WARREN LELAND,

whom everybody knows as the successful manager of the

Largest Hotel Enterprises

of America, says that while a passenger from New York on board a ship going around Cape Horn, in the early days of emigration to California, he learned that one of the officers of the vessel had cured himself, during the voyage, of a rheumatic disease by the use of

Ayer's Sarsaparilla.

Since then Mr. LELAND has recommended AYER'S SARSAPARILLA in many similar cases, and he has never yet heard of its failing to effect a radical cure.

Some years ago one of Mr. LELAND'S farm hands bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became enormously enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. LELAND'S direction, was supplied with AYER'S SARSAPARILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use.

Mr. LELAND has personally used

Ayer's Sarsaparilla

for **Rheumatism**, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of **Liver Disorders, Gout, the effects of high living, Salt Rheum, Sores, Eruptions, and all the various forms of blood diseases.**

We have Mr. LELAND'S permission to invite all who may desire further evidence in regard to the extraordinary curative powers of AYER'S SARSAPARILLA to see him personally either at his mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York.

Mr. LELAND'S extensive knowledge of the good done by this **unequalled eradicator of blood poisons** enables him to give inquirers much valuable information.

WOODSTOCK, N. B.
Woodstock, Dec. 2, 1884.

Upper Woodstock Items.

Dec. 17, 1884.

The doings of the shiretown have not lately been chronicled in your columns. Matters are moving along here in quite a lively vein at present. Since the late fall of snow, the country traffic has increased with good effect. This is nowhere more plainly seen than in connection with Mr. G. R Ketchum's trade. The number of teams that come in laden with hay, oats and other produce, is almost incredible. To-day twenty two teams could have been seen waiting for an opportunity to unload. The Railway Co. have not been able to supply Mr. Ketchum with sufficient cars, and the result is that his business is hampered. He loads from 5 to 8 cars per day. What our farmers would do without Randolph, we can scarcely surmise.

Our village has had its interest revived in the scheme to build a sidewalk to the Woodstock line. Two weeks ago a meeting of some of the leading citizens was held, when committees to take charge of the matter were appointed. During the present winter the necessary steps will be taken to raise funds for the object. Among the features of entertainment will be a course of lectures, which will embrace the names of some of our local clergy. Judge Stevens has promised to aid the movement by delivering a lecture. It is yet too early to outline our plans, but we may state that we expect the hearty support of the public in such a laudable undertaking.

The factory of Mr. A. Heuderson is busy in completing a lot of Christmas goods. During a recent visit there we saw a chimney piece, manufactured in the establishment, that excels anything in that line ever produced in this county. It was made for Dr. Connell's new house. It is manufactured from butternut and is liberally decorated with burl panel. From the base to the main shelf is four feet, and then an overmantel reaches three feet farther. This contains a mirror 30 x 20 of English plate glass. The work, which comes from the hands of Mr. G. W. A. Burnham, is executed in the most artistic and finished manner possible. It was wholly made by hand, as some of the mouldings could not be successfully prepared by machinery.

For some time past Revds. G. T. Hartley and B. Colpitts have been holding a series of meetings in Union Hall. The meetings have been well attended and considerable interest awakened. On Sabbath last Rev. Mr. Hartley baptized two candidates, who were converted at these services, and four were received into membership of the F. C. B. Church.

The Episcopalians hold preaching services in the Hall every alternate Thursday evening. A few months ago they organized a Sabbath school, which is under the superintendency of Mr. R Hoyt. We were shown a small but well finished reading or prayer desk, built of ash, after the Gothic design, which three members of the congregation, who are employed in Henderson's factory, prepared and presented to the church. The act was a very thoughtful one.

Dr. Reynolds, whose pharmaceutical and surgical skill is so well known, and who has been a resident of this village for many years has removed to Woodstock.

Mr. John E. Smith, tailor, who has been doing business for some months in Woodstock has returned to this village, prepared as ever to suit a man with a new suit."

The best value in Black Dress Silks ever offered on any retail counter are now shown by Bradley & McManus, at the London House.

Dec. 17, 1884

The lumber business seems to be progressing very actively in this vicinity this winter; it has already assumed greater proportions than for some years previous. Mr. John Nowlin has a large number of men and teams at work on Beadle Brook; also Mr. McClusky on the same stream. Mr. Joseph Curtis is doing large work on the head of the North Branch, Miramichi; we understand he has not yet got his full crew into the woods. Mr. Barker is just starting a logging operation on the same river; the Messrs. Belyea are operating on West Brook and are said to be doing good work; Mr. Henry Day has two camps on the Odell, a branch of the Tobique; he reports having a very fine chance for lumber, and owing to his large experience in the business, will, no doubt, be able to show good results in the Spring. Mr. Robert Kent has taken up his quarters on Elliot Brook, where he will have four teams and sufficient men to tend them. Messrs. Kinney, Barker and Simpson are getting quite an amount of birch timber.

