DO HENS PAY? As a general thing, the hens in this country a large one—we may reckon it as a three- leaving the latter place to return at 6 30, a. are kept in an open barn or shed, and so quarter vote.

fowls, 27 of them being hens and pullets, ing the year of 1882. The average price for unfair, unjust and mischievous canvass O nearly 100 chickens. I sold \$15 00 worth of stock during this fall and winter, leaving a partly there and partly in the other wards. stock on hand at Jan. let. 1883, in value of Now, the vote of Wellington Ward was, \$34.00, being a balance of \$16.05 over and eay, above my stock Jan. 1st, 1882, leaving a profit of \$69 89 for the year 1882

Farmers, as well as tradesmen and others, can put up a small hen house that would be very comfortable for \$8 or \$10 that would accommodate 15 or 20 fowls. Or, for the cost of \$18 or \$20, you can put up a ben house 8 x 16 feet, that would make two apartments (if you wish) that would accommodate 40 or 50 fowls, which would be trifling to the profits derived from them.

ing, care, and feeding of hens, if space would permit, but I shall defer at present I would advise anyone going into the fowl business to grades, as I have proved to be a fact; then study and learn the disposition of each breed. While some are non-sitters and others are good sitters and mothers, by crossing them | the figures thus : you have neither sitters nor non-sitters; hence you know not how to manage them
