A couple of Vassar girls was found by a professor teaching with bromisticks in a gymnasium. He reminded them that such an accomplishment would not aid them in securing husbands. "It will help us in keeping them in," replied one of the girls.

Murray & Landman's Florida Water is one of the surest and speediest of cures for every form of nervousness. It relieves headache when other applications completely fail. It reinvigorates the fatigued and overworked body, and it imparts force and buoyancy to the mental powers.

"Tell the truth and shame the devil," said a married man to his wife. "Ah! you afraid, dear?" she answered. "With a cruel meanness," "that you will be ashamed if I do."

Be not Discouraged. If you have tried many remedies for your Kidney disease or Liver complaint without success it is no reason why you should think your disorder incurable. The potent virtues of Kidney-Wort. It is a purely vegetable compound which acts on the kidneys and bowels at the same time and thus cleanses the whole system. "I'd have you to know, sir," said an irate citizen to a man on the street, "that my wife is a high-toned woman, and I won't allow you to say a word against her." "High-toned," replied the other. "I should say she is high-toned; you can hear her mile when she is quarrelling with the neighbors."

From Kingston. N. C. Polon & Co. druggists, write that Dr. Fowler's Wild Strawberry has long been the best remedy for Summer Complaints in the market.

Mrs. Madie Bigman, a newly married lady, does not know anything whatever about house-keeping but she is anxious to have her husband believe that there is nothing in the house-keeping line that she does not know. He happened to be in the room when the cook came and said:

"Will you please give me out of coffee. Do water is been abin' dis las half hour."

"Let the water boil, Matilda," replied Mrs. Bigman calmly; the longer it boils the stronger it will be.

Woman's Weakness. Much of the weary weakness peculiar to females is caused by irregularities that could be promptly remedied with that excellent regulating tonic, Burdock Blood Bitters.

When the city man was dining at a farm house asked the head of the family if he "had planted much hay this spring." "There was such a painful failure that one could hear the sheep tick in a pasture half a mile away."

The man who is curious to see how the world would get along without him, can find out by sticking a needle into a mill-pond, and then withdrawing it and looking at the hole.
