THE different Entertainments provided by the Hose Co. for the celebration of the 24th May, will without doubt be very enjoyable to the citizens and visitors from outside, as the sports are varied and interesting, and the members of the Company are sparing no pains to have them pass off successfully .-The fact of the day having been passed by for a number of years with little or no notice at all, will add more than usual interest to the celebration. The principal object, next to providing a public day of sports and recreation, is to raise a sum of money to go toward purchasing rubber coats and fire hats for the Hose Co. The Company have appropriated a portion of their pay for that purpose, which (should the day prove favorable) with what they will realize out of the tea meeting and concert, will probably be sufficient for the purpose. The programme will commence with the polymorphian parade, which will without doubt be a success, as a large number of names have been handed in to the committee, signifying their intention of taking part in the parade, in various costumes and designs. At 12, noon, two detachments of Woodstock Field Battery, under command of Capt. Dibblee, will fire the Royal salute; after salute the 67th Band will play the National anthem. The procession in the afternoon promises to be something extra, many novelties being presented that were never seen on the streets of Woodstock before. The Steamer will be gaily decorated and drawn by four horses; the Hose Co. have provided a handsome uniform. The Lower Corner and Upper Corner Engines are making extensive preparations to take part in the parade, providing themselves with uniforms, etc., and another Hand Engine will be manned by the boys. A mounted detach. ment from the Battery, a detachment of the Brighton Engineers, and of No. 1 Company, Capt. Bourne, will take part in the procession. Several of the leading manufacturers and trades will exhibit their different bran-

ches in this procession. Vocal and instrumental concert will take place at 4 p.m., consisting of songs and choruses, comic sketches, etc., from local and foreign talent. At 8 p. m., the display of Fire Works will take place. The day's entertainment will conclude with a Promenade Concert and Bonnet Hop at the Rink, for which an efficient orchestra has been provided. Meals will be served up in the best possible manner during the day at the Town Hall, at very low prices.

Excursions will be run from all points on the N. B. and N. B. & C. Railroads for low

A MINISTER DROPS DEAD WHILE ABOUT TO OPEN A REVIVAL SERVICE -The Rev. A H. Estey, the Baptist minister of Cambridge Mass., who dropped dead Tuesday evening in the school house in the Clark Poor district about seven miles east of Cambridge, held revival meetings there last week with marked success. At the earnest solicitation of the people he consented to continue his labors this week, beginning Tuesday evening. About 6.30 o'clock that evening he was standing a the desk, in the best of spiri's, apparently in perfect health and robust manbood, talking cheerfully to those around him, when, with out a moment's warning, he seemed to yawn, and dropped dead. The startling incident was followed by a very affecting and solemn scene. The young people, unaccustomed to meet death so suddenly face to face, and grieved and surprised that their loved friend should be stricken down in their midet, were so affected they threw their arms around each other's necks and wept aloud. Dr. Ketchum was quickly called. He found the house full of people, trying their best to bring the deceased back to conscioueness. After the remains had been properly eared for, the doctor and pork. We notice that Mr. Irvine made opened the bible where Mr. Estey had a least turned down, read the chapter the deceased intended to read, made a prayer and dismissed the meeting. The physician said Mr. Estey ficiently high, it being at present prices less was probably dead before he struck the floor. than 10 per cent. Sir Leonard Tilley said The remains were taken to Cambridge village that the returns for '79 and '80 show that Wednesday noon. Mr. Estey went from Westboro, Mass., to Cambridge last summer. The Baptist church had been without a pastor for some time. He held meetings, collected the scattered congregation, and the church was growing under his effective preaching. The revival just closed was owing to his earn est endeavors. He originated the movement which led to the ergagement of the Rev. Mr. Earle, the Evangelist, not long since.
