BOSTON LETTER.

BY HIS NIBS.

Boston, Wednesday, Feb. 27.

Some time ago the SENTINEL had a Boston correspondent, but of late he has, seemingly, dropped out of existence. Why was this thus? His letters were certainly interesting and we all felt sorry when he discontinued them. Perhaps he got discouraged with the remarks made by a certain *Critic*, who attempted to correct him in a quotation he made use of. Be that as it may, I shall endeavor to give the SENTINEL a few lines occasionally, and I hope that *Critic* will spare me, as really, you know, I am young at this business, and he might ruin my bright future, and we all know what a future there is before a newspaper correspondent.

Friday, Feb. 22nd, being Washington's birthday, we all realized a grand holiday in his honor. Business was generally suspended throughout the city and everything donned a holiday appearance. Although more quiet than public days are in Boston, the day passed off very pleasantly. Governor Robinson held a reception in the afternoon, at which thousands were permitted to shake the hand of the Governor, and all seemed pleased at the privilege granted them. The Governor seems to be very popular among all classes, so different from Ben Butler, you know.

Anyone visiting Boston at this season of the year cannot fail to find plenty of amusement. Our theatres are always a source of enjoyment to anyone and they cannot be beat for bringing out first class plays. Boston has the name of being the most critical place, and a new play brought out here, should it meet the approbation of the public, is sure of success most anywhere else where it is produced.

The investigation as to the cause of the disaster to the City of Columbus terminated on the 21st, but there was nothing new developed. Captain Benise of the Glaucus, the boat which passed the City of Columbus on that fatal night, testified that he saw the boat but supposed the passengers had all been drowned or saved. The only thing they found out during the investigation was this: The boat ran on the rock, nearly all were drowned, and nobody knows who is to blame.

Oh! what a thing mud is, and how much of it we have had for the last two weeks. Why we can say, in the words of somebody (perhaps the *Critic* can tell me who) that we have had "something too much of this." Nothing but slush, slush. But to-day the sun is out, the prospect is we shall have fine weather, for at least one day.

The amount of money for the relief fund to the western sufferers, raised in Boston, amounts to $18,196 51. Besides this amount the people have subscribed large sums to the Gay Head Indians.

It is announced that the Maritime Provincial Association will give a dramatic entertainment Friday 29th. This association frequently gives very pleasing entertainments and is composed largely of Provincialists.

WINNIPEG, Man., Feb. 23.—Advices have been received from Indian Head and Broadview to the effect that the Indians are in revolt on on File Hills, Long Lake and Crooked Lake reservations. The Government stores have been seized and the employers held prisoners. Detachments of mounted police have been sent out. The cause of trouble is said to be short rations. The Indians said to be in revolt are Crees and Salteaux. They have been regarded as much less dangerous and more civilized than those further south. The trouble therefore, is all the more threatening in its character. Had the south Crees, Blackfeet, Bloods, or Piegans caused the trouble it would not have been so surprising, but that Indians who have advanced so far in the arts of civilization should cause trouble indicates that the provocation must have been something extraordinary. The malcontents are all within Qu'Appelle region and belonging to Indian Head Agency, which contains 2,586 souls.—*Telegram to St. John Globe.*

LATEST—Feb. 26.—A despatch from Broadview, Northwest Territory, dated yesterday, says contrary to expectations, Yellow Calf the rebellious Indian chief, gave himself up to the police this afternoon together with four of his braves. They started for Regina this evening to be tried by the courts. Everything is quiet to-day and the trouble is probably over for the present.

SHREVEPORT, La., Feb. 26.—The river is higher than it has been since 1849 and is still rising. Steamers are bringing in people and stock from submerged plantations. The whole country for 100 miles above and below here is reported to be under water. Great damage is being done. The river is filled with floating debris and dead cattle.

Secretary Lincoln received a telegram Saturday from Gen. Saxton, at Louisville, Ky., stating that he had expended $54,000 for the relief of the flood sufferers, and that relief must be continued for several weeks, and that $60,000 additional will be needed between Madison and the mouth of the Ohio. Secretary Lincoln, Saturday morning, forwarded Gen. Saxton the $60,000 required.

