Jottings.

Elder Pennington, one of the oldest and best known of the F. C. Baptist ministers of this Province, died at his son's residence, Houlton, last week.

A sociable held at the residence of J. T. Allan, Esq., on Thursday evening of last week, was very largely attended. There was an interesting literary programme, besides an abundant supply of that which sustains the physical. The Methodist church benefitted by the occasion to the amount of some $32 00.

There will be a meeting of the Executive of the Carleton County Agricultural Society on Saturday, 15th inst. All anxious for a County Show for the present year will please attend.

Thos. Bradley, saddler and harness maker, an old time citizen of Fredericton, was choked to death by a piece of meat, on Monday last

We last week mentioned the visit here of Mr. I. S. G. Vanwart, but we did not then expose our young friend's intentions which have since been made evident by the publication of his marriage with Miss Annie May Tibbits, daughter of James Tibbits, Esq., Fredericton, on Saturday morning. Immediately after the ceremony the young couple took train for Mr. Vanwart's western home to which and in which all good wishes attend them.

Mr. Joseph Myshrall, well known to many throughout this County, as throughout the Province, died at his residence, Fredericton, Sunday last. The deceased was 68 years of age.

Let there be a general rally of the temperance workers of the County, at the Alliance meeting, at Centreville, on the 11th inst. Teams will be at Elorenceville to take all coming by train to place of meeting. There will be a public temperance meeting in the evening.

The friends of Rev. J. W. S. Young will be glad to learn that he is still enjoying a glorious season of revival with the Church at Gaspereaux, N. S. A large number have been added to the church and others are seeking the way.

The next Methodist Sociable at Jacksonville will be held on the evening of Tuesday next, at Mr. Cunningham's. In this connection we might add that there is a movement on foot to repair the Jacksonville Methodist church after the opening of spring.

Miss Nevers, Jacksonville, fell and broke her arm last week. Dr. Connell set the fractured limb.

Thanks to L. P. Fisher, Esq, Boston, and Mrs. Briggs, Las Cruces, New Mexico, for papers.

A social entertainment will be held in St. Gertrude's Hall, on the evening of St. Patrick's Day. Fuller particulars next week.

The young folks of Lakeville intend holding a Concert in the Orange Hall, Lakeville, on the evening of the 15th inst. The affair will, no doubt, be an interesting one and worthy of patronage.

As the Boston *Herald* says March came in like a whole menagerie and it is to be hoped it will go out like a flock of lambs.

We are in receipt of the January number of "The Physicians And Surgeons Investigator," published at Buffalo New York, : S. N. Brayton, M. D., Editor, John J. Gaynor, M. D., Collaborateur. Among the valuable contents of the present number are two or three articles from the pen of Dr. Gaynor, rendered doubly interesting from the fact that the writer having located at Debec is now one of our own citizens.

Some communications unavoidably held over.

February 29, 1884.

Our Sabbath School is doing nicely; attendance about 30; time of meeting ten o'clock Sabbath morning.

Rev. A. Hayward has been holding special services here for some days.

There are three persons living in this vicinity whose birth days come on the 29th February.

There has been a good deal of talk in the papers about fast horses. It might not be out of place for me to say that we have here some horses that can trot quite a piece in three minutes. C. E Parent has a very nice chestnut Morgan mare; she is clever, gets up her speed quick and keeps busy to the end. Wm Balloch has got a very handsome entire horse of the Morris stock; he goes pretty. H. T. Scholey has got a fine four-year old gray colt, Morgan and Warrior stock, which bids fair Alonzo Croukhite has a good chestnut horse; he is clever. Thomas Trafford has a black mare in which he thinks there is speed; the two last mentioned are Black Tom's colts. H. B. White has a very clever day horse, pedigree not known, but recommends himself, which is the best kind of a pedigree. C. A. West has a colt about which he don't say much, but keeps a good deal of thinking. James Buchanan has a splendid bay colt, four years old, which, with proper care, will be able, we think, to throw snow balls at the best of them. There are others here that when favorable opportunity presents will come to the front, when they shall have honorable mention.

Mr. John Simonson has commenced building a bridge over the Gitchell mill pond to his shingle mill, which will prove very convenient when completed; he is not, however, making near so much talk about this bridge as is the present Government about their Fredericton bridge.

There is a prospect of some building being done here this summer.

Business is quite dull.

G. W. White, M. P. P., left last week to attend his legislative duties at Fredericton. We wish him an pleasant and successful session.

There is talk here of trying to get the second Parish Court Commissioner appointed in Parish of Wilmot.

March 4th, 1884.

Although the hard times are upon us, yet the people are ambitious; they are struggling on, having their produce to market at low prices and hoping that the other extreme, in prices, may shortly follow.

Our school, which numbers 42 scholars, is being taught by Mr. J. C. Graves of Westmorland County, who has taught here for the last eighteen months; any person visiting his school cannot help admiring his lucid explanations and the good order maintained. The district feels that it will sustain a loss if his services are not retained.

