

C. C. S. CONVENTION.  
Said meeting for this space to G. L. Hols-  
oke, Woodstock, N. B., June 15-18.

LESSON XI.—Sunday, June 15.—The  
Blessedness of Believers.—Romans 8:28, 30.

The Sunday School at Beaufort was or-  
ganized April 12th. Samuel J. Dow was  
chosen Superintendent and Mrs. J. Dow As-  
sistant. W. H. Smith, Secretary. Teachers  
were subsequently appointed. They use the  
International Lessons. Hour of meeting, 9  
a. m. There has been a good interest kept  
up in this school and the officers and teachers  
are laboring with a lively hope that the good  
seed sown will bring forth an abundant har-  
vest to the glory of the name of Jesus.—Con.

At the last meeting of the Executive Com-  
mittee, held June 3, S. J. Parsons was ap-  
pointed a delegate to the International Sun-  
day School Convention to be held in Louis-  
ville, Ky., this week.

The intimate connection between Mr. Par-  
sons and the Sunday Schools of this County,  
and his happy faculty of imparting the ben-  
efits of his visit to the International Con-  
vention guarantee the success of this appoint-  
ment by the Executive.

TRAINED TO WORK.—Our young people  
should be trained in practical work, in the  
half of their divine Master. Our religion  
must be more than a series of definitions and  
creeds. Our young people must know the  
power of Gospel grace, and illustrate this.

What is religion worth if it is not  
notably practical in its principles? We  
profess as Christians to believe in the love  
of God, but in the love of God which  
develops itself in practical deeds of help-  
fulness to our fellow men.

In every community there are individuals  
who have, for months or even years, been  
confined to their beds, who from the very  
nature of their disease, may be unable to use  
their eyes in reading, and to whom the most  
blessed ministrations would be the visit of  
some young person, who in a clear, cheer-  
ful, strong tone of voice, would read to him  
in some interesting and instructive book.

A superintendent may organize a band of  
pastoral workers, young people, who will  
consent to visit such sick people, and be  
before mentioned, and render the service  
commended.

The great need of the Sunday School work  
of today is better teaching. In order to  
better teaching, we must have better teachers,  
men and women who are not only well in-  
formed and strong convictions, but who do not  
believe that the Sunday School is an institu-  
tion apart from the Church; who have a spiritual  
purpose, and who are willing to devote their  
divine energy, will devote themselves to  
careful, conscientious, and devout prepara-  
tion.

The Sunday School teacher is practically  
a class-leader, having a charge of souls, re-  
presenting to them the Church of Christ, doing  
much good, much harm, by silent influence  
and daily example.

#### Communicated.

FOR THE CARLETON SENTINEL.  
Messrs. Editors.—The elections of Victoria  
have been very interesting, and the results  
the outcome of a long and arduous campaign.  
The prospect of some of the candidates  
who are spoken of as being out for election to  
fill the vacancy created by Mr. Thibault  
leaving the county and accepting office.  
The writings have emanated principally from  
four Falls and Port Hope, the former  
saying that Mr. Brown was the popular man  
and the latter Mr. Stewart. I beg, however,  
to differ from both these writers, as I am  
fully persuaded from the popular man  
had with the solid and influential men of  
all parts of the county, that Geo. T. Baird  
will carry three-fourths of the vote of the County.  
Mr. Baird is a young man of good ability  
and well acquainted with the various interests  
of the county, and the elections would act  
very by making him their choice.

Yours truly,  
DRIVING SUPERVISOR.

THE CARLETON SENTINEL.  
Messrs. Editors.—I have seen the letters  
of Mr. Samuel N. Foster, in your paper, and  
if he was worth notice, I should answer; but  
he is not, I do not wish to take up val-  
uable space in your paper regarding him.

Yours truly,  
DRIVING SUPERVISOR.

THE FIREMEN'S DAY.  
There appears to be no doubt that the 19th  
will be one of the liveliest days ever wit-  
nessed in Woodstock, should the late pro-  
prietors and lend us holiday weather on  
that occasion. The City Hall is crowded  
with fire companies about have met with a  
will acceptance in all the towns and cities  
of the western part of the Province and  
delegations will be present from St. John's  
Portland, Fredericton, St. Mary's, St. Ste-  
phen, Calais, &c. One or more bands will  
accompany the visiting contingents. The  
men of the Fire Hook and Ladder Company  
that are coming may, of course, be regarded  
as the picked men from their respective com-  
panies, and therefore it will be expected that  
the various races will be of the keenest and  
most exciting description. Our boys will be  
put to their mettle, but we have no fears for the  
result.

While, of course, Woodstock will be crowd-  
ed on the 19th by visitors from far and near,  
none need stay away from fear of finding  
accommodations; ample provision will be  
made at the Rink for feeding all comers with  
the substantial and luxuries of the season,  
while the many and good hotels, in which  
Woodstock is noted, will not doubt afford  
protection and food and lodging to as many  
as apply. Therefore, come, everybody! Come  
and bring your own money, and you will  
find a royal welcome and good cheer.

