THE PHŒNIX PARK PLOT.—London, Feb. 3.—A despatch from Dublin says it is believed that the Government has accepted the evidence of the men engaged in the Phœnix Park plot. The ranger of the Park has resigned his position. He is under police protection. He is not sure that he can identify more than two of the prisoners. There was a hitch in the signalling along the park at the time of the murder, caused by one of the men appointed to signal neglecting to wave his handkerchief. It is believed that this man has since been killed because of supposed treachery. It is stated that the police discovered and frustrated a plot to murder Judge O'Brien last Sunday.

DUBLIN, Feb. 3.—Great excitement was visible among the occupants of the densely crowded court room when the eight prisoners were placed in the dock.

J. C. Carey, a member of the Corporation; Joseph Brady, a cane cutter; Edward O'Brien, a shoemaker; Edward McCafferty, a van driver; Peter Carey, a mason; Lawrence Hanlon, a carpenter; Peter Doyle, a coach-builder, and Timothy Kelly, a coach-builder—eight of the men recently arrested here—were charged at the investigation, today, with the murder of Lord Frederick Cavendish and Mr. Burke in Phœnix Park. The reading of the charge was greeted by the prisoners, with a burst of loud laughter, which created a painful sensation in the court.

Mr. Fitz-simmons deposed that he rented a room from James Carey. He discovered in the loft of the house two knives and a rifle, which were produced soon after Carey's arrest.

The witness Fitzsimmons continued his testimony as follows:—The rifle and two knives were found among a lot of rubbish; they were not much concealed. A fortnight afterward he went to the police and delivered the knives and rifle to them. Amid intense excitement Inspector Smith produced the two long bladed dissecting knives, evidently as sharp as razors, and a Snider rifle which is quite new. The knives were eagerly examined by the magistrates. While this was proceeding there was a shade of uneasiness visible among the prisoners. In support of evidence against Carey, Doctor Porter, the surgeon to the Queen, deposed that the cuts in the clothes and wounds in Lord Frederick Cavendish and Mr. Burke were inflicted by instruments similar to those produced in court.

The witness Fitz-immons deposed that James Carey sometimes visited the loft where the knives were found. A chairmaker, named Hands, identified O'Brien as one of four men who were lying near to the scene of the murder, and Brady as being close by shortly before it was perpetrated.—Dr. Myles deposed that some of the wounds of Cavendish and of Burke corresponded exactly to the knives produced.

DUBLIN, Feb. 4.—At the examination of the alleged Phœnix Park assassins on Saturday, George Golden, an old Park ranger, deposed that at 7.20 o'clock on the night of the 6th of May, a car with five men driving furiously passed within ten feet of him at Chapel Izod gate, and he identified Brady as sitting on the side. This was felt to be strong evidence. Powell, son of a small farmer, identified Brady and McCaffery as lurking under trees of the Park on the evening of the murder. Powell further deposed that after passing the men he met Mr. Burke driving on the main road in a car.

The Halifax Banking Company has an agency in the town of Lunnenburg. On Tuesday last the cashier of the bank had occasion to transmit to the agency the sum of five thousand dollars. The money was in bank notes in two parcels of $2,500 each. These parcels were carefully made up, sealed, stamped, addressed to the Lunnenburg agent, and given to a clerk to be registered at the Post Office. On Wednesday night the bank received a telegram from the Lunnenburg agent stating that the two parcels had arrived, but that there was no money. Instead of $5,000 the agent had received a lot of waste paper. This information, it may be imagined, created a sensation in the circles directly concerned. The cashier late on Wednesday night reported the affair to Postmaster Blackadar, and a little later Post Office Inspector Macdonald was notified. After a careful enquiry these gentlemen came to the conclusion that the robbery had not been committed in the Post Office, but that the money had been stolen by somebody in connection with the bank and bogus packages handed to the registration clerk. Attention having thus been concentrated on the bank officials, suspicion at once rested upon a young man named Guy, who had been entrusted with the duty of taking the packages to the Post Office. A warrant to search the house in Dartmouth was issued yesterday afternoon, and while an officer proceeded to execute it, another went to the bank and arrested Guy. Finding himself in the hands of the police, Guy at once confessed his guilt and told where the money was to be found—in a gun case in his house. This proved correct, and the whole sum was recovered. Guy was taken to the Police station.—*Halifax Chronicle.*

*** "Test a man's profession by his practice. Physician heal thyself!" Physicians not only heal themselves with Kidney-Wort, but prescribe it for others for the worst cases of biliousness and constipation, as well as for kidney complaints. If you feel out of sorts and don't know why, try a package of Kidney-Wort and you will feel like a new creature.

