East Florenceville liems. Dec. 27, 1882. Xmas passed off very pleasantly; the weather was beautiful and was greatly enjoyed by the young folk in sleigh driving. I am happy to say there was no carousing. The concert began with music rendered by Dr. Rackliffe and son; then followed a dialogue

by James Allan and Kate Tompkins; recitation by Sadie Schriver; song by and Millie Boyer; recitation by Bayard ; singing by Kate and Mary Tompkins; and gue by Arthur Smally and S. Tompkins; music by Bayard Rackliffe; dialogue by Eliza Campbell, Annie Mullin, John Thomas and Edward Saunders. recitation by Wm. More; dialogue by L'zzie Banks, Jennie Lovely, Wm. More, John Thomas and A. D. Hartley; recitation by John Thomas. After this Santa Claus was introduced to the audience by the chairman and received with great applause. In a short address he stated that he expected to live 1,000 years for the pleasure of the little folks. Hist cance was very imposing and added much atterest of the evening. He then distributes he presents

from the X-nas tree, which was large and well laden with useful as well as beautiful and costly gifts. During the evening some 20 persons who were interested in the autograph silk quilt retired to Wm. Tompkins' with the committee, and the tickets were drawn by two disinterested ladies, Miss Georgie Wheeler and Miss Mand Burpee. Mr. Ezra Estabrooks, with ticket No. 85, was the lucky gentleman. This autograph quilt has added to our funds \$175 00. The chairman, A. D. Hartley, gave us a short address, and the National Anthem was sung, in which the audience joined. Judging from the many happy faces, all were well pleased with the evening's entertainment. The handsome sum of of \$60.50 was realized.

Andover (Victoria Co) Items. Dec 21st, 1882. The weather here for the past few days has been very cold but fine; the roads are in excellent condition, giving the farmers a good chance to bring their oats, &c., to the stores, and get their Xmas supplies in return. The stores are well furnished and are being

extensively patronized by the villagers and persons from the surrounding country. On Monday evening last a lecture, illustrated by dissolving views, was given in the Methodist subject of the lecture being "A Trip Around the World." He intends visiting many of the more important places in this Province and in Nova Scotia. He comes highly recommended by many clargymen of the upper Provinces, and the press has spoken highly of the lecture and accompanying views. Having had the pleasure of being present on Monday evening, we are able to say that the entertainment is all that the hand bills assert it to be-interesting, instructive and moral in its tendency.

7th Tier (Jacksontown) Items. Dec. 25, 1882.

The weather of late has been fine; plenty of snow, and good sleighing. Boys don't go West. Produce is high; potatoes have sold as high as \$1.30 per bushel. Hear Ye! Mr. Abner Briggs has got home from the West; he is looking well.

Our Sabbath school has closed for the winter. Our day school is taught by Miss Hamilton, who is well qualified for the task. Rev. W. DeWare preached in the F. C. Baptist Church, on Sabbath last. Service in the new Church every two weeks by Elder Knight. Mr. Robert Briggs; who got injured in the woods a few days since, is getting better.

Upper Woodstock Items. Dec. 28, 1882. On Friday last Miss Minnie E. Wiley closed her connection with the Primary Department of our school, after a period of over three years' faithful service. On that occasion the following address was presented to her, which was fitly

"DEAR TEACHER,—To-day we are called upon to sever the bond that has united you to us as Teacher for the past three years. We wish, before you leave us, to express our sorrow at such a step, and to assure you that you will convey with you our warmest sympathy and best wishes for your future success. We will recall with the most lively recollection, the pleasant times we spent with you, and the good feeling that has ever existed between you and us. We beg your acceptance of the accompanying souvenir as an expression of our attachment to you and kindest wishes for your future."

Signed by the scholars of the whole school. The address having been read by the teacher of

the Advanced Grade, A. Henderson, Esq, Sec. Trustees, presented to Miss Wiley, on behalf of the School, a handsome and valuable photograph Early in the present week, Union Sabbath School of this village made an interesting presentation to one of its members. Mr. William B. Wright, who has faithfully served the school in different offices, was made the recipient of an

elegant writing deak. At the same time, the members of Mr. D. J. Holder's class presented their teacher with a finely bound volume of Cowper's Poems. The Presbyterian Mite Society met last week at the residence of Mr. Henderson. The attend-

ance was good and a very interesting time was spent. The receipts for the evening amounted to \$5 80, which if so liberally continued will likely lead to an orthographical revision of the Society, in which case it will be known as the Might Society. Messrs. Woodford Ketchum and Alfred Brewer Christmas 1982. Christmas of this place, who have been distinguishing

themselves respectively at Mount Allison Academy and the Fredericton Grammar School, are one of the finest stocks of spending their vacation among their friends, who are pleased to hear of their success. Union Hall has been tastefully greened for the holiday season and now presents an Elysian appearance. We are looking forward to having BIBLES, PRAYER, PSALM some entertainments in that place as soon as the

As is well known the action of Cod Liver Oil is particularly marked in lung, rheumatic and strumous diseases. In this preparation it is characterized by peculiar purity. The phosphorus in hypophosphites furnishes a vital element of the blood, brain and nervous tissues, and the lime and soda supply the strengthening properties to the bones of which they are natural constituents. This emulsion promotes expectoration, enabling the bronchize to throw off the irritating mucus which obstructs and distresses them; renders the vitiated secretions healthy and heals the lungs.
