SAVE THE TREES.—The effect the disappearance of forests has upon the climate receives new illustrations every day. In Italy the clearing of the Apennines is believed to have seriously changed the climate of the Po valley, and now the African Sirocco, never known to the ancient armies of Rome breaths its hot blighting breath over the right bank of the river in the territory of Parma. The removal of the forests near Ravenna induced the same desolating wind; and the same destruction of the old forests of Vosges and of the Cevennes had like deteriorating influences upon the climate. In Egypt, where during the French occupation in 1798 not a drop of rain fell for sixteen months, and where from time immemorial the country has been a rainless bed of sand, Mahammed Ali, by planting his millions of fig and orange trees, has seen his country blessed with an annual rain-fall of several inches.—*Boston Advertiser.*

AN ETRAORDINARY SEA MONSTER.—Captain Wallace Hayden, of the fishing schr. Constitution, reports the following strange occurence: While laying at anchor, in a thick fog, at the mouth of the Bay of Fundy, on Monday last, they were startled by a hideous and unearthly sound beginning with a roar and ending with an ear-piercing yell; this was accompanied by the rapid passage along the water of some dark object of great length, proceeding up the bay at the rate of sixty miles an hour. The consternation of the crew may easier be imagined than described, as they said they felt their hair raising their southwesters off their heads. What was it? A sea serpent? Jules Vern's Nautilus? or some new kind of Fishery Commissioner?—*Digby Courier.*

FRENCH CANADIANS IN CANADA.—The last Canadian census shows 1,300,000 French-Canadians, and only 881,000 of English origin, giving us a majority of about 400,000. The French-Canadian population increases much more rapidly than that of any other origin. We must also count the Scotch, who number themselves among the English. There are 700,000 The united population of the two races give them only a minority of about 200,000 over us, and if we calculate the rapid increase of our population at the same rate as in the past, we have reason to believe that in 20 years we shall have outstripped both the English and Scotch and probably have double the number of the former.—*Le Monde.*

Custer County, Montana, is the largest county in the United states. It embraces an area greater than that of New Hamshire, Vermont, Massachusetts, Connecticut, Deleware and Rhode Island combined.

It is proposed to build an asphalt road from London to Brighton, about fifty miles, at a cost of $1,250,000, for the use of bicyclists.

There is one cattle ranche in Texas which contains 25,000 acres more than the entire State of Rhode Island contains in territory.

During the first six months of the present year there were erected in San Francisco 521 buildings at a cost of $3,188,670.

The aggregate Length of the streets of London is 1,966 miles.

Vermont has a law prohibiting school teachers from using tobacco in any form.

The Natonal Library of France can boast of about a million more books than that of England, but then it had a start of about a century. As early as 1617 a decree was made compelling publishers to forward to it every book they published.

The population of Belgium, now about 5,500,000 souls, consumes annually alcoholic liquors to the value of 480,000,000 francs, which is 66 per cent more than thirty years ago. Compared with forty years ago, the number of the insane has increased by 104 per cent., of suicides by 80 per cent., and of condemned criminals by 135 per cent.

WOODSTOCK, N. B, July 17, 1884.—Headquarters, Seaborn's Eating and Oyster House.—This week at BOB'S:—Salmon, Lamb, Steak, Roast Beef, Baked Beans, Ham & Eggs, Pastry of all descriptions; Ice Cream; Strawberries and Cream. Don't forget the Horse Trot on the 3rd of September. Call and get your young pigs you have been chawing the rag about so long. Peaches, New Apples, Water Mellons. Please tell us something that we have not got and get a reward of $200.00.

No Lady who delights in Flowers, and likes to see them do well and bloom abundantly, should be without *Hanington's Food for Flowers.* Ordinary packages 30c.—sufficient for 20 plants for one year.

In less than a month, from Jan. 6 to Feb. 5, Rev. W. B. Boggs of Cumbum, India baptised 350 Telugus in ten different villages.

Pain from indigestion, dyspepsia, and too hearty eating is relieved at once by taking one of Carter's Little Liver Pills immediately after dinner. Don't forget this.

There is no one article in the line of medicines that gives so large a return for the money as a good porous strengthening plaster, such as Carter's Smart Weed and Belladonna Backache Plasters.

Testimonial from Capt. Joshua Harper.
SACKVILLE, N. B, Feb. 13, 1877.
J. H. ROBINSON, Esq., St. John, N. B.
Dear Sir—Early in October last I took a severe cold which settled on my lungs. After having a bad cough for about six weeks, I had a very severe attack of bleeding from the lungs, while on a passage from Queenstown to Dover. I had daily spells of bleeding for some days, until I lost about two gallons of blood, and was so weak as to be scarcely able to stand. I put back to Queenstown, where I received such medical assistance as enabled me to get home.
I saw an advertisement of your Phosphorized Cod Liver Oil Emulsion in a paper. I immediately sent and got half a dozen bottles, after taking which I feel myself a well man again. My weight which had reduced to 20 pounds, is now up to my usual standard of 152 pounds. Seeing what it has done for me, I can confidently recommend it to others afflicted with lung diseases.
Yours very truly,
(Signed) JOSHUA HARPER,
Of the barque "Mary Lowerson."
Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-phosphate of Lime is prepared only by Hanington Bros., St. John, N.B., and is for sale by druggists and general dealers. Price $1.00 per bottle; six bottles for $5 00.

