The first of all virtues is innocence;

General Aews.

WHAT IS A MONOPLY ?- The word monopoly is associated in the mind with the legal and artificial monopolies of the last three centuries. Such, for instance, as the Dutch East India Company, which, having the entire product of the Spice Islands, would destroy a portion of the crop rather than lower the price by bringing the whole to market. The workings of all these old monopolies were oposed to the public good, as they were operated in the maintenance of high prices. In England, under the successors of Henry VIII, they had become so numerous and grievous, that by act of James I, all monopolies were abolished excepting the right to patents. To this has since been added, in England and America, the government mon-
