Jottings.

Major D. McLeod Vince returned home on Thursday, having finished his course of study at the Boston Law University, and graduated with honors. His thesis at the closing exercises on Wednesday was "Equitable Mortgages."

Matt. Doyle, conductor of a log train on the N B. Road, had a foot and hand badly bruised on Thursday morning. His train ran into some bark cars which had been left on the main line, several cars were broken up. Mr. Doyle had a narrow escape, as he was thrown on the track, fortunately between the rails, and the train passed over him.

Mr. Ellis, manager of the Dominion Lighting Co. has had one of his "Vapor Gas" lamps burning in front of the Gibson House for a few evenings past. The lamp throws a good, clear, strong light, and appears well adapted for street purposes. The Town Council have ordered a lamp, we understand, to be placed on the Meduxnekik bridge; a number of private citizens have also ordered lamps to be erected in front of their places of business

The building occupied by Johnston & Co., as a residence for their local agent and a show room for their agricultural implements has been improved in appearance by the application of a coat of paint and some addition of a nicely painted and showy sign which adorns its front.

The Carleton County Sabbath School Convention meets this year at Centreville, and will continue two days. The date of meeting will be the second or third Tuesday in August.

As will be noticed, "Zora," the celebrated conjuror and ventriloquist, is to give a series of entertainments here, beginning on Monday evening next. We need not stop to introduce "Zora Semon," for he has been here before, and we cannot add anything to the reputation he has already won for himself. In order to be satisfied and happy you will have to go and see his entertainments.

The N. B. and P. E. I. Methodist Conference meets at St. Stephen on the 27th inst.

We notice that among the prize winners at the Sackville Academy the other day was Henry C. Taylor, of Florenceville, for proficiency in French. At the Ladies' Academy of the same institution, Miss Alla Sharp, daughter of Dr. Sharp, of this town, took a prize for proficiency in Algebra, and was also the winner of the Alumni prize in Mathematics.

The repairing of the sidewalks of the town has been commenced, and we doubt not the Road Committee will now push the work with all possible speed.

We have received copies of papers from the N. W. T. from Mr. J. G. Vanwart, of whose safe arrival there we are glad thus to hear.

Rev. G. W. McDonald baptized a candidate on Sabbath last.

Rev. Thos. Vanwart left on Friday morning to spend a portion of the summer in Wickham, Queen's County.

The semi-annual meeting of the County Lodge L. O. A. meets at Benton, on Thursday next at 1.30 p. m. A meeting of the Royal Scarlet Chapter will be held in the evening.

From the agent here, Mr. John McLauchlan of the "Golden Fleece," we have a copy of McCall's June and summer Fashion Plates. The ladies will be delighted with it; call at the Golden Fleece and secure one.

We are told that a portion of the railing of the bridge at Centreville, has gone away, rendering that part of the structure very unsafe. The proper authorities ought to attend to the matter at once.

On Tuesday evening a banquet was held in Toronto, in honor of Hon. T. W. Anglin, who is now at editorial work in that city.

Thos. Caffery, the fourth of the Phœnix Park murderers, has been hanged.

Vanderbilt, of New York, has been visiting the Duke of Westminster. Extremes here meet; the richest man in England and America respectively.

The potato market at recent advices was very dull in Boston, prices ranging from 65 cts. to 80 cts.

The Methodist Conference in session at Ottawa last week, adopted a resolution of sympathy for and loyalty to Queen Victoria, and offered prayers for her speedy restoration to health.

Rev. Dr. MacIise, for 19 years pastor of Calvin Church, St. John, died in that city on Friday last.

It is now said that Sir Charles Tupper will retain his portfolio as Minister of Railways while filling the post to be resigned by Sir A. Galt. He will only receive the salary of Minister, with expenses added.

Sir Leonard Tilley goes to England on the 16th on a financial mission and for the recuperation of his health; the strain on the energies of a Finance Minister, during a session long as the one just closed, is very great.

We have pleasure in directing attention to the advertisement of the new firm of Collins & Yerxa in this issue. Our friends from town and country will find on their shelves and counter a fine stock of fresh groceries, canned goods, confectionery, &c.

