direct a division by lot, with a capital prize or allotment of \$30,000 and some 1870 others, to take place at Gueph, Ont., on Oct. 30th next. This kind of division is said to be excepted from the Lottery Act and joint owners, as the shareholders are, can divide their property by Lot or Chance, independently of it. The Company then agree to redeem or take back the property paying the Value in Cash, thus making the affair result like a Cash Lottery. Parliament, it is said, will be asked next session to further prohibit Schemes like the present one and the Toronto Evening Canadian pertinently suggests that "At the same time the Stock and Grain Lotteries which have ruined and demoralized more people than all the regular Lotteries the world ever saw' be also prohibited. The man-agement committee of the Guelph affair including many of the leading citizens, are pushing it vigorously and will no doubt make it a success.—Advt.

Aware of this it was the custom of our grand-mothers to prepare decoctions of Burdock, Dandelon and Cherry Bark for the purpose of restoring the stomach to a healthy tone, and purifying the blood, but the medical skill of the present day finds such things ineffective and sometimes injurious. Hanington's Quinine Wine and Iron, used in conjunction with Hanington's Tonic Dinner Pills, restore the appetite, invigorate the system and purify the blocd immediately and effectually, as thousands testify who have been benefited by their use.
