Tapley's Remedy.

— FOR —

Nervous Headache, Neuralgia AND SCIATICA.

THIS MEDICINE which is a Vegitable Compound, acts directly upon the Nervous System and is unequaled by any other medicine now before the public for the cure of *Neuralgia Nervous Headache and Sciatica.*

During the last two years it has been extensively used in various sections of the country with such satisfactory results that the Proprietor has been urged to put it before the public as a *Great Alleviator of Nervous Diseases* It is no Quack Medicine, being prepared by the prescription of a Surgeon in the British Army, and the Proprietor relies on his own standing in the community as a guarantee of his honesty of purpose in placing it before the public Wherever it has been used according to directions, it has never failed to produce the most satisfactory results In ordinary cases three or four doses will remove all pain, a few additional doses will remove the cause of the pain. Many persons of undoubted veracity, who have used this medicine, have frequently offered testimonials as to its efficacy in the above complaints. In offering it to the public, we do so with the utmost confidence in its medicinal merits for the cure of the troubles named. Full directions accompany each bottle. For sale at the following places:

Respectfully yours, P. V. CRIST.

MR. F. H. MCCALLUM—Dear Sir:—The bottle of Dr. Kendall's Spavin Cure bought of you last summer gave me the utmost satisfaction and performed a wonderful cure upon a mare nineteen years old belonging to me, which was badly spavined for ten years. She was so lame that I could hardly get her to move. The lameness is entirely gone after using half a bottle of the cure, and she is like a young horse again.

Yours truly, J. F. ROTH.

Send address for Illustrated Circular, which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.

Miscellaneous.

BAD FOR HIS WIFE.—He moved over one seat to get alongside of an old farmer, and then asked:—

"How was wheat in this section this year?"

"Only medium, sir. I did intend to get the old lady a silk dress this fall, but wheat turned out so poorly that I can't do it."

"Hay pretty good?"

"Nothing extra. I was going to get the old woman a new cloak this fall, but she'll have to wear the old one another year, I guess."

"Oats look fair?"

"Well, they won't begin to hold out. My crop will fall short over a hundred bushels. I was going to send the old woman on a visit to York State this fall, but I guess she'll have to stay to home."

"But potatoes are certainly a big crop?"

"Yes, potatoes are a big yield, and that will cut the price down to two shillings a bushel. I was going to let the old woman get a set of false teeth this fall, but the way things look now rather goes to show that she'll have to gum along until next year."—*Wall Street News.*

GEORGE KELLY, of Dunchurch, Parry Sound, suffered from dyspepsia for about seven years, and was cured by Burdock Blood Bitters. He says a half dozen others of his acquaintance have derived great benefit from the medicine, which he now recommends to all suffering from similar complaints.

"Widder Jenkins," said an Ohio farmer as he bustled into her house one morning, "I am a man of business; I'm worth $10 000 and want you for a wife. I give you three minutes in which to answer." "I don't want ten seconds, old man!" she replied, as she shook out the dish-cloth; "I'm a woman of business, worth $16,000, and wouldn't marry you if you were the last man on earth! I give you a minute and a half to git!" He got.—*Wall Street News.*

A HOUSEHOLD NECESSITY.—She would not keep house without it, so says Mrs. McArthur, of Hopeville, regarding Hagyard's Pectoral Balsam. This medicine is pleasant to take, and speedily cures coughs, bronchitis, asthma, weak lungs, and all Pectoral complaints.

A CRUSHED DEACON.—"I hate to see a woman with rings in her ears," exclaimed a good deacon; "they ain't natural. If it was intended for a woman to wear them she would have been born with holes in her ears. The first woman did'nt wear ear-rings, I'll be bound."

"No," remarked the quiet little man in the corner, "nor anything else."

The discussion was brought to an abrupt close, and the house adjourned without delay.

CONQUERED AT LAST.—D. McCrimmon, of Lancaster, was afflicted with inflammatory rheumatism from youth; all remedies failed, until he tried Burdock Blood Bitters, which was one year ago, since which time he has had no attack of the complaint.

Teacher—"Define the word excavate."
Scholar—"It means to hollow out."
Teacher—"Construct a sentence in which the word is properly used."
Scholar—"The baby excavates when it gets hurt."

Agitation in the world of homœpathic medicine has been its very soul of progress, as in politics and religion—the difficulties of opinion and the individuality of men have been parent to the disagreement by which the standard of these bodies have been elevated. So with most of our famous preparations—foremost in illustration of which truth stands the world-famous remedy to general debility and langour "Quinine Wine,"—and which, when obtainable in its genuine strength, is a miraculous creator of appetite, vitality and stimulant, to the general fertility of the system. Quinine Wine, and its improvement, has from the first discovery of the great virtues of Quinine as a medical agent, been one of the most thoroughly discussed remedies ever offered to the public. It is one of the great tonics and natural life-giving stimulants which the medical profession have been compelled to recognize and prescribe. Messrs. Northrop & Lyman, of Toronto, have given to us in the preparation of their pure Quinine Wine the great care due to its importance, and the standard excellence of the article which they offer to the public comes into the market purged of all the defects which skillful observation and scientific opinion has pointed out in the less perfect preparations of the past. All druggists sell it

WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. A LECTURE TO YOUNG MEN

On the Loss of

MANHOOD.

We have recently published a new edition of **Dr. Culverwell's Celebrated Essay** on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to marriage, etc., resulting from excesses.

☞ Price, in sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or use of the knife: pointing out a cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be may cure himself cheaply, privately and radically.

☞ This Lecture should be in the hands of every youth and every man in the land.

One advantage this mill has, is that it has all the upper St. John and its tributaries to furnish a never ending supply of logs; also the privilege of the noble St. John to float manufactured lumber to market. This mill is capable of manufacturing twenty thousand dollars worth of lumber per year, which amount of business, no doubt, would yield a good profit to the operator.

I also offer for sale one-half of the property known as the Taylor property, situate at Victoria Corner; consisting of a one and a half story dwelling house, 28x24, with ell and barn attached; also, a stone house 24x34, two stories, consisting of Jwelling house and ell attached, also store finished in good style for a dry goods and general business, also, a splendid cellar whole size of building.