Our meeting house is being finished inside by Mr. A. Tedford, who is taking extra pains with the job and is doing his work to the satisfaction of the committee. He thinks to have it done by the middle of the present month.

Our Sabbath school, which is superintended by Mr. L. A. Doucet, is large and in a flourishing condition. Mr. Doucet is the right man in the right place and is doing everything to make the school interesting. A short time ago he was the recipient of a handsome Bible, presented to him by Mr Graves on behalf of the Bible Class.

We are much in need of pastoral labor and feel in hopes that some minister will have the care of the church, when the meeting house is finished, and thereby afford us more preaching.

The Lodge of Carleton Templars in this place purpose holding a public temperance meeting in Matheson's Hall on Tuesday evening, 18th inst. The committee of arrangements are taking every necessary step towards making the meeting a success. Speakers from a distance are expected to address the meeting, and plenty of music will be furnished, vocal and instrumental. All are cordially invited to attend. This Lodge, which was organized about a month ago, under the name of Carleton Templars, No. 1, has been making very rapid progress during the time it has been in existence; it now numbers about thirty-five members, and its numbers are increasing at every session. It is subject to no other temperance organization, having its own constitution and passwords. Its members express themselves as being well satisfied with its working, and are fully alive to the necessity of doing all possible to keep our young men from forming intemperate habits. It is hoped its influence will be of great benefit to the vicinity.

The funeral of the late Joseph Foster, which took place Monday 3rd inst, was very largely attended, all wishing to pay the last tribute of respect to our departed friend A very impressive sermon was preached by Rev. W. A. Morang.

Notes from Mt. Allison, Sackville.

It has been the custom of late years for the Eurhetonian Society, of Mt. Allison College, to have a course of lectures during the second collegiate year. The first of this course was delivered by the Rev. W. W. Brewer, of Sussex, on Wednesday evening, 20th inst., in Lingley Hall. Owing to the heavy rain-storm very few outside the institution were present. The subject of the lecture, as shown by the posters, was to have been "Old Gold," but, by the request of the Chairman, the lecturer changed this subto that of "The Sunny Side of Life." To give an account of what the lecturer said, however brief, would be out of place here; suffice to say, that the lecture was very good, containing much wit and humor which kept the audience in a state of laughter the greater part of the evening.

The Eurhetonian Society is now preparing for its annual public meeting, which will be held in Lingley Hall on, or about the 12th of next month. It has been the custom for this Society to hold a public meeting every year; the programme generally consisting of an oration, an essay, a debate by four on some public question and an original piece which, in most cases, represents some scene in college life, the whole being pleasantly interspersed with music. The prospect of the meeting this year is good and the public will find it as good, if not better, than the former ones.

The Students of the Mt. Allison institution, held their annual missionary meeting in the Sackville Methodist Church on Sunday last. The annual missionary sermon was preached in the morning by the Rev. C. H. Paisley, A. M., Principal of Male Academy. The evening service consisted of several addresses by Theological Students of the college. Music was furnished on the occasion by Prof. Cranz and his singing class. BILLY BOX.

RHEUMATISM AND DIPHTHERIA!

TRURO, February 1st, 1879.

MESSRS. C. GATES, SON & CO.: Gentlemen—I came home two weeks ago and found my boy perfectly helpless and crying with pain. I took your

ACADIAN LINIMENT and NERVE OINTMENT,

mixed them together and bathed the painful parts, and they killed the pain immediately. I called in a doctor to see what ailed the child, and he pronounced it Inflammatory Rheumatism. I believe that pain cannot stay where they are properly tried I have seen people who had Diptheria use your

ACADIAN LINIMENT

in preference to the Doctor's gargle, as it gave them more relief. When the throat is coated it can be used as it is in the bottle without being diluted. I believe that every house should have your medicines in them. Yours truly,

Tenders Wanted!

TENDERS will be received by the undersigned Trustees of the Estate of Mealey & Clark, up to Wednesday, the 19th day of MARCH next, at 12 o'clock, noon, from parties wishing to purchase *en bloc* the

FAIRVILLE FOUNDRY.

The property consists of a leasehold lot, ground rent $60 per year, with the Buildings comprising Foundry, Machine, Blacksmith and Carpenter shops, and the Plant and Machinery Tools and Patterns connected therewith; and also a freehold lot of land with a barn and sheds. The Shops are well fitted up and the machinery is all in good order, ready to start. Full sets of Patterns for Mill, Railroad and general work.

This is an excellent opportunity to procure a good established business at a small outlay. The Foundry is within easy access both by water and rail, and the situation is admirably adapted for carrying on Mill work. The Trustees do not bind themselves to accept the highest or any tender. An Inventory of the plant and machinery can be seen and the property inspected at any time on application to the Trustees.

Dated at the City of Saint John, N. B., this 19th February, A D 1884.
