THE NEW GOVERNOR-GENERAL .- AS 13gards the new Governor-General I notice that some portion of the Canadian press has been doing its utmost to prejudice the minds of the people against the Marquis of Lansdowne by repeating the statement that he has in past years acted harshly toward his tenantry in Ireland. Nothing could be further from the truth; and if the minds of Canadians need setting at rest on that point they cannot do better than to read of the enthusiastic reception the Marquis and Marchioness have just received while paying a visit to their Kerry estate at Derreen, near Kenmare. The Marquis is deservedly popular among his own . people, for there are few Irish landlords who do more to maintain a friendly feeling between themselves and tenantry, and to encourage thrift and industry by such means as offering prizes for the best kept cottages and gardens, and in many other ways. As a result of this generous policy the law has, throughout recent trying times in Ireland, been nowhere more respected and faithfully obeyed than at Derreen. The Marquis of Lansdowne will leave these shores with the good will, not only of his own tenantry, but of the people noble, generous nature.
