## AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs; none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

A Terrible Cough Cured. "In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent was affected. Lemp now 67 years nent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.
HORACE FAIRBROTHER."
Rockingham, Vt., July 15, 1882.

Croup. - A Mother's Tribute. "While in the country last winter my little boy, three years old, was taken ill with croup; on. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,

MRS. EMMA GEDNEY."

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRAGDON."

Palestine, Texas, April 22, 1882. No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is not already beyond the control of medicine.