Mr. Alfred Mills is putting in a shingle mill in connection with the Beaufort Steam Flouring and Grist Mills; he will have quite a number of men employed getting cedar and working about the mills.

The crops have been very good the past season. The Messrs. Stokoe sowed forty bushels of oats and threshed about five hundred and fifty, averaging about 38 lbs. to the bushel. Messrs. Scovil raised a large crop of oats, rye, buckwheat, wheat and potatoes; Mr. Joseph Lee also raised a large crop of buckwheat, rye and oats, the latter weighing over 40 lbs. per bushel.

W. H. Scovil, Esq., killed a hog the other day weighing 415 lbs.

Our school is taught by Miss Lilly B. Scott; she seems to be performing her duties in a most creditable and praiseworthy manner.

There is plenty of snow to make good sledding.

Mr. Alfred Mills and Mrs. W. B. Mills, from St. John, are here on a visit and will probably stay the winter.

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites,

Excelent for Delicate Wasting Children.

Dr. CHARLES C. GARRETT, Calvert, Texas, says: "I have used your Emulsion for over a year, and have derived much benefit from it in the marasmus of children being tolerated by the stomach when all other medicaments were rejected."

Glass is gradually beginning to take the place of wood and iron in the construction of bridges in England. The inventor makes blocks of glass which he hardens by a special process. In solidity it is said to leave nothing to be desired. The experiments already made have given surprising results, and the cost is below that of bridges of wood and iron. Moreover, the glass cannot be injured by insects like wood, nor rusted like iron.

PREJUDICE.—A great many people are prejudiced against Patent Medicines, and well they might be, for there are lots of Medicines, foisted upon the market that are simply worthless. Estey's Iron and Quinine Tonic cannot be so classed, as it is compounded from the finest and best materials, each one having its own particular work to perform, and Physicians to whom the formula has been submitted say that it is the finest combination they ever saw, and are daily prescribing it in their practice.

The common expressions. "I feel so dragged," "My food don't digest," "I do not feel fit for anything," which we so often hear during the spring and early summer months, are conclusive evidence that the majority of people require at that season especially a reliable medicine that will strengthen the organs of digestion, stimulate the circulation of the blood, and "tone up" the debilitated constitution. Hanington's Quinine Wine and Iron, and Tonic Dinner Pills, taken according to directions, produce buoyancy of spirits, vigor of mind, and give lasting strength to the whole system. Beware of imitations. See that you get "Hanington's," the *original* and *genuine*. For sale by all druggists and general dealers in Canada.

Well, Susie, my dear, how is your Grandmamma's rheumatism this winter? Does she suffer as much as usual? Why, no! Did you not know that she is entirely cured. You know she has for years walked with a cane, and at times her limbs were fearfully swollen. She used "*Penetrating*" Liniment, and is now as smart as any of us. For sale by all druggists and general dealers in Canada.

Another communication from **Mr. George Sewell**, dated Moncton, N. B., June 22, 1878: J. H. Robinson, Esq. Dear Sir,—I wrote you in May last, informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime" had made in my case, and, at the same time promising to write you from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact, I am a new man in every respect, and those who saw me three months ago and see me now can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c,

There is a proposition to build a continuous line of railway from London to Bombay, a distance of about 5,000 miles. The line would cross into Africa at Gibraltar, and from Tangiers connect with lines already in operation in Algeria, across Morocco via Tunis and Tripoli to Cairo, thence by way of the Isthmus of Suez down the River Euphrates and along the Persian Gulf shore to a connection with the Indian system of railways which runs to Bombay.

"It has now for many years held the first place of all our serial publications. The only possible objection that could be urged to it is the immense amount of reading it gives. There is nothing noteworthy in science, art, literature, biography, philosophy, or religion, that cannot be found in it. Its readers are supplied with the best literature of the day."—*The Churchman New York.*

"It may be truthfully and cordially said that it never offers a dry or valueless page."—*New York Tribune.*

"Biography, fiction, science, criticism, history, poetry, travels, whatever men are interested in, all are found here. It furnishes more for the money it costs than any other periodical within our knowledge."—*The Watchman, Boston.*

"It furnishes a complete compilation of an indispensable literature"—*Chicago Evening Journal*

"It saves not only time, but money."—*Pacific Churchman San Francisco.*

Woman's Suffering and Relief.

Those languid, tiresome sensations, causing you to feel scarcely able to be on your feet; that constant drain that is taking from your system all its former elasticity; driving the bloom from your cheeks; that continual strain upon your vital forces, rendering you irritable and fretful, can easily be removed by the use of that marvelous remedy, Hop Bitters. Irregularities and obstructions of your system are relieved at once, while the special cause of periodical pain are permanently removed. None receive so much benefit, and none are so profoundly grateful, and show such an interest in recommending Hop Bitters as women.
