QUITE a number of our citizens availed themselves of the privilege of viewing the beautiful scenery of the Grand Falls, and of attending the Picnic held there, by the Catholic Congregation. n Wednesday and Thursday, the 8th. & 9th. inst. Excursion trains left here at 8. 45 a m,, and after a delightful ride of four hours, inclu- to the Rev. JOSEPH T. INMAN, Station D, New ding stops, the Falls were reached. The excursionists, to the number of about 400, scattered hither and thither, some to the different hotels, but the greater number to the picnic grounds. The grounds on which the picnic was held could not have been better chosen, overlooking as they did the Lower Fall, basin and wells. The sports were varied, consisting of Base Ball, Indian War Dances, Dancing &c. The Fancy Table under the supervision of Mrs. John Costigan and Mrs. Currier, were beautifully arranged, and from the manner in which they were patronized, we should judge, in a measure, repaid the ladies for the pains they had taken in arranging everything so nicely and endeavoring DRESS MATERIALS to supply the wants of all. The refreshment table, under the supervision of Miss Costigan, where could be found Temperance Drinks in abundance, seemed to be well patronized, (and let me remark, that it was gratifying to know, that there was not a drop of anything intoxicating sold on or about the grounds.) As for the dinner and tea tables, all we need say is, that there was plenty of everything to eat, an i, as the boys would say, no scarcity of fair hands to "dish it out." In the evening some of the excursionists took a walk to the suspension bridge to view the great falls by moonlight, but the greater number wended their way to Blair's Hall to at tend the ball and Supper which was held there. There were about 300 couples present. The music was good, and the lads and lasses enjoyed themselves. Our respected townsman, James C. Milmore, was floor manager, and fulfilled tho duties of that important office with credit to himself and satisfaction to the company, although at times, "Jim" had his hands full (and there was one time we thought he had his arms fullin a dauce we mean). The only trouble seemed to be that " Jim" did not have "eights" enough on his programme, there were only about twothirds of dances of that class. However, everything passed off pleasantly and the dance broke

derstand the receipts for the first day amounted to about seven hundred dollars .- Com Ir was supposed that in view of the evi dent sympathy with the local governmen existing in St. John and the peculiar circumstances that caused a vacancy in its representation, there would be no opposition the return of the Provincial Secretary or to that of the gentleman selected by that party to fill the vacant seat-a gentleman who, judging from the tone of the press at large, is particularly well qualified to make a most excellent legislator. The result does not justify the anticipation, and besides Mr. McLellan and Mr. Stockton there are four or five candiates in the field. So it may be ex pected the vote at the coming election will be much cut up and quite an exciting time may be expected. The return of Mesers, McLellan and Stockton seems looked upon with a large and wisdom in making a selection to fill the seat vacated by the death of so eminent representative as the late Mr. Elder is uni versally acknowledged to have been. It is a significant fact that not one of the candidates comes out in opposition to the Government,