TUESDAY'S TERRIBLE CYCLONE.—One million dollars' worth of property, 5,000 houses, and 300 to 400 lives are the forfeit paid to the terrible storm on Tuesday, says an Atlanta, Ga., despatch. Forming in the valley of the Chattahoochie, it spread into a fan shape in Columbus, one arm running into Alabama, until interrupted by the Red Mountains, thence across to Cape Springs, Rome and Canton, and, deflecting a little southerly, to Athens, it demolished property in Banks, Jackson and Madison counties. Another arm shot through Carroll and Chattahoochie counties, killing many people, and another arm crossing the State from Columbus to Columbia, passing through the town of Ninety-six, S. C., and thence to the ocean. From all three arms many smaller tornados formed, which ran up the valleys, carrying with them death and desolation.

PRICE OF CANADIAN FURS.—In New York some Canadian furs are quoted as follows:—Deer raw 30c. per pound; beaver, $6 each; bear, $7 to $10 each; red fox, $1.60 to $1.80 each; lynx, $4 to $5 each; skunk, 30c. to 80c. each; mink, $1 25 to $1.75 each; wolf, $3 to $5 each.

The business failures of the last seven days, as reported by R. G. Dun & Co., number for the United States 206 and for Canada 40. Total 246, as compared with a total of 298 last week. A reduction in the number and importance of failures all through the country is apparent, especially in the Western States.

DR. MCLEAN'S VEGETABLE WORM SYRUP.—The children cry for it; mothers sigh for it; everybody praises it. Safe, pleasant and effectual; 25 cts.

No lady who delights in flowers, and likes to see them do well and bloom abundantly, should be without *Hanington's Food for Flowers.* Ordinary packages 30c.—sufficient for 20 plants for one year.

I CERTIFY that I obtained immediate relief during a severe case of bronchitis, when in Camp Sussex this year, by the application of Minard's Liniment.

C. CREWE-READ, Lieut-Col.

St. John, 13th Nov. 1882.

Croup and Diphtheritic Croup, which are so frequently fatal in their attacks, often yield readily to a thorough application of "*Penetrating*" Liniment. No household, which is enlivened by the presence of children, is safe without a supply of this medicine. A bottle kept on hand for timely use has saved many a family from years of unavailing regret. For sale by all druggists and general dealers in Canada.

A Child's Opinion—A Fact.

STANLEY ——— had recovered from a very serious illness, brought on by too close application to his books, in his earnest endeavors to outstrip his little schoolmates in the race after knowledge.

His little brother, Percy, a youth of three summers, as was quite natural, held a very high opinion of the medicine (Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime) that had produced such gratifying results—but, at the same time, had a very warm affection for it on his own private account. After having enjoyed sundry "refreshments" from the nearly empty bottle, which by common consent had descended to him, he critically holds it up between his eye and the light and with the air of a chief justice remarks,—"Mamma, I like zat better'n lobster."

Little Percy's just appreciation is a very general one among the children who have once taken "Robinson's Emulsion," and mothers would have less cause for anxiety on account of the ceaseless drains upon the too frail constitutions of their fast-growing little ones did they but fully estimate the marvellous strengthening and vivyfying properties of this medicine and its adaptability to the wants of *growing structures.* Try it!

Prepared solely by Hanington Bros., Pharmaceutical Chemists, St. John, N. B., and for sale by Druggists and General Dealers. Price $1 00 per bottle; six bottles for $5.00.

Tenders Wanted!

TENDERS will be received by the undersigned Trustees of the Estate of Mealey & Clark, up to Wednesday, the 19th day of MARCH next, at 12 o'clock, noon, from parties wishing to purchase *en bloc* the

FAIRVILLE FOUNDRY.

The property consists of a leasehold lot, ground rent $60 per year, with the Buildings comprising Foundry, Machine, Blacksmith and Carpenter shops, and the Plant and Machinery, Tools and Patterns connected therewith; and also a freehold lot of land with a barn and sheds. The Shops are well fitted up and the machinery is all in good order, ready to start. Full sets of Patterns for Mill, Railroad and general work.

This is an excellent opportunity to procure a good established business at a small outlay. The Foundry is within easy access both by water and rail, and the situation is admirably adapted for carrying on Mill work. The Trustees do not bind themselves to accept the highest or any tender. An Inventory of the plant and machinery can be seen and the property inspected at any time on application to the Trustees.