A meeting of the congregation of St. Paul's Church here, is requested in the Kirk on Tuesday evening first (12th inst.,) at 8 o'clock, for the election of Trustees for the current year.

Mr. Kerr Ferguson, of St. John, a brother of Mrs. R. S. Bull, and well known in this County, died suddenly at his home in the former city on Thursday, 31st ult. The deceased was a young man who was greatly esteemed, and greatly beloved by his nearer relatives.

We regret exceedingly to learn of the death at East Somerville, Mass., of Dr. Jas. H. Ellis, of Fredericton. Dr. Ellis was on his way home from Los Angeles, California, where he had been spending the winter, and where he owned a fine orange grove. The deceased was highly esteemed by all who knew him.

The annual Methodist Educational Meetings were held on the Jacksonville circuit this week. The deputation, Rev. Messrs. Turner and Campbell, addressed public meetings at Bloomfield on Monday evening and Jacksonville on Tuesday evening, on the above subject. Rev. Mr Knight presided at both meetings.

The annual Educational Meeting will be held in the Methodist Church, McKenzie Corner, Richmond, on Tuesday evening next, 12th inst. Chair taken at 7.30. Addresses will be delivered by Rev. Messrs. G. M. Campbell and M. R. Knight.

Santa Cruz, Cal., papers reach us from Mr. C. E. West, for which he will accept thanks.

His Hon. Judge Fraser was in town on Saturday. He spent the Sabbath at Robt. Brown's, Esq., Greenbank, and returned to Fredericton by boat on Monday.

Upper Woodstock Items.

The new bridge across Lane's Creek, which has been open to the public for some time, is a structure of fine appearance and the most approved workmanship. The aim has apparently been to secure a substantial bridge without sacrificing the features that go to make it look so attractive. Mr. Albert Brewer was the contractor and deserves credit for the satisfactory manner in which he has performed the work.

On Monday a train of the N. B. Railway consisting of two passenger cars and a freight car was derailed at this village. The accident is said to have occurred through the freight car, which belonged to a Western road, not being of the truest gauge. The passenger cars had some of their trucks removed, while the freight car was precipitated from the track, near which it still lies. No damage of a serious nature occurred.

The repairing of the public roads in this district was sold yesterday by the Commissioner. The work of repair, which in some places was badly needed, was entered upon to-day by the purchaser.

The railway bridge is receiving a coat of fireproof paint, which will add to its appearance as well as to its longevity. Why not serve the bridge at Woodstock in a similar manner.

Mr. James Jordan recently sold his desirable residence, situated just below the village, to Mr. James Atterton, of Jacksonville, who has removed to the same.

Mr. G. R. Ketchum is still busy pressing hay and has lately erected in connection with that business a barn 26x36 with a wing. On his farm, situated on the Jacksonville road, he has planted between twenty-five and thirty acres, or a little over two hundred bushels in potatoes. If some of our inventive farmers would give us a mechanical bug-picker, potato culture might assume much larger proportions in our County.

Bloomfield Items.

June 6th, 1883.

Mr. Editor, as your regular correspondent had neglected his duty for the past few weeks, I take my pen and assume the onerous duties of a newspaper correspondent.

The weather at present is rather unfavorable for the farmers; the majority of them however have nearly finished their spring work of planting and sowing.

Our day school is taught for the present term by Miss W. E. Siprell, whose pains-taking and untiring labors have won for her a well deserved popularity.

The "Jail Question" is exciting but little discussion among the farmers of this locality; the majority seem to be in favor of not only removing the jail but also the court house to Lower Woodstock.

One of our esteemed citizens, Robt. Flemming, Esq., has been confined to his house, for some time, by a severe attack of rheumatism. We are glad to learn that under the careful treatment of Dr. Hovey he is rapidly improving.

R. J. Dunn is daily receiving her spring goods purchased for cash in the St. John and Boston markets, and with an enlarged stock and increased facilities for the rapid transaction of business, is better than ever prepared to satisfy the wants of her numerous patrons.