The Firemen's procession will be a sight  
well seeing; it will comprise the representa-  
tives of the Firemen of the Province and will  
be escorted by a number of crack bands.

The Trade and Manufacturers' procession  
should be, and will be taken hold of by our  
citizens as it ought to be, of a very imposing  
and interesting character. Our traders and  
manufacturers have the taste and the sense  
to make grand display; to advertise them-  
selves and their wares, and we hope to see  
this part of the programme made a complete  
success.

The Grand Polymorph Parade will be  
its striking, telling and humorous charac-  
teristics throw into the shade anything of the  
kind ever before attempted in a Town  
proceedings of Woodstock, and will be funny  
enough to make a horse laugh. For the time  
of starting and the time of the procession we  
refer the reader to the adv. in another  
column.

In the evening there will be a grand pro-  
cession display embracing some of the new-  
est things out in the fire works line.

The Rink being put into proper trim  
having its floors polished and otherwise im-  
proved and by being newly trimmed for the  
Promenade Concert and Jockey Hop in the  
evening, which, doubtless, to many prove  
the interesting feature of the day's amuse-  
ments. The promoters are fortunate in hav-  
ing so roomy and suitable a building as the  
Rink in which to comfortably accommodate  
the large crowd which will probably be re-  
sulting from the day's amusements. As though  
the privilege of tripping the light fantastic  
was not sufficient inducement to lead to a  
participation of this part of the entertain-  
ment, an increased incentive is added, in the  
shape of a prize of a gold ring, offered to  
the best lady waltzer. The music for the  
Concert and Jockey Hop will be of the most  
excellent character, being furnished by Prof.  
Wade and the Gibbs Bros. of Boston.

The very latest accounts are of the most  
encouraging character and the influx of visi-

tors on the 19th will surely be the great  
feature of the day. The firemen are  
working night and day in order to have  
everything in readiness, and in their efforts  
are being warmly assisted by our leading  
business men. The Sentinels, in ad-  
vance, writes down the Firemen's celebration,  
1884, a grand success—may the man,  
woman, or child who shall miss being in  
town on the 19th!

Jas. G. Blaine has succeeded, this being  
the third trial, in securing the nominations  
Republican and the presidency of the  
United States. This result was reached in the  
first trial, at Chicago, when the Convention of  
delegates was held. There were four ballots  
cast. On the first ballot there were 8 names  
in nomination, the highest vote being Blaine  
332, Arthur 274. The second and third bal-  
lots showed a steady increase for Blaine and  
a falling off for Arthur's support. At the close  
of the third ballot it was announced that  
John A. Logan, who was in nomination,  
would transfer his strength to Blaine and  
this virtually settled the matter, the fourth  
ballot showing the first result as follows:

Arthur	248
Blaine	501
Cleveland	11
Logan	7
Sherman	7
Tilden	2
Lincoln	2

John A. Logan was then unanimously  
nominated for Vice President, the action of  
his friends in yielding, as above stated, his  
strength to Blaine assuring, no doubt, the  
result. Judging from the newspaper accounts  
the names elected in the hall of the Con-  
vention the session was very exciting and  
the result was a surprise to many. The  
Republican press throughout the country  
has been very general approval, while the  
Democratic press has been very general  
disapproval of the result.

Mr. Blaine has had a long and varied  
experience in politics in both local and  
general elections. He has been a professor  
in college and a practical journalist. A man  
of good presence, a fine orator, well edu-  
cated and of ripe experience, his election to the  
chair of the Presidency is a triumph for the  
Republican party. He is a man of high  
character and of high ability, and his  
election is a triumph for the Republican  
party.

and women who are not only well in-  
formed and strong convictions, but who do  
not believe that the Sunday School is an  
institution apart from the Church; who have  
a spiritual purpose, and who are willing to  
devote their divine energy, will devote them-  
selves to careful, conscientious, and devout  
preparation.

THE CARLETON SENTINEL.  
Messrs. Editors.—The elections of Victoria  
have been very interesting, and the results  
the outcome of a long and arduous campaign.  
The prospect of some of the candidates  
who are spoken of as being out for election to  
fill the vacancy created by Mr. Thibault  
leaving the county and accepting office.  
The writings have emanated principally from  
four Falls and Port Hope, the former  
saying that Mr. Brown was the popular man  
and the latter Mr. Stewart. I beg, however,  
to differ from both these writers, as I am  
fully persuaded from the popular man  
had with the solid and influential men of  
all parts of the county, that Geo. T. Baird  
will carry three-fourths of the vote of the County.  
Mr. Baird is a young man of good ability  
and well acquainted with the various interests  
of the county, and the elections would act  
very by making him their choice.

Yours truly,

THE CARLETON SENTINEL.  
Messrs. Editors.—I have seen the letters  
of Mr. Samuel N. Foster, in your paper, and  
if he was worth notice, I should answer; but  
he is not, I do not wish to take up val-  
uable space in your paper regarding him.

Yours truly,  
DRIVING SUPERVISOR.

directly opposite Post Office, up stairs.

