truth."

Lewis H. REEDER, printer. A worn and battered form, gone to be recast more beautiful and perfect.

PRESIDENT ARTHUR'S veto of the River and Harbor bill which was a measure to give certain localities immense advantages by extending the number of competitors present, and the day all that the most fastidious could wish.

Below is a list of the names of the successful competitors, with the value of prizes and number of points obtained.

All competitors—rings 200, 300, 500, and 600 yards; 5 rounds at each distance.

In addition to the above prizes, Col. Kemp gave a very nice field glass to be competed for on the following conditions, viz: To the individual making the highest score who had never won a first prize either in the above or in any previous competition. John Ferguson was the winner with 70 points.

Lewis H. REEDER, the oldest printer and editor of the State of New York died recently. On his tomb stone are inscribed these words, chosen by himself: "I was a printer, and I printed the truth."

Lewis H. REEDER, printer. A worn and battered form, gone to be recast more beautiful and perfect.

A young man named Joseph Broderick had been arrested in Egypt, about six miles west of the town of Assiout, and was being taken to the prison at Assiout.

The arrival from British North America during the month has been 62 vessels, 47,919 tons against 55 vessels 44,137 tons during the month last year. The aggregate tonnage to this date in the years 1880, 1881, and 1882 is as shown by the table below, has been 106,010, 137,668, and 108,245 tons respectively.

New Brunswick and Nova Scotia Spruce and Pine Deals.—The imports have been heavy, and the deliveries also have been much larger than during the like month last year, leaving on hand a very moderate stock; prices have ruled low, but are now a shade higher, and prospects a little brighter; Lower Port Pine Deals have arrived more freely and have met with fair sale. Birch: There has been a fair demand, and with a small stock prices are improving.

Barley.—By auction, St. John, 15 inch average, at from 17 to 18 1/2 per foot; Miramichi, 14 inch average, at 16 1/2 per foot; Dalhousie, 15 inch average, at 16 1/2 per foot; 12 to 13 inch average, at 14 1/2 per foot; Birch, plain, at 13 1/2 per foot.

Spruce Deals.—In the early part of the month St. John were sold by auction at from 27 to 28 1/2 per foot standard, Lower Port at 27 to 28 1/2 per foot standard, the latter being at an average of 27 to 28 1/2 per foot standard. Birch: There has been a fair demand, and with a small stock prices are improving.

N. B. and N. S. Pine Deals.—Miramichi, 1st quality at from 213 to 214 per foot standard; 2nd quality at from 205 to 210 per foot standard; 3rd quality at from 185 to 190 per foot standard; 4th quality at from 175 to 180 per foot standard; 5th quality at from 165 to 170 per foot standard; 6th quality at from 155 to 160 per foot standard; 7th quality at from 145 to 150 per foot standard; 8th quality at from 135 to 140 per foot standard; 9th quality at from 125 to 130 per foot standard; 10th quality at from 115 to 120 per foot standard.

Boards.—At from 25 to 26 per standard; 2nd quality at from 23 to 24 per standard; 3rd quality at from 21 to 22 per standard; 4th quality at from 19 to 20 per standard; 5th quality at from 17 to 18 per standard; 6th quality at from 15 to 16 per standard; 7th quality at from 13 to 14 per standard; 8th quality at from 11 to 12 per standard; 9th quality at from 9 to 10 per standard; 10th quality at from 7 to 8 per standard.

Yesterday morning Mr. Alfred J. Russell, who is supposed by many to be a witness for the prosecution in the Lee's case, was the recipient of a letter threatening him with a libel action, unless he withdrew his evidence in the case. It came to him by post, and in a certain credit to the writer; for it would appear that the writer had received a copy of the evidence given by Mr. Russell, and had given evidence; but it had a poor effect, for he is now more determined than ever to give the authorities all the information in his power, to be used towards the capture of such characters as are implicated in the attempted murder of Sergeant and Police Magistrate McFarlane, and the other officers who were killed at the same time.

On receipt of the letter, Mr. Russell went to Sergeant Vandine with the letter he had received and found it to be the same hand writing as the one he had got, Mr. Russell thinks such an act only stamps guilt more deeply on the prisoners, and that it is a foolish thing for anyone calling themselves friends of the prisoners to do, as it has the effect of making the public believe that it is probable that the writer will be brought to light shortly.—Fredericton Herald.

THE DIABOLICAL CHURCH and Camp, use Kendrick's Mixture. A single dose of Kendrick's Mixture has cured the worst case. For a complete list of children or adults who have been cured, apply to Kendrick's Mixture, prepared only by Faxon B. N. B., and sold at all country stores.

MEMORANDUM.—For the three months ending June 30, 28,643 emigrants from Europe entered Canada, against 16,506 in the same quarter of the previous year. In the same quarter there arrived in the Dominion from Europe 173,180 as against 141,177 in the corresponding quarter last year. The increase of emigration is due to the large increase of Canadian arrivals, says the Colonization Companies, now forming in process of formation in England, are likely to help to increase the number of people who will be coming to the North-West with a desirable class of settlers. Most of the emigrants are men, and are very excellent, and have at their head many industrial and wealthy capitalists, and men of independent means. Their connection with the emigration is a most desirable one, and by what they are told by those in whom they have faith and can trust.

The class of emigrants coming to Canada is one of the class going to the United States.

"Figures are not always facts," but the incontrovertible facts concerning Kendrick's Mixture are that it is "curing everybody" writes a Druggist. "Kendrick's Mixture is the most popular medicine in the pharmacopoeia, and it is sold in such quantities that it is difficult to keep it in stock. Do not fail to try it."

We are persuaded that the ancient Hermes with all the subtle art and natural resources of the Alchemists, was a very poor doctor compared with the modern chemist, who has discovered the secrets of the art of curing diseases by what they are told by those in whom they have faith and can trust.

YOUNG MEN suffering from early indigestion, lack brain and nerve force, Mack's Magnetic Medicine, administered in other columns, supplies the missing element in the pharmacopoeia, and is sold in Woodstock, by Gardner Bros.

A female who may well be described as a phenomenon in Washington, about a month ago, gave birth to a baby boy. About three weeks afterwards gave birth to a girl child, thus accomplishing that feat which has never before been accomplished by any other mother than once in 100 years. Mother and children are doing well.

ST. JOHN MARKET PRICES. Reported weekly for "The Carleton Sentinel," by J. H. Allen, Produce and Commission Merchant, 26 South Wharf.

Batter, per bushel	21 1/2
Barley, per bushel	22 1/2
Lard, per cwt.	14 1/2
Peas, per bushel	14 1/2

Raspberries, per bushel	14 1/2
Strawberries, per bushel	14 1/2
Blackberries, per bushel	14 1/2
Blueberries, per bushel	14 1/2

The last fruit which is short but highly probable and characteristically an account of the origin of the present troubles in Egypt was a speculation of James. He paid £100,000 for the purchase of the Egyptian army, which they were to buy support for him. Two negro regiments were purchased. He was to land, and these regiments, with Arabi and his followers, were to be supported. Then commenced a series of intrigues, into which the French allowed themselves to be drawn. The result was that Arabi's mission was, if possible, to patch up some sort of apparent reconciliation between Arabi
