Ellis, Esq., of St. John, presented Miss Mattie Brewer with a handsome book, in recognition of her work shown in connection with the educational display at the recent Exhibition. Mr. Ellis accompanied the prize with remarks that were very complimentary to the scholars of the school who sent their specimens to St. John. The above taken in connection with the fact that Miss
Jones, from the same school, took a prize at the
Exhibition, is highly complimentary to the character of Mr. W. T. Kerr's school.

A CREEPING HORROR - Several young pecple-bright, imaginative, and observant-sat one evening until late talking over the subject of supernatural experience, and at the 1 Cask Rochella Salts; close all retired more or less in a state of excitement. One of the young ladies, a brave but nervous girl, was somewhat startled by the thought that she heard, an hour or so after she had retired, a groan in the hall, by her chamber door. She soon heard it again, and then the door she funcied she had locked slowly opened and a white shape entered the moonlit room; a grovelling, moaning shape that slowly crept along to her bed. A cold hand seized her wrist and clutched her arms, and an articulate voice strove to speak. Then she saw with horror a deep mark on the throat she had grasped. It was warm! It was moist! But her fingers had lost their power to relax, and she held the shuddering shape till her screams brought her friends .-There with her fingers still grasping his bloody throat, was her own cousin. Worked upon by the exciting conversation of the evening, he had gone to his room and cut his throat. Repenting too late he had entered the next room for aid; too weak to walk he had crawled to her side and she—had choked DANIEL & BOXD

bim to death .- Boston Traveller, NEARLY BURIED ALIVE -Black River Falls, Wis., Oct. 22.—The sensation of today is the return to life of a young lady who, to all appearances, had been dead three days. Miss Lena Richman, daughter of a wealthy German, had been sick for some weeks, and died, as was supposed. The body was prepared for burial. There was fear in the minds of some that the appearance of the young lady's face did not indicate death, but on the fourth day the funeral was held .-While the ocremony was in progress, Dr. Baxter, of Milwaukee, seeing the face of the supposed corpse, asked that the service might be interrupted long enough for him to attempt resuscitation. This was done, and he succeeded so well that the woman arose with a shriek. The scene which followed was highly exciting. Men turned pale with horror, and women fainted. It was a long time before anything like quiet was restored.— Yesterday many called to see and congratulate the lady, whom they never thought to see again in this world. She says that while in a trance-like condition she realized with unspeakable agony that she was being prepared for the ground, but could do nothing.

St. Croix, October 30th, 1881. C. GATES, SON & Co.: Dear Sirs,-I have been afflicted with Erysip. elas in my legs for three years, suffering pain more or less during that time, and some of the time being unable to work or to walk. I tried everything that I could hear tell of for external or intrenal use, and was attended by an M. D. for three years, but all to no effect, as I still grew worse. At last I was advised to try your life of man bitters No. 2. and invigorating Syrup No. 1.

After taking two bottles I began to feel better, and I kept on using it until I had taken nineteen bottles, when I found myself perfectly cured. It is now six months since I stopped using the medicine and I have no sign of erysipelas. 1 thank God for causing such roots to grow, and you for searching out such a wonderful medicine, and as I feel for suffering humanity I desire that this certificate be fully advertized, as every word is true and can be proved by coming to St. Croix.