A number of our young men intend leaving for Montana on Monday next.

The "celebrated J. F. Mills of St. John," gave one of his highly interesting literary entertainments here on the evening of the 22nd of May; the programme consisting of Dramatic Readings, selections from the standard poets, was attentively listened to by a large and appreciative audience. At the close Prof. Mills in a few well chosen words thanked those present for their liberal patronage, and signified his intention of again visiting Bloomfield at an early date.

Our Sabbath School is still in a flourishing condition. C. A. West, Esq., of Centreville, visited the school on Sunday last and at the close made a few appropriate remarks, commending the zeal of our worthy Superintendent, C. T Alterton, which preserved the life of the school during the winter months. Number present on Sunday last, 30; general average during the winter and spring, 20.

Report says that one of our numerous "fair ones" is likely to become an *Heiress*; her good fortune is weekly expected.

XENEPHON.

River de Chute Items.

June 4, 1883.

River de Chute is a quiet little business place. J. B. Porter, Esq, who keeps a general store here, has almost finished his new building: when done he will have one of the largest and best stores in the County.

The farmers around here are all doing well; most of them have got their crop in.

This place would be perfect if there was a school kept. There is a nice new school house, well furnished with all requirements but a teacher. What is the reason, then, that there is no school? Who can answer but the Trustees? There are many children in this district and a school is necessary.

THE CAMP AND THE EXHIBITION.—It is now understood that the volunteer training camp will again be held at Sussex this year, commencing late in September. The following corps will take part:—Brighton engineers, Major Vince; nine companies of the 67th Carleton battalion of infantry, Lt. Col. Ketchum; eight companies of the 71st York battalion of infantry, Lt. Col. Marsh, and four troops of the 8th Kings County cavalry, Lt. Col. Domville. The Woodstock battery of Artillery will this year, drill at its local headquarters. It is the intention of the authorities to conclude the drill during the progress of the Centennial and Dominion Exhibition, and to brigade the corps from Camp Sussex with the active militia of St. John, for a grand field day in or near our city, thus adding a great attraction to the programme of Exhibition week.—*Sun.*

HARRISBURG, Pa., June 1.—Mrs. Susan E Douglass, aged 27 years, of Cumberland county, during the absence of her husband, this morning, cut with a razor the throats of her three children, aged 5, 3½ and 1 year, and then cut her own throat. All were found dead. She had shown symptoms of insanity.

The counting of the millions of money in the United States treasury, ordered on account of the retirement of Treasurer Gilfillan, has been completed, and it is found that there is an excess of three cents in favor of the retiring officer,—an excess which existed when he took possession of the office.

The hens of the United States are a highly important feature in the national prosperity. They produce annually nine thousand million eggs, and of this number New York city receives not less than 500,000,000.

☞ The Diamond Dyes for family use have no equal. All popular colors easily dyed, fast and beautiful. 10 cents a package.

☞ Both Lydia E. Pinkham's Vegetable Compound and Blood Purifier are prepared at 233 and 235 Western Avenue, Lynn, Mass. Price of either, $1. Six bottles for $5. Sent by mail in the form of pills, or of lozenges, on receipt of price, $1 per box for either. Mrs. Pinkham freely answers all letters of inquiry. Enclose 3c stamp. Send for "Guide to Health."

FURNITURE

of all kinds on hand and made to order. HALL, CHURCH and SCHOOL FURNITURE a specialty. I have a good $5 000 stock on hand from which to select and at prices to suit my customers. Parties wanting Furniture need not leave home to purchase it, as I can do as well for them as the outside markets. I have a Sample Room in Town, opposite G. W. Vanwart's Dry Good Store now, but will remove—May 1st—to two doors below Gibson House, where I shall have a full line of Goods. Having good Machinery and a Dry House and the best workmen that can be got, and an experience of thirty years in the business, I feel that I can do justice to the public.

Thanking my customers for the very liberal patronage in the past, and hoping for a continuance of the same,

I am, yours truly,

A. HENDERSON.
