

LITERARY NOTICES.—The May issue of the *Illustrated London News* contains a charming frontispiece from a painting by W. L. Taylor, representing a pretty young girl, representing in the story, the girl who is engaged to a French painter, form the illustrations for Margaret Sidney's story of "Gladys," a school-girl's story. Another excellent story is by Hugo Ledward, entitled "The President's Page," in which President Lincoln is one of the characters, still another good story is that of "The Last Tale of Charles Perrault," the famous author of *Cherchez la Femme*, etc., etc., as interesting as any story, is "A Young Antiquary and His Society," by Annals B. Harris. "The Town and the Country Mouse" is the best of the *Voyageur*. Joseph's *Travels* are presented—Hassan's six full-page drawings are delightful. \$3.00 a year. D. Lothrop & Co., Boston, Mass.

The Timber Trade at Glasgow.—Messrs. Singleton, Dunn & Co., in their circular of the 5th ult., state:—
In sympathy with general trade the timber market has been weak, but notwithstanding this, the deliveries of deals from the Glasgow yards show a considerable excess over the last two years for the first three months of each year. The deliveries of timber from the ponds have not been so great, yet of sufficient magnitude to indicate a fair consumption. In the retail trade there is a good business doing, though dealers report that there is little or no margin of profit in it. Transactions of importance with ship-builders are conspicuous by their absence, and it cannot be doubted that this is a most important factor in producing the depression now existing here. Another cause is the increase in the value of goods to come forward. Pitch Pine is pressed so keenly and at so low figures that buyers are deterred by the fear of loss. Spruce and Lower Port Pine deals. In Baltic goods sellers are very anxious to make business, but they differ from the sellers of Pitch Pine and Deals inasmuch as they have their prices and adhere to them. So far an unusually small business has been done for the time of the year.

Birch.—A balance of St John wood 15 in x 2 was sold at 19 1/2, and some progress with Gaisbury at 20 1/2. The market is poorly supplied, but the unusually full supplies during the winter quite filled buyers, and in consequence there is no active demand. Cargoes are being sent freely, and we fear that by summer prices—some may have been current—will not be sustained. There is no Quebec Birch in the market.

Deals.—Quebec Red Pine, of extra specifications as to length and width, were sold at extreme prices; but undersized were hard to move unless at from 2-14 to 2-24. 2nd Pine of good size were sold at 20 1/2 to 22 1/2, and undersized at 14 1/2 to 16 1/2. 2nd Pine.—The prices for standard sizes have varied from 14 1/2 to 16 1/2, and those by auction at Greenock at from 14 1/2 to 16 1/2 per cubic foot, and undersized at 14 1/2 to 16 1/2. 2nd Pine.—The prices for standard sizes have varied from 14 1/2 to 16 1/2, and those by auction at Greenock at from 14 1/2 to 16 1/2 per cubic foot, and undersized at 14 1/2 to 16 1/2. 2nd Pine.—The prices for standard sizes have varied from 14 1/2 to 16 1/2, and those by auction at Greenock at from 14 1/2 to 16 1/2 per cubic foot, and undersized at 14 1/2 to 16 1/2.

MARRIED HIS OLD FLAME AT LAST.—*Palmyra, Pa., April 15.*—Sylvan Owen courted Catherine Keiser sixty years ago. They quarrelled. Owen married another. So did Miss Keiser. Their partners both died forty years ago. Owen was 40 years old. He died alone was 41. They came together again and were to be married, when they had trouble the second time. The widow married a man named Nash. Owen also re-married. Some time ago he was with a widower a second time, and she soon after became the Widow Nash. On Friday last they were married, after sixty years, he at 80 and she at 81.

Some people are proud of one thing, some of another. "Dan Scott" is evidently proud of his wife, as appears from the following announcement from the *Glasgow Herald*:—
So—At 77 Barnside street, on the 20th ult. the wife of Dan Scott was safely delivered of triplets—two boys and one girl—all doing well—thus making seven of a family in four years and seven months, having given birth twice to twins—August 29, 1879, twice, October 21, 1881, twice, March 29, 1881, triplets. Other papers please copy.

AMEL ACT OF A MOTHER.—*Easton, Pa., April 27.*—On Saturday morning Mrs. Amelia Barnett, wife of David Barnett, of Philadelphia, N. J., locked the doors of her house. She then threw her son, two and a half years, on the bed and cut his throat with a razor. She then seized her five-month-old child and severed it in the same brutal way. She then gave an alarm and as the neighbors rushed in, drew a razor across her own throat and threw herself on the bed beside her children. Willie, the oldest boy, died in 10 minutes. The younger child and mother are both mortally wounded. Mrs. Barnett is now acting in such a violent manner that six men are required to hold her.

From returns supplied by the Department of Agriculture, it appears that the arrivals of passengers in Canada during the month of March were 11,237 against 8,798 in March of last year. The total arrivals for the first three months of the year were 22,845 against 20,946 in the same period last year.

Of the arrivals in Canada during last month 4,119 were passengers going to the United States, against 2,350 in March of last year. For three months of the present year, 13,475 went to the United States, showing that 12,350 persons have settled in the Dominion during the first three months of the present year. The number settling in the corresponding period of last year was 11,690.