THE FIREMEN'S DAY.  
There appears to be no doubt that the 19th  
will be one of the liveliest days ever wit-  
nessed in Woodstock, should the late pro-  
prietors and lend us holiday weather on  
that occasion. The City Hall is crowded  
with fire companies about have met with a  
will acceptance in all the towns and cities  
of the western part of the Province and  
delegations will be present from St. John's  
Portland, Fredericton, St. Mary's, St. Ste-  
phen, Calais, &c. One or more bands will  
accompany the visiting contingents. The  
men of the Fire Hook and Ladder Company  
that are coming may, of course, be regarded  
as the picked men from their respective com-  
panies, and therefore it will be expected that  
the various races will be of the keenest and  
most exciting description. Our boys will be  
put to their mettle, but we have no fears for the  
result.

While, of course, Woodstock will be crowd-  
ed on the 19th by visitors from far and near,  
none need stay away from fear of finding  
accommodations; ample provision will be  
made at the Rink for feeding all comers with  
the substantial and luxuries of the season,  
while the many and good hotels, in which  
Woodstock is noted, will not doubt afford  
protection and food and lodging to as many  
as apply. Therefore, come, everybody! Come  
and bring your own money, and you will  
find a royal welcome and good cheer.

The Firemen's procession will be a sight  
well seeing; it will comprise the representa-  
tives of the Firemen of the Province and will  
be escorted by a number of crack bands.

The Trade and Manufacturers' procession  
should be, and will be taken hold of by our  
citizens as it ought to be, of a very imposing  
and interesting character. Our traders and  
manufacturers have the taste and the sense  
to make grand display; to advertise them-  
selves and their wares, and we hope to see  
this part of the programme made a complete  
success.

The Grand Polymorph Parade will be  
its striking, telling and humorous charac-  
teristics throw into the shade anything of the  
kind ever before attempted in a Town  
proceedings of Woodstock, and will be funny  
enough to make a horse laugh. For the time  
of starting and the time of the procession we  
refer the reader to the adv. in another  
column.

In the evening there will be a grand pro-  
cession display embracing some of the new-  
est things out in the fire works line.

The Rink being put into proper trim  
having its floors polished and otherwise im-  
proved and by being newly trimmed for the  
Promenade Concert and Jockey Hop in the  
evening, which, doubtless, to many prove  
the interesting feature of the day's amuse-  
ments. The promoters are fortunate in hav-  
ing so roomy and suitable a building as the  
Rink in which to comfortably accommodate  
the large crowd which will probably be re-  
sulting from the day's amusements. As though  
the privilege of tripping the light fantastic  
was not sufficient inducement to lead to a  
participation of this part of the entertain-  
ment, an increased incentive is added, in the  
shape of a prize of a gold ring, offered to  
the best lady waltzer. The music for the  
Concert and Jockey Hop will be of the most  
excellent character, being furnished by Prof.  
Wade and the Gibbs Bros. of Boston.

The very latest accounts are of the most  
encouraging character and the influx of visi-

tors on the 19th will surely be the great  
feature of the day. The firemen are  
working night and day in order to have  
everything in readiness, and in their efforts  
are being warmly assisted by our leading  
business men. The Sentinels, in ad-  
vance, writes down the Firemen's celebration,  
1884, a grand success—may the man,  
woman, or child who shall miss being in  
town on the 19th!

Jas. G. Blaine has succeeded, this being  
the third trial, in securing the nominations  
Republican and the presidency of the  
United States. This result was reached in the  
first trial, at Chicago, when the Convention of  
delegates was held. There were four ballots  
cast. On the first ballot there were 8 names  
in nomination, the highest vote being Blaine  
332, Arthur 274. The second and third bal-  
lots showed a steady increase for Blaine and  
a falling off for Arthur's support. At the close  
of the third ballot it was announced that  
John A. Logan, who was in nomination,  
would transfer his strength to Blaine and  
this virtually settled the matter, the fourth  
ballot showing the first result as follows:

Arthur	248
Blaine	501
Cleveland	11
Logan	7
Sherman	7
Tilden	2
Lincoln	2

John A. Logan was then unanimously  
nominated for Vice President, the action of  
his friends in yielding, as above stated, his  
strength to Blaine assuring, no doubt, the  
result. Judging from the newspaper accounts  
the names elected in the hall of the Con-  
vention the session was very exciting and  
the result was a surprise to many. The  
Republican press throughout the country  
has been very general approval, while the  
Democratic press has been very general  
disapproval of the result.

Mr. Blaine has had a long and varied  
experience in politics in both local and  
general elections. He has been a professor  
in college and a practical journalist. A man  
of good presence, a fine orator, well edu-  
cated and of ripe experience, his election to the  
chair of the Presidency is a triumph for the  
Republican party. He is a man of high  
character and of high ability, and his  
election is a triumph for the Republican  
party.

The Sunday School work of today is  
better teaching. In order to better teach-  
ing, we must have better teachers, men  
and women who are not only well in-  
formed and strong convictions, but who do  
not believe that the Sunday School is an  
institution apart from the Church; who have  
a spiritual purpose, and who are willing to  
devote their divine energy, will devote them-  
selves to careful, conscientious, and devout  
preparation.