That the human system requires renovating in the Spring is proved by the loss of appetite, lassitude or debility which comes without in the experience of almost everyone. Aware of this it was the custom of our grandmothers to prepare decoctions of Burdock, Dandelion and Cherry bark for the purpose of restoring the stomach to a healthy tone, and purifying the blood, but the medical skill of the present day finds such things ineffective and sometimes injurious. Hanington's Quinine Wine and Iron, used in conjunction with Hanington's Tonic Dinner Pills, restore the appetite, invigorate the system and purify the blood immediately and effectually, as thousands testify who have been benefitted by their use. Beware of imitations. See that you get "Hanington's," the *original* and *genuine.* For sale by all druggists and general dealers in Canada.

Rheumatism manifests itself in various ways, and results from various causes. In a changeable climate like ours few are exempt from its attacks. It finds a seat in every part of the body, and is migratory in its habit, transferring itself from the shoulder to the hip, or from the wrist to the ankle, in some instances in a few hours. The pain of Rheumatism is excruciating, but is speedily overcome by the use of "*Penetrating*" Liniment. For sale by all druggists and general dealers in Canada.

KIDNEY-WORT

THE SURE CURE
FOR
KIDNEY DISEASES,
LIVER COMPLAINTS,
CONSTIPATION, PILES,
AND BLOOD DISEASES.

PHYSICIANS ENDORSE IT HEARTILY.

"Kidney-Wort is the most successful remedy I ever used." Dr. P. C. Ballou, Monkton, Vt.
"Kidney-Wort is always reliable." Dr. R. N. Clark, So. Hero, Vt.
"Kidney-Wort has cured my wife after two years suffering." Dr. C. N. Summerlin, Sun Hill, Ga.

IN THOUSANDS OF CASES it has cured where all else had failed. It is mild, but efficient, CERTAIN IN ITS ACTION, but harmless in all cases.

☞ It cleanses the Blood and Strengthens and gives New Life to all the important organs of the body. The natural action of the Kidneys is restored. The Liver is cleansed of all disease, and the Bowels move freely and healthfully. In this way the worst diseases are eradicated from the system.

PRICE, $1.00 LIQUID OR DRY, SOLD BY DRUGGISTS. Dry can be sent by mail.

Advertising Cheats!!!

"It has become so common to write the beginning of an article, in an elegant, interesting manner,
"Then run it into some advertisement that we avoid all such,
"And simply call attention to the merits of Hop Bitters in as plain, honest terms as possible.
"To induce people
"To give them one trial, which so proves their value that they will never use anything else."

"THE REMEDY so favorably known in all the papers,
"Religious and secular, is
"Having a large sale, and is supplanting all other medicines.
"There is no denying the virtues of the Hop plant, and the proprietors of Hop Bitters have shown great shrewdness
"And ability
"In compounding a medicine whose virtues are so palpable to every one's observation."

Did She Die?

"No!
"She lingered and suffered along, pining away all the time for years,"
"The doctors doing her no good;"
"And at last was cured by this Hop Bitters the papers say so much about."
"Indeed! Indeed!"
"How thankful we should be for that medicine."

A Daughter's Misery.

"Eleven years our daughter suffered on a bed of misery,
"From a complication of kidney, liver, rheumatic trouble and Nervous debility,
"Under the care of various physicians,
"Who gave her disease various names.
"But no relief,
"And now she is restored to us in good health by as simple a remedy as Hop Bitters that we had shunned for years before using it.—*The Parents.*

Father is Getting Well.

"My daughters say:
"How much better father is since he used Hop Bitters."
"He is getting well after his long suffering from a disease declared incurable,"
"And we are so glad that he used your Bitters."—*A Lady of Utica, N. Y.*

COSSITT'S
New Model Buckeye
MOWER!

THIS Machine is too well known to need description. There are *MORE OF THEM IN USE IN NEW BRUNSWICK, THAN OF ALL OTHER KINDS* sold within the past five seasons. Every year the sales of this Mowing Machine HAVE INCREASED BETWEEN FORTY AND FIFTY PER CENT over the previous year. The reason of this is mainly in their GREATER DURABILITY, COSTING LESS FOR REPAIRS than any other machine while doing the *very best work* which a mower can do and with the *greatest ease* to the Team.

It makes a vast difference to the buyer if in a comparatively short time he will have to be getting new parts to replace worn out ones instead of having a Mower which is well made and with the right principles to stand the rough work which a mower has to do. One who has to pay the price of a mowing machine ought to take time and find out what mowers in his neighborhood are often being repaired, and which kind wears well and does good work too.

Some machines are subject to breakage of parts that are very expensive to replace, and it behooves the intending purchaser to take this into his calculations.

For sale at our usual liberal terms.
