> As to The Post, there are few in this country, or any other country, who are not familiar with it. Established in 1821, it is the oldest paper of Literary and Family Journal in the United States. For the coming year we have secured the best writers of this country and Europe, in Prose and Verse, Fact and Fiction. A record of over sixty years of continuous publication prowes its worth and popularity. The Post has never missed an issue. Its fiction is of the highest order—the best original Stories, Sketches and Narratives of the day. It is perfect ly free from the degrading and polluting trash which characterizes many other so called literary and family papers. It gives more for the money, and of a better class, than any other publication in the world. Each volume contains in addition wards of five hundred Short Stories. Every number is replete with useful information and Amusement. comprising Tales, Adventures, Sketches, Biography.
