while the Americans are satisfied with 32 lbs. And I call upon the millers of Canada te give a reason for the difference. Perhaps we have not far to look for the reason. The reason given by our people is, that very few of the laboring class. or the farmers, ever enter the Canadian Parliament, and that while they have men who claim to represent the poor, in reality there are few or none of their own class to stand up for the rights of exhibiting it on an occasions with the delighted exclamation:

'That is my little Testament—my own,' She would take it with her at night clasping it in her hands till she fell fast asleep on the wretched rags called a bed. The child was taken ill. The doctors, provided by her benefactors, declared she would die.

Her friends furnished her with what comforts they could, and watched the father lest he should steal them and sell them for whiskey.

Get on intimate terms with yourself, my boy, and, believe me, the father last had an an ow take at an industry and the second is, that it is a matter of convenience. When we take up our newspapers to read the prices in New York or Boston, we should know that the bashel means exactly the same in both countries, so that we could make comparisons between them. I am a practical farmer and labor, which is pretty well up to my former weight.

The above is a correct statement which I am proud of the fact; but personally I do not not care what the standard is, because, like many other the better as the doctor can testify.

I was unable, in the summer to walk any distance without much fatigue. I can now take the under of the same as much as any lumber man.