The Sicilian police have discovered a remarkable murder club near Palermo, consisting of 30 members, who were pledged to murder for common advantage and profit. The members undertook to execute private vengeance for hire. A branch club was established in Simerara, consisting of 45 members. Within a few months the club alone has killed 30 persons. The members of both clubs have been imprisoned at Palermo and will be tried in May.

No Lady who delights in Flowers, and likes to see them do well and bloom abundantly, should be without *Hunting's Food for Flowers*. Ordinary packages 30c—sufficient for 20 plants for one year.

A Strange People.
Do you know there are strange people in our community? We say strange because they seem to prefer to suffer and pass their days miserably, made so by Rheumatism, Liver Complaint, Indigestion, and General Debility when Davis' Kidney and Bladder Pills will cure them. Sold by Druggists. Price 50 cents per bottle, 6 bottles for \$2.50.

Testimonial from Capt. Joshua Harner.
SACKVILLE, N. B., Feb. 15, 1877.
J. H. ROBINSON, Esq., St. John, N. B.
Dear Sir,—Early in October last I took a severe cold which settled on my lungs. After having a bad cough for about six weeks, I had a severe attack of bleeding from the lungs, while on a passage from Queenstown to Dover, and had daily spells of bleeding for some days until I lost about two gallons of blood, and was so weak as to be scarcely able to stand. I put back to Queenstown, where I received such medical aid as I could get to get home.

KIDNEY-WORT
DOES
WONDERFUL
CURES OF
KIDNEY-DISEASES
AND
LIVER COMPLAINTS.
Because it acts on the LIVER, KIDNEYS AND BLADDER at the same time.
It cures the system of the poisonous humors that develop in Kidney and Urinary Diseases, Biliousness, Constipation, Dropsy, etc., in Rheumatism, Neuritis, Nervous Debility and all Urinary Complaints.
It is a perfect cure for
CONSTIPATION, PILES, RHEUMATISM, GRAVEL, GOUT, and all the effects of a disordered system.
By causing the action of all the organs of the system to be normal, thereby
CLEANSING THE BLOOD
restoring the power of the system to throw off disease.
THOUSANDS OF CASES
of the worst forms of these terrible diseases have been quickly relieved, and in a short time the system is restored to its normal state.
PRICE, 25 CENTS PER BOTTLE, SOLD BY DRUGGISTS.
WILLIAMS, RICHARDSON & CO., BURLINGTON, VT.
And every Druggist for Sale.

WANTED.—A first-class Male Teacher in this District for one year, from first day of May next. Apply to
JOSEPH MCGEE, Sec. to Trustees.
Somerville, C. C., April 22, 1884.—217

Wool Carding!
THE undersigned having fitted up his Carding Mill at WATERVILLE in first-class shape and having put in charges an experienced Carder, is now prepared to give fullest satisfaction to all who may favor him with their patronage. An extra effort will be made to give parties from a distance the best of the same day received.
Tackles for wool, 4 cts per lb., and 2 cts for oiling. No 1 Lamb Oil used.
Wool will be taken and returned to the following places free of charge:—Andover, Victoria, Co., at the Station; Hartland at Glenora; Tracy's, Jacksonville; James Shinn's, Upper Woodstock; C. E. Smith's; Woodstock; B. H. Carding, Cash on delivery, or Wool taken in exchange.

Notice to the public for the liberal patronage of the same, he respectfully solicits a continuance of the same.
B. A. WHITNEY.
Waterville, April 22, 1884.—69-17

Seed Sowers.
MANN'S
Broadcast Seeders!

How to sow Grain and Grass Seed, evenly has been one of the most important questions which the average farmer has had to solve. Comparison may be made with anything like uniformity, and when grain is sown unevenly the spots where it falls thickly ripen earlier than the rest, the consequence is that in harvest time a portion of the grain will be dead ripe while the rest is quite green. The uneven ripen grain shells out while the green is "light," thus causing a double loss. In order to sow Grass Seed the farmer must choose a time when there is no wind, and often just when his field is ready to seed there will be several days of high winds coming him to wait until the favorable time has passed. The result is that he has a very inferior crop of hay the following year.
With MANN'S BROADCAST SEEDER all this difficulty is removed. By means of an index and dial you gauge it to sow any quantity to the acre, and any boy who can drive a horse can now sow as well as a man. The mouths of the grain tubes are so low that the wind takes practically no effect upon grass seed sown in that manner. It is necessary to delay sowing on that account.
During the last few years a large number of the farmers of Canada have purchased them and in every instance they have given the most unbounded satisfaction. We have the complete Seeders mounted on wheels with shafts or poles, and also attachments made to fit the removed.

COSSITT RAKE.
Sold at low prices and on our usual liberal terms.

CHARLES F.
"I was taken sick a year ago with bilious fever."
"My doctor pronounced me cured, but I got sick again, with terrible pain in my back and sides, and I got so bad I could not move!"
From 238 1/2 to 129 I had been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pains left me, my entire system seemed renewed as if by magic, after using several bottles I am not only sound as a sovereign, but I have more life than I did before. I begin, June 6, '81.
R. FITZPATRICK.
How to Get Sick—Exhaust yourself day and night, eat too much without exercise; work too hard without rest; drink all the time; take all the vile nostrums advertised, and then you will want to know how to get well, which is answered in three words—Take Hop Bitters!