The method of teaching grammar in schools from text books has of late met with a great deal of hostile criticism in the United States. It is contended that grammar as commonly taught is a laborious study; that it takes up much time; that it is distasteful to children generally; and that it does not produce good practical results. Those persons, the critics say, who speak and write the English language correctly have acquired the habit from reading well-written books and from hearing good speakers, and not from the lessons they have learned by rote in school. They assert that school children do not speak grammatically, and that very few grown-up persons who have had no other literary education than that which they received in school either speak or write with even tolerable correctness. This opposition to the ordinary mode of teaching grammar in schools has not stopped at hostile criticism. A motion was made a few days ago at the New York Board of Education by Commissioner Wood to exclude text books on grammar from the Public Schools of that city.

A VISIT TO HEAVEN.—There is a man named William Salisbury living in East Rockport, a suburb of Cleveland, O., who insists that during a trance he paid a visit to heaven. He describes it as an improved earth, divided into plains, of which he visited seven. He describes the people and face of the land in all details. He insists that he saw John Quincy Adams on the fourth plane, George Washington, Voltaire and Lord Bacon in the fifth, Dr. Chalmers, Marie Stuart and Queen Elizabeth in the sixth, and other great men in various planes. He denies his affinity to Spiritulism, and says he passed six days and seven nights in the journey. He was in a trance of some kind during the time, and his case baffled the physicians. He has lived in East Rockport for the last seventeen years, was formerly a resident of St. Louis, and servant to Mr. Henry West, the traveller, of that city. He is 65 years of age and of good repute.

The Mormon families who are about to renovate the old Mormon Temple near Mentor, Ohio, are disciples of Joseph Smith and Sydney Rigden, and they adhere to the Doctrine which is "that marriage is ordained of God, and that the law of God provides for but one companion in wedlock for either man or woman, except in cases where the contract of marriage is broken by death or transgression." That creed also held "that the doctrines of plurality and a community of wives" were heresies, "and opposed to the law of God." The time set for the re-opening is in April next. There is to be a general Conference and re-union of the non-polygamous branch of the Church. Several hundred mormons will be present, many of them from Illinois, where the church has gained and kept a stronghold for many years.

The arrest of S. M. Fields, one of the wealthiest citizens of Newport, Vt., on the charge of passing counterfeit money, has created a great sensation in that section, where the accused has been in business circles for some years and accumulated a fortune estimated to exceed $50,000. The officers found several dollars of counterfeit coin in 50 cent pieces in Mr. Field's pockets. These half-dollars were carefully wrapped up in tissue paper and kept separate from the bona-fide money found on Mr. Fields when arrested. It is believed there is a gang of counterfeiters on the Canadian side of the line who are continually shipping bad money to the States.

ST. JACOBS OIL

TRADE MARK.

THE GREAT

GERMAN REMEDY.

FOR

RHEUMATISM,

Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains,

Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals ST. JACOBS OIL as a *safe, sure, simple* and *cheap* External Remedy. A trial entails but the comparatively trifling outlay of 50 Cents, and every one suffering with pain can have cheap and positive proof of its claims.

JANUARY 1st, 1883!

LEMONT'S Variety Store!

ESTABLISHED 1844.

To the Patrons of Lemont's House Furnishing Store:

LADIES AND GENTLEMEN,—Mr. Martin Lemont's store was burned in the great fire of 1850, on the site of Sharkey's Block; again burned out 1854, on Phœnix Square Block. He then moved down into Coy's Block, next above our present store. There we were burned out in 1859, re-occupying the same stand again in 1860. From that time to 1871 we remained there. On May , 1871, we addressed you with a circular, stating that we would move into our present place of business on that date. We again desire to inform you that our Warerooms are now fixtures, and after so many years, again we thank you for your patronage in the past, and desire a continuation of the same.

With the largest store and Warerooms in the City, we have facilities for carrying on Wholesale and Retail Trade second to none in the Province. There are three Showrooms eighty-three deep by twenty-three feet wide, and a cellar under all, giving us a floor space of 7,636 feet. Besides this, we have other warehouses and back stores, with a workshop to have Furniture Made to Order and an Upholsterer to finish.

Our store is situated between the Queen Hotel and Barker House, and is but four minutes easy walk from the City Hall. If you look up high you will see our big sign "Lemont's Furniture Warerooms"

We have gone out of the second-hand goods department.

We buy our goods direct from the manufacturers in England, France, Germany, the United States and Canada, for Cash, and sell lower than any other house in the trade.

Parties going into house keeping, and others wanting House Furnishing Goods, will find this the most reliable store to buy them in Fredericton. The especial attention of the ladies is desired.

We shall in the future, as in the past, keep the largest stock of goods in new Household Furniture, Parlor Suits, in all kinds of coverings being a specialty, and a magnificent stock of Furniture for every room in the house; White and Colored Stoneware; China; Cut and Pressed Table Glassware; Cutlery; Kitchen Wares; Tin and Block Tin Ware; Silver Plated Ware; Lamps for Churches and Private residences; Fancy Goods; Christmas Goods. Wooden Ware; Household Hardware; Bohemian Vases; Cabinet Organs, of celebrated makers, on the instalment plan; Vases, &c. Goods delivered.

Respectfully yours,

LEMONT & SONS.
