Report of Safe committee submitted and Board. His own idea was that a committee of one member from each parish, retiring by themselves, could look into the accounts more carefully than at the Board where there was cipality of Victoria:

We, your Committee appointed to get an expert to examine the safes of the County offices and report at present session of Council, bog to report we have not performed that duty for the following reason: an expert would have to remove part of the roof of the said offices in order to make a thorough examination of the state of the vaults, and as we, amination of the state of the vaults, and as we, then he was on a committee to examine Secretary Treasurer's account he found one mistake of some \$6 and another of \$35 or \$40.

The Warden said that notwithstanding the reported on the same and the same and

amination of the state of the vaults, and as we, they had an Auditor who reported on the your committee, were not authorized to make accounts, it had always followed that when any repairs if the roof was taken off, have re-ferred the matter back to the Board for further same, and that committee reported, they had been compelled to go to work and reconsider the accounts item by item. The Councillors were expected to remain at the Board and give the accounts that due consideration it
