There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir-the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient-what would relieve one ill, in turn would aggravate the other. We have, how-ever, in Quinine Wine, when obtainable in a sound undulterated state, a remedy for many and grevious ills. By its gradual and judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep-imparts vigor to the action of the blood, which being stimulated, courses throughout the veins, thereby making activity a neces-sary result, strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance-result, improved appetite. Northrop & Lyman, of Toronto, have given to the public their superior Quinine Wine at the usual rate, and, gaged by the opinions of

scientists, this wine approaches nearest perfec-tion of any in the market All druggists sell it.
