Don't forget that there is an excursion to St. Seeing what it has done for me, I can confidently Andrews, leaving here Saturday evening at 7.30. When we say that it is under the control of Augherton & Glidden we are saying sufficient

to show that it will be a well-managed affair. We trust the conversation at the Council board ers, &c may result in the Council putting into Liver Oil with Lacto-phosphate of Lime is prelow them to exist. And now, that the town has, or will receive, into her treasury some \$1,000 as the result of fines collected under the Canada Temperance Act, would it not be a right step for the board to strongly admonish the Marshal and constables that it is a part of their duty to see that the Act is respected, and to bring all violators to justice.

By a recent copy of the Canadian American, we observe that Dominion Day was duly honored by the Canadians of Minneapelis. A large gathering took place in St. George's Hall, among those present being Mr. and Mrs. B. Beveridge, the Misses Beveridge and Mrs. Beveridge. The musical programme opened with a duet, "Larboard Watch," in which Miss Kate Beveridge played the accompaniment. Mr. B. Beverige gave a capital recitation.

THE Town Council held a session on Friday evening of last week. An account for advertising in Halifax

Chronicle, \$8.00, ordered paid. Committee to confer with the N. B. Railway Co. regarding the location of their construction works, reported progress and were granted further time.

His Worship called the attention of Council to the fact that Martin Lyons who, with his team, had been hired to do the work required by Fire and Road committees, was not HOUSE FURNISHING STORE. Blue Serge Suits! discharging the conditions of his contract. His Worship especially found fault with Lyons for having used his team for other than town purposes.

Couns. Lynch, McLauchlan, Murphy and McLeod, expressed themselves strongly in terms condemnatory of Lyons' manner of carrying out his contract. Some of the Councillors intimated that on former occasions Lyons had used his horses for his own private driving, and had not always kept them har-nessed as agreed upon, but these former omis-sions they had been willing to overlook presuming that he would not repeat the offence but now, when on the 12th July, he was found with one of his horses over at the trotting park, and in consequence, the alarm of fire being sounded, the fire company were compelled to haul the steamer by hand, and, as a result, a young man lost his life, they could not in justice to themselves or their constituents consent to truet him and lost are constituents consent to trust him any longer.

Moved by Coun. McLauchlan, seconded by
Coun. Lynch, and unanimously—Resolved,
That Martin Lyons be discharged from the

The Road committee were instructed to open the culvert on King street and report On motion of Coun. Lynch, seconded by Coun. McLeod—Ordered, That the Police

Magistrate be required to make return at once of all fines collected by him. The following accounts were ordered to be paid out of the amount of fines handed into

the Treasurer, by Police Magistrate as collected for violation of the Canada Temperance Act:—Appleby & Courser, \$190 00; Uriah Hanson, \$252.30; J. T. Fletcher, \$51.75. These several items were for expenses incurred in the enforcement of the An informal discussion took place over the fact that on the 12th so many gambling operations were permitted on the public streets. His Worship was not certain as to the law as regards, especially, the wheels of fortune;

he would look into it and see what could be done to abate the nuisance. He stated that the soap and money selling business had not been licensed with his knowledge. His Wor-ship also promised to direct the Marshal to stop the dangerous practice indulged in of firing off crackers in the street.

An abundant hay crop may be expected.

Wheat and oats good; potatoes looking well, but there are parties here from Colorado, who have put in a strong claim. They have full possession and that is nine points in the law. They are laying a very heavy tax on farmers. Our two acre potato field has cost us about eight dollars extra labor, one dollar twenty cents for Paris green, and yet victory undecided, and if we should lose the battle, victory will make those hard she'll gentry ambitious, and they will lay We live at Temperance Vale; I feel inclined to

call it Rum Vale, this summer. There is, I am sorry to say, a man who is selling rum in defiance of the law and the wishes of the respectable residents of this place, and vows vengeance on any one who attempts to stop him. There are a number of young men who indulge their base appetite in strong drink. As we sow so we will reap, if strong drink is sown what will be the harvest? Please tell me, Mr. Editor. July 18th, 1883.
Haying has commenced and the music of the mowing machine is heard on all sides. On Sunday the 15th July, for the first time we actually heard "the sound of the Church going bell." For this luxury we are indebted to the enterprise and zeal of our Methodist friends at East Florenceville. The new tower surrounded by its graceful spire adds greatly to the appearance of the church.

Mr. Bluett, Evangelist, has been here during the week and held several meetings in the Baptist Church, preaching three times last Sunday to large congregations. enclosing cemetery lot 8 by 16 feet. No. 3 represents an enclosure for single graves, The Fountain Enclosure is constructed of pipes: which, when filled with water, serves not only as an enclosure, but vases are attached in which flowers, plants and vines may be placed. These are supplied with a constant moisture, caused by the evaporation of water from the pipes, through than in cool weather, it will be seen that the sup-ply of moisture is regulated according to the re-quirements of the plants By filling the Fountain plants grow luxuriantly for months without further

The Fountain Enclosure is made in any size and supplied with granite or marble tablets on which is carved the memorial or inscription for the dead. The Canopy is for trailing vines. To fill the frame with water, remove one of the vases. The water is drawn off at the bottom to prevent freezing. The Fountain Enclosure is very durable and cheap, and, in connection with the growing plants, presents a prominent and pleasing appearance.

In the Underground Fountain the pipes are laid near the surface, and as the earth near the surface is warm both night and day during the summer season it will be found that the evaporation is just as effective as though the pipes were above ground, as shown in cuts Nos. 1 and 3.

This system of irrigation is also adapted for Congervatories, Lawns, Window Gardening, etc.

As an enclosure for Cemetery Lots and Graves, this Enclosure or Reservoir is being universally adopted, and in connection with the Tablets it is fast superceeding the ordinary head stones, being one of the latest and most durable and beautiful designs ever introduced. Patented in Canada, United States and Europe. Having purchased the right to manufacture the above "Tubular Fountain Enclosure" for the Province of New Brunswick, excepting the Counties of St. John, King's and Westmorland, we are now prepared to fill orders.
