known to the general public. JOHN CRONKHITE. Northampton, Jan. 22, 1884.

C. C. S. S. CONVENTION. Send matter for this space to G. L. Hely oke. Woodstock, N. B.

LESSON IX, March 2 id. "Paul Athens." Acts 17: 22 34.

There will be a public meeting in the F. C B. Church, Jacksonville, next Monday evening, March 3rd, for the purpose of organiz ing a Parish Convention for the Parish of Wakefield; a good representation from every part of the Parish is desirable and it is hoped that everybody who can will be present The programme, of which the study of the lesson for the following Sunday is a part, should be a very interesting one.

A great part of practical wisdom consists tions remain open; and, conversely, one of for answers to questions than any other Bat. Foster was to move on Thursday to that efin the simple art of letting perplexing questhe greatest, as well as one of the commonest, tery in the Dominion. mistakes which men make, is to imagine that all questions must be settled before one can go calmly on in the quiet business of dutydoing. When the world begins to commend the wisdom of the farmer who refuses to plant his potatoes until he has settled the vexed question of the number of the elements, it may be time to begin debating whether Christian duties have no binding biblical criticism or of religious philosophy

THE TEACHERS' COVENANT .- "I do solemnly promise to devote myself, with all diligence. to Sunday-school labor. I will endeavor to study the word of God thoroughly and prayerfully; to spend as much time as possible in reading, meditation, and prayer, with special reference to my work; as regularly as possible to attend all the means of grace; to visit my scholars as their temporal or spiritual necessities may require, and to be punctually present at school and all meetings

Tar LITTLE ONES .- Our children! Bles-

They are immortal souls. The light they morning-the morning of an endless day of and love and grow. They are to enjoy or ing, which they went through with great

The power of choice is their inheritance. I hope the other subaltern, Lieut. Connell, They are to determine their own destinies. They are to appropriate or reject the forces will be able to go through a course this winthat make character. We cannot choose for them ner coerce them. They must make their own destiny under the divine laws of epiritual life.

One of these laws is that of personal influence, the powers and limitations of which no man can measure. We are, indeed, to leave to God the work of God, and to the individual soul the work which that soul can alone perform; but, in connection with this two-fold love, there is an important work in behalf of souls which we are required to exe We dare not neglect it. PARLIAMENTARY NOTES. From the Report of the Minister of Militis it is learned that the active militia Canada consists at present, in round numbers, of 37,000 officers and men, comprising the following corps :-

Cavalry-3 Regiments, 4 Provisional Regiments, 2 Squadrons, and 4 independent

17 independent Field Batteries.

Garrison Artillery -2 Regiments, 4 Brigades, 1 Provisional Brigade and 18 independent Garrison Batteries.

Mountain Artillery-1 Half Battery. Engineers - 3 Companies. Infantry and Rifles -1 Infantry School Corps, 88 Battalions, 5 Provisional Battal-

ione and 131 Independent Companies. From the respective reports contained in Quebec secures important financial advanthe book, we extract the following, bearing tages direct, as thus stated by Sir Charles upon our local corps. Lt. Col. Taylor, D. Tupper A. G. of New Brunswick, in his report,

practical use of the " Heliograph."

These are two Corps of very fine physique. They were in Camp here two years ago, and I found them much improved since then. They all worked hard to perfect themselves and to parade in a smart and soldier-like the Housemanner for the Major-General's inspection.

I need hardly say that a large proportion of these were recruits. There was daily squad inspection and the men were chiefly instructed in squad and company drill.

Intercept to struct the munificent and structed in squad and company drill.

Intercept to struct the munificent and structed in squad and company drill.

Intercept to struct the munificent and structed in squad and company drill.

Intercept to struct the munificent and structed in school-house should either be allowed to pay taxes on them, in the school-house should princely benefactions of some of its members at a time when as a body they were loudly appears ago she had 3,000 inhabitants and now was also well adapted for an Atlantic terminates to struct the school-house should city was en the 12th inst. Fifty princely benefactions of some of its members at a time when as a body they were loudly appears ago she had 3,000 inhabitants and now has 17,000.
