Jottings. A commercial traveler named C. S. Maybury, attempted suicide, of Fort Fairfield, on Saturday. He retired to his soom to write a letter and shortly after pistol shots were heard. Proceeding to his room it was found that he had fired five shots all of which had taken effect in his head, but strange to say without killing him ; when he came to himself, he could give no account of what led him to the rash act; the impulse and the act he said, were instantaneous. It is thought he will enterely recover from his wounds.

LATER —As we go to press we learn that the unfortunate Maybury on Thursday morning had strength enough to get out of bed and going to his window jumped out falling a distance of twenty feet. His recovery is now considered hopeless, The cause of the suicidal attempt is attributed to insanity produced by overwork. The St. Lawrence engine works and foundry, Toronto, owned by G. A. Pontbriand, and the second largest in Ontario, were burned Thurs-

day morning. The wife of Dr. McDonald, Golding's Landing, Wickham, Queen's Co., took a dose of strychnine in mistake for morphine, the other day, and died. Grafton Items.

The dogs barked, the fire bell rang, etc. etc. Mr. Thomas Bragdon's house, occupied by the owner, and situate on Paradise Row was town on business. The inmates of the house except Mrs. B, who was ill had gone out, leaving a large fire in the stove. It was soon discovered by the neighbors that the roof was on fire and

the house past hopes.

A large crowd of people was immediately on the spot, and fought fire well. Much credit is due some of the townsmen who so ably fought to save Mr. Noble's barn. We know that we speak the sentiment of the citizens of Grafton when we say that we feel very grateful for their attempt to reach the spot with the hand-engine.

The large and uniform demand for it is an evidence of its virtue, and Seeds sent by mail, postage paid, on receipt of price, 5 cts. per paper. Holloway's Pills.—Nothing preserves the health so well as these alterative Pills in changeable weather, or when our nervous systems are irritable. They act admirably on the stomach, liver, and kidneys, and so thoroughly purify the blood, that they are the most efficient remedy for warding off derangements of the stomach, fever, diarrhæs, dysentery, and other maladies, and giving tone and energy to enervated valetudinarians. All who have the natural and laudable desire of maintaining their own and their family's health, cannot do better than trust to Holloway's Pills, which cool, regulate, and strengthen. These purifying Pills are suitable for all ages, seasons, climates, and constitutions when all other means fail, and are the female's best friend.
